Philadelphia, Pa., June 5.—Philip W. Ayvrett, of Cumberland, Md., was brought to this city yesterday from Richmond, Va., by Philadelphia detectives to answer to the charge of forgery preferred by Lawyer William C. Mayne, of this city, who claims to have been swindled out of \$1,200.

In February, 1896, Ayvrett borrowed \$2,500 from the Equitable Trust Company, of this city, on eighty shares of stock of the Waterville (N. Y.) National Bank, Mayne becoming security.

Later Ayvrett, it is alleged, borrowed of \$1,700 additional from the plaintiff, giving as security forty shares of the Shenandoah National Bank of Winchester, Virginia.

Subsequently a notice was sent warning all persons to beware of Waterville Bank stock, circulated by Ayvrett, saying it was bogus.

Ayvrett states that so far as he knows the stock is perfectly genuine. He charges member of his wife's family with persecution, especially his brother-in-law, Dr. Dean, of Waterville.

The grand jury has found a true bill of indictment against Ayvrett and he will be held for trial.

## MR. MOSES ELECTED SUPERINTENDENT

With the appointment of Mr. Logan D. Howell as quartermaster sergeant of the Second Regiment N. C. Volunteers in camp at the Fair Grounds, the superintendency of the Raleigh Public Schools became vacant and this afternoon the School Board met in the Mayor's office in annual session and elected his successor.

The men named to succeed Mr. Howell is none other than his predecessor, Prof. Edwin P. Moses, late of the South Carolina State Normal College for Young Women at Rock Hill, Mr. Moses about three weeks ago resigned from the Faculty of the Rock Hill College, with which institution he has been connected since he severed his connection with the Raleigh Schools two years ago.

It has been known for some months that a new superintendent would be elected and there has been little doubt but that Prof. Moses would be tendered the position.

The members of the School Board have been looking about for some time invariably Mr. Moses's name would invariably Mr. Moses's name would come to the front. His record while at the head of the Raleigh Public School system has always been pleasantly remembered. While here Mr. Moses did much for the upbuilding of the school system.

It is understood that the schools are to be entirely reorganized and that many changes are to be made in the methods now used before the fall term begins.

The schools are crowded with children but it is believed the lack of accommodation can be satisfactorily arranged and that next year the school rooms will be furnished so as to accommodate an even larger attendance than has been enrolled during the past session.

The School Board holds property on West Morgan street on which it hoped to erect a suitable school building for children in that section of the city. The lot has been paid for but the board has no funds with which to begin the erection of the proper sort of building.

This should be carefully looked into by the Finance Committee and the Western portion of Raleigh should be given a school building.

Prof. Moses was, while in North Carolina, the State's leading public school educator and his return to Raleigh means much for the city. He is an able and efficient instructor and as a disciplinarian has few superiors.

Raleigh endorses the action of the School Board and awaits the arrival of Prof. Moses and his family who will receive a warm welcome here.

The Ladies' Soldiers' Aid Society requests all ladies who have work on hand to send it in by Wednesday noon. There is a great deal of work ready to put out and volunteers are asked for to make 400 pairs of drawers.

Mr. Percy Whitaker, of the University, returned home today. Mr. Whitaker was a member of the graduating class of 1898 and was a member of the University of North Carolina.

Mr. Sam Buxton, of Northampton county, who has been here several days on business, left today for his home.

## TWO BATTALIONS TO BE NEGROES

L. Harris Brings Message from Washington.  
TO CALL 140,000 MORE

Mr. Harris Says he has it straight that Such a Call will be Issued Before the First of July—North Carolina's Quota

Mr. J. C. L. Harris, who went to Washington, as the representative of Governor Russell, before the war department has returned and he confirms the statements made in this paper during the past week and which were denied in certain newspaper correspondence sent out from Raleigh.

The Times-Visitor started early in the week that the two battalions to come from this State under the second call would be negroes, not withstanding all statements to the contrary. These troops, we stated, and we had as authority a gentleman who is well informed as to the local war situation and the Governor's plans, would be used if possible to complete the negro regiment over which Governor Russell had desired to place James H. Young as Colonel. This has now been definitely settled as was officially stated by Mr. Harris, who says the War Department remains firm and will require that 750 of the newly called men be negroes.

Mr. Harris brings good news to the men who are anxious to raise white companies. He says he has it from the best sources that a third call for volunteers will be issued possibly within ten days or two weeks and especially by July 1st.

In case of a call for 15,000 volunteers North Carolina will get a good deal. Three regiments will be ordered and if they are to be mustered in with minimum company roster at 50 or two regiments if the war department requires less men to the company. Mr. Harris says there is intense public opinion in Washington in every respect more and that excitement runs high.

### NO CO-OPERATION THIS YEAR.

Major Grant, Pittsburgh's Chief of Police, has so stated.

Major H. L. Grant, of Goldsboro, was here today on his return home from Washington. He says, according to Col. F. A. Ochs, that the statement that he had filed an application for a lieutenant's commission in the regular army is inaccurate. He was telegraphed to Washington and was ordered to accept a commission as lieutenant colonel of a regiment of regulars, but declined it because he knew he could not pass the physical examination. His reasons were satisfactory to the President and to Senator Ditchard. Then he was transferred to a position in the paid department.

Major Grant is a well known and popular man in Goldsboro. He has been in the army for many years and has been in the regular army for many years.

### COMMITTED TO JAIL.

Two Men for Selling Liquor at Camp Dan Russell.

This morning U. S. Commissioner John Nichols did some good work for his country. The two men, Dickenson and Deboy, charged with selling liquor at Camp Dan Russell, were arraigned before him and some pretty straight evidence was presented, putting the clinch on the men and causing the Commissioner to bind them over to court on \$200 bond each, in default of which the men were committed to jail. This case was the first for selling liquor at the camps and it would be only proper if examples are made of these men.

### OREGON SINKS A BOAT.

Kingston, Port Antonio, June 6.—Advices that an uncertain Spanish torpedo boat was sunk by the Oregon have been received. It was either the "Furor" or the "Furor." The Oregon fired a thirteen inch shell striking the torpedo boat amidship. The torpedo boat sