

THE TIMES-VISITOR.

NUMBER 8590.

RALEIGH, N. C. SATURDAY EVENING, JUNE 4 1898

\$3.00 PER YEAR

ORDERED TO TAKE SANTIAGO

Such is Believed to be the Case By Those Close to McKinley.

SAMPSON WILL STRIKE THURSDAY

Marietta Arrived at Key West--Holland Submarine Boat is to be Given a Trial Trip by Naval Officers.

ADMINISTRATION'S NEW PLANS.

By Telegraph to The Times-Visitor. Washington, June 4.—The next move of the administration in prosecuting the war is now known. It undoubtedly contemplates the immediate destruction of fortifications and the Spanish fleet at Santiago and then taking the city by Sampson and Schley. To cooperate forces of insurgents and Yankees. It has been positively known here by those close to the President and Secretary Long that Sampson is going to strike probably on Thursday. McKinley not only expects the fighting to be forced henceforth but is also extremely hopeful that the war will be practically over after the capture of Santiago when we will take care of Cervera. It is believed Spain will shortly sue for peace.

THE LAST CABLE CUT.

By Telegraph to The Times-Visitor. Aboard Despatch Boat off Santiago—Friday—The last strand of the Cuban cable was cut this afternoon.

HOT NEWS, BUT NOT TRUE.

By Telegraph to The Times-Visitor. New York, June 4.—The Mail and Express bulletins Cape Haytien despatches that say Schley destroyed the Armada at Santiago yesterday. The report is unconfirmed.

SUBMARINE BOAT.

By Telegraph to The Times-Visitor. New York, June 4.—It is reported that Naval officers will make a trial trip on the Holland submarine boat next week. The St. Paul is hastily coating this morning.

THE WAR REVENUE BILL.

Morgan and Turner Introduce Amendments That are Defeated. Washington, June 4.—The discussion on the war revenue bill was resumed in the Senate this morning, and there being no amendment up Allison demanded a vote on the measure. Senator Jones obstructed the way alleging that no quorum was present. A count showed an exact quorum. Before the vote could be taken Senator Morgan introduced the amendment of which he gave notice yesterday requiring the Secretary of the Treasury to execute the income tax provisions of the law of 1894. In the Senate this afternoon Morgan's income tax amendment to the war revenue bill was rejected by a vote of thirty eight to thirty five. Senator Turner (Democrat of Indiana), offered an amendment imposing a tax of one fourth of one per cent on transportation companies doing business between any State and a foreign country. It was rejected by a vote of thirty eight to thirty four the ayes and nays tallying the same as in the defeat of the Morgan amendment.

FOURTH OF JULY.

The Times-Visitor yesterday urged the importance of a grand celebration in Raleigh on July 4th and this morning business men showed their interest in the subject by talking freely on the question.

Raleigh has never been far from the front in responding to proper appeals and it is believed that if the matter of a great pyrotechnic display and other appropriate exercises, is taken in hand at once, the city and business men generally will contribute generously toward raising sufficient funds to make the celebration a success.

ROYAL ARCH MASONS.

Raleigh Chapter, No. 10, Royal Arch Masons, will meet on Monday night, June 6th, at 8:30 o'clock, for work in the Royal Arch Degree. Visiting companions are invited to be present.

Miss Gertrude Johnson, who has been teaching at Wilkesboro, N. C., returned home this morning, much to the delight of her people and friends.

THE MARIETTA ARRIVED.

By Telegraph to The Times-Visitor. Key West, June 4.—The Gunboat Marietta arrived this morning. This is the end of her long voyage around the horn. She parted company with the Oregon at Rio. All well and eager for a fight.

RUMOR NOT CONFIRMED.

By Cable to The Times-Visitor. Madrid, June 4.—There is no confirmation of the rumors of impending peace. Despite Giron's statement that Spain would not refuse an honorable settlement it is understood that the only condition that would make peace acceptable at present would be restoration to status quo ante.

MEANS SERIOUS ACTION.

By Cable to The Times-Visitor. Aboard Despatch boat off Santiago De Cuba, Friday via Kingston, Saturday, June 4.—At sunset this morning Sampson signalled the torpedo boat Porter to run alongside the flagship. The Porter dashed back to the newspaper boats and excitedly megaphoned: "Admiral directs you to move ten miles south and take station for the night." This meant serious action in the fleet before morning. The details of the movement will probably come by next despatch boat.

VIZCAYA CAPTURED

Such a Report Reached Here at 5 O'clock.

Key West, June 4.—The commander of a warship here states that the Vizcaya was captured at Santiago this morning. The Spanish fleet attempted to leave the harbor and the Americans fired effectively. The Vizcaya was disabled and was unable to retreat. The Cristobal Colan and other Spaniards were driven back.

EXCURSIONISTS HERE.

Raleigh Welcomed Hundreds of Visitors From Burlington Today. This morning at 10:30 o'clock a special train arrived from Burlington bringing hundreds of visitors to this city. The excursionists numbered about five hundred and the greater part came from Burlington factories, though Graham and Haw River were represented by large delegations. About one hundred of the visitors, immediately upon arrival here took the street cars for Camp Dan Russell and spent the greater part of the day with the soldier boys. Lunch for the excursionists was served at the Fair Grounds but many preferred to take military dinner with the soldiers. The Capital, State Museum, Supreme Court Building, Federal and Oakwood cemeteries and the various factories here chiefly interested the excursionists and all day they visited those places. The excursion will leave Raleigh on the return trip between 6 and 7 o'clock this afternoon.

CENTRAL METHODIST CHURCH.

Preaching in Central Methodist church tomorrow at the usual hours by Pastor Glenn. At four o'clock in the afternoon there will be a missionary meeting in the lecture room. A very interesting program has been arranged consisting of a short address, songs, reading, and recitations. Some of the best talent in our city will take part. Sunday School at nine fifteen. To all the above the public is cordially invited.

GOOD SHEPHERD CHURCH.

Rev. I. McK. Pittenger, D. D., Rector Trinity Sunday, Sunday School 9:30 a. m., morning prayer, sermon and Holy Communion, 11 a. m. Evening Prayer 6:30 p. m. The Rev. John B. C. Smedes, D. D., of Washington, D. C. will preach at the morning service. Seats all free, strangers cordially welcomed.

The State Treasurer reports that the North Carolina Banks are rapidly renewing their license.

RALEIGH ORPHAN BOY WINS HONORS

Lead's Classes in Goldboro Graded Schools

ODD FELLOW'S COLUMN

The Raleigh Boy Was at the Odd Fellow's Orphanage and Won the University Scholarship—An Interesting Column for Members.

Encouraging news comes in from several sources this week. Dr. J. O. Walker, of Randleman, writes that we may expect better returns from his section than ever before.

The Secretary at Gastonia says that we may expect a wonderful change for the better in that section.

We are expecting strong efforts to be put forth by our present Grand Master. He is an energetic pushing man in all his undertakings.

It seems to be a settled conviction here that the constitutional amendment now pending will be adopted, and we think it a necessity that there should be some safe-guard for the Orphan Home.

The encampment met on Thursday evening last and elected as its Representative to the grand encampment W. W. Wilson. The Grand Encampment will meet in this city on the 3rd day of August next.

We had thought strongly of giving up the publication of this column as there seems to be so little visible appreciation of it by the membership; but those outside the Order are insisting upon it being continued. For their benefit we will continue it awhile longer, and see if the members can become more interested.

The trustees of the Orphan Home have ordered an outfit and will commence the publication of a semi-weekly paper at the Home about the first of July next. It will be published exclusively in the interest of the Orphan Home and the Order of Odd Fellows. A name for the paper has not been decided upon as yet.

We have heretofore refrained from mentioning the practical daily benevolence of the Order in this State, believing that many people would suspect that the Order was fond of portraying its works of charity before the public. Such we do not approve, but the reports of the Grand officers and proceedings of the Grand Lodge are read by any and all and are therefore public property to some extent and we shall refer to a few figures contained in the Grand Secretary's report, showing the relief extended in North Carolina from January 1st, 1897 to January 1st, 1898:

The number of brothers relieved	625
Widowed families	22
Brothers buried	40
Brothers' wives buried	5
The number of weeks sickness for which benefits were paid was	2,118
The amount paid for relief of brothers was	\$6,077.79
For burying the dead	1,789.74
Watching, special and other relief	1,158.82
Total relief extended	\$9,026.35

ishment of a little Raleigh orphan Home at a cost of \$2,365.37. If you will look at this statement closely you will find that it exceeds anything of a like character in any State of the Union, according to membership. This is said in no spirit of boasting but in thankfulness.

A RALEIGH ORPHAN BOY. If any one has been skeptical about the work of the Odd Fellows Orphan Home, it seems to us that the accomplishment of a little Raleigh orphan boy ought to remove any further doubt.

Willie Woodward, the son of the late Wm. T. Woodward, who was a member of the Seaton Gales Lodge, No. 64, in Raleigh, was one of the first children to enter the orphan Home, when it was opened in 1892. He had been kindly permitted, with the other orphans, to attend the graded school in the town of Goldboro. In this school there are prizes offered among which is a scholarship at the University as well as other valuable prizes. The school has just closed and the prizes have been awarded. In the ninth grade there were only two scholars that had reached an average for three years of over 90 and therefore only these two could be considered. Willie Woodward's average was 94.27, and was the highest grade attained. He was given the University scholarship and divided the other prizes with the other contestant. In writing to one of the trustees of the Orphan Home, Willie says: "I thank you more than I can express with words * * * and truly do I owe to your influence my future which, if God sends me, I shall strive to make one which shall be acceptable in his sight. * * * I feel just like I am one of the children of the Odd Fellows, who for the past six years have done so much for me, and my heart swells with gratitude when I look around upon this my dear home. Will you please thank all the members of the Lodge for me and let them know that I appreciate their kindness to me beyond all expression."

Here is a bud opening up a life of great possibilities. With the influence and assistance of the Order to further develop these possibilities it may result in an achievement that will be a credit to the world. The building and making of true manhood and womanhood is the highest and grandest work that humanity can be engaged in, and the Orphan Home is peculiarly, if possible, more God-like in this respect than any other institution.

SPANISH EDITOR ON THE SITUATION.

Paper Publish's Matter for Home Consumption.

THE PRESENT CONFLICT

Says That Boston Has Been Bombarded—Declares Bostonians to be Fleeing Into the Interior and New Yorkers Harassing Their Homes.

El Progreso, a newspaper published in Havana, a copy of which has reached this city, in an editorial published on May 23, contains the following summary of the situation as seen through the eyes of the Spanish press:

"A month has gone by since the cowardly Yankees proclaimed war against Spain. They then declared that they would annihilate us, that they would come and take Havana and level our forts to the ground. We now see that it was a cowardly boast, for not one dastardly Yankee has set foot on Cuban soil. They dare not, for brave soldiers will repulse them and drive them back to their own shores. Have they taken Havana? Not one gun has been fired upon our forts and their ships, which pretend to maintain a blockade, fear to come within the range of the noble guns of Morro Castle. It would mean their destruction, Yankees are cowards and can do nothing but boast of what they will do, and then do nothing. Every good and true soldier of Spain is anxiously awaiting the appearance of the Yankees, and we will then show them how well a Spaniard can fight and that we can do more than boast.

"Wherever the ships of the enemy have approached our shores they have been driven back with disastrous loss, and their attempts to destroy our forts have resulted instead of the destruction of their ships. Our brave soldiers have poured shot and shell into the enemy and nobly stood by their guns, and upon every occasion achieved a gallant victory.

"We have heard reports of the enormous army which was to invade our island and conquer our army. What has become of it? They do not dare to come and meet the brave Spaniards, knowing full well that death would be certain to await them. They tried to starve us, but on the contrary they are starving themselves, for bread and meat is higher in New York than it is in Havana. We have plenty to eat, while the Yankees have been compelled to open free soup houses in all the big cities to feed their hungry, and the people die from starvation. No dog even goes without food in this capital, but dogs are better than the dirty Yankees. Beef costs fifty cents in New York and a loaf of bread twenty-five cents. How long can the shopkeeping Yankees, who think of nothing but dollars, stand that?"

"They are already sorry that they have begun war against Spain, but we will give them cause for deeper regret. It will not be long before our victorious army will cross over the their territory and do to them as they would like to have done to us. We will give them some of their own medicine.

"Already our gallant fleet has bombarded the city of Boston and driven the inhabitants of that place into the interior, compelling them to flee for their lives. Next we will move upon New York, and no Yankee ships dare attack us, knowing full well their inability to cope with the formidable Spanish navy.

"Already there is tumult and insurrection among the Yankees because of the failure of their arms, and the people are blaming President McKinley. A military guard of 1,000 soldiers surrounds his palace to prevent an assassin from reaching him. He never goes out an it is expected daily that news will be sent out of his death, so intensely enraged are the people because they see nothing but defeat in their war against Spain. Civil war is threatened among the United States and it may be looked for at any moment. The wealthy Yankees of New York and Philadelphia have barricaded their houses and armed their servants, fearing both the attacks of our forces and the mobs of their own people.

"Such is the condition which exists in America today while our noble army and our government under the brave and good Captain General Blanco has succeeded in pacifying all of Cuba so that peace reigns upon our shores.

"Spaniards! we have nothing to fear from the cowardly Yankees. We are already the victors and gladly would the enemy sue for peace.

"The Philippines, which were at first reported lost to us have been regained, if indeed they were ever out of our power or in danger of being lost. The ships of the Yankee commander have been destroyed, with great loss of life, and the rebel forces have united with all good Spanish citizens in driving the foreigners from those islands, and have reorganized their government under an equitable autonomy such as exists in Cuba today.

"Brave Spaniards! we will not be content with compelling the Yankees to sue for peace; we will invade their territory, capture and destroy their towns and force them into submission. Spanish valor is the same today that it was in the days of old, and we can see in the near future the proud flag of Spain again aloft upon every sea and planted again upon the continent of America, and once more Spain will rule the world as she did in the happy days gone by. Viva Espana! con Honor."—New York Herald.

NO FATALITIES ON MERRIMAC

Not Known Whether Destroyed By Mines or By Her Own Men.

OBJECT WAS TO BLOCK THE CHANNEL

Two Transports Sailed From Mobile Under Sealed Orders--The Last Strand of Cable Cut On Friday.

NO FATALITIES ON MERRIMAC.

By Telegraph to The Times-Visitor. New York, June 4.—The Journal bulletins that the object in sinking the "Merrimac" at Santiago was to block the channel. It is uncertain whether she was sunk by her own crew or by Spaniards. No fatalities.

DYNAMITED THE MERRIMAC.

By Cable to The Times-Visitor. Port-au-Prince, June 4.—Advices from Santiago say the Spaniards dynamited the Merrimac to clear the channel anticipating the arrival of "Tamara."

SPANIARDS COMEND THE ACT.

By Telegraph to The Times-Visitor. Port-au-Prince, June 4.—A great number of insurgents are in the vicinity of Santiago. Probably awaiting some decisive action of the American fleet to be signalled for an attack on the town. The Spaniards pay a tribute to the audacity of the Americans for so cleverly attempting to blockade the channel. According to the Spaniards it will be foolishness on the part of the Americans to attempt to force the harbor entrance which describe a long, narrow, thoroughly mined channel, seemingly forming an insurmountable barrier.

NOTHING OFFICIAL YET.

Washington, June 4.—Nothing official from Santiago. Cape Haytien accounts of defeat of Dominican revolutionists at Monte Cristo are persistently denied.

BHILLIANT "SPANISH" VICTORY?

By Telegraph to The Times-Visitor. New York, June 4.—The Mail and Express bulletins a Madrid cable that alleges that the Merrimac was torpedoed, and that two American iron clads were seriously damaged at Santiago yesterday in a brilliant Spanish victory.

LONG LIVE THE "WE NO" BICYCLE CLUB.

This is what was heard from twenty five of their special friends last night at the midnight hour for how could they say otherwise when a few days ago their friends were the recipients of handsomely gotten up invitations by the "We No" Bicycling club to attend an outing to be at the home of Mr. Moore on Milburne road just two miles from the city. Upon their arrival at the elegant home, they were agreeably surprised to find the Lawn beautifully and artistically lighted. And under the beautiful lights, were tables burdened with all the dainties of the season. After several interesting recitations prepared for the occasion, the happy party returned to their homes and all with one accord said: "Long live the 'We No' Bicycle Club."

ST. MARY'S COMMENCEMENT.

The programme for the commencement exercises of St. Mary's school is as follows: Monday evening, June 6th, 8:30 p. m.—Entertainment by the primary and preparatory classes. Tuesday evening, June 7th, 8:30 p. m.—"An Evening With Tennyson," the senior class. Wednesday evening, June 8th, 8:30 p. m.—Annual concert. Thursday, June 9th, 11 a. m.—Reading of essays and conferring of diplomas. Admission to the above exercises is by invitation. The alumnae meeting will be held Saturday, June 4th, at 5 p. m., at St. Mary's school. A full attendance is desired.

ILLNESS OF MR. FOWLER.

Representative John E. Fowler, of North Carolina was seized with a chill, depressing nausea and intense pain while in his rooms at the National Hotel last evening. His symptoms were so alarming that Dr. Walter C. Murphy remained with him during the night. He was reported as somewhat improved this afternoon, but his condition is yet considered serious.—Washington Star.

TWO TRANSPORTS SAILED.

By Telegraph to The Times-Visitor. Mobile, June 4.—Several transports crowded with troops sailed this morning under sealed orders. When they left the officers had no idea of their destination. Second cavalry, third and twelfth regiments of infantry aboard. All are fully equipped.

INSURGENTS VICTORY.

By Cable to The Times-Visitor. Cape Haytien, June 4.—It is rumored here that the insurgents at Santo Domingo captured the town of Santiago de los Caballeros on the Yaque River hundred and three miles east of here.

SCIENTISTS TO GO TO MANILA.

One of Napoleon's Experiments to be Tried by This Country. Plans for the usual summer expedition of scientists of the National Museum and Smithsonian Institution are being perfected, says a Washington D. C. dispatch to the St. Louis Globe-Democrat. If one of these is carried out it will be a most extensive and, in all likelihood, a most fruitful one, exceeding in results any which has been sent out from either of these two great store-houses. It is no less than to combine a number of scientists of the museum and institution in one company with a man of the highest attainments in scientific lines at the head, and send the party to Manila with the troops, if any shall go in the future.

The idea has been broached and has met with the approval of those competent to judge of such schemes and their outcome. It has been pointed out, it was stated, that, as the islands will most likely remain under the rule of the United States, the collection of objects to be secured there will be of the greatest possible interest to the people in this country.

It was declared also that the matter of sending an expedition of scientists along with the troops of conquest in a new country was no new thing; it was practiced repeatedly by Napoleon, and under him was found to work excellently, as the museums and laboratories of France were filled with thousands of interesting collections.

COOLER SUNDAY.

For Raleigh and vicinity: Fair tonight and Sunday; slightly cooler. Weather Conditions.—Quite an extensive high pressure area now occupies the east Lake region and north Atlantic States, over which section northerly winds prevail, with slightly cooled weather. There is now only a slight depression central over western Texas. Cloudy weather prevails generally in the Mississippi valley and westward, with rain at several points. It is also cloudy on the middle and north Atlantic coast, but elsewhere clear. The temperature is high in the west Lake region, reaching 72 degrees at 8 a. m. as far north as Marquette.

CHRISTIAN CHURCH.

Sunday school 10 a. m. Preaching at 11 a. m. and 8 p. m., by the pastor. Every member requested to be present. The public cordially invited to attend all services.

CHRIST CHURCH.

Rev. M. M. Marshall, D. D., Rector. Trinity Sunday, Sunday School 10 a. m. Divine Service and sermon 11 a. m. Evening Prayer 6:30 p. m. Services during the week Wednesday 6:30 p. m. Friday and Saturday (St. Barnabas) 10 a. m. Free seats. All invited.

WEATHER FOR MAY.

The monthly meteorological summary for May shows the following figures: Mean temperature 70 degrees. Highest, 94; lowest 41. Mean temperature for this month for 12 years 68 degrees. Maximum velocity of wind, direction and date, 31, north, on 15th. Total precipitation 2.46 inches. Average precipitation for May for 12 years 5.41 inches.

Executive Clerk W. H. Fowler, of the Governor's office left today for a two week's visit to Virginia. No other preparation has ever done so many people so much good as Hood's Sarsaparilla, America's Greatest Medicine.
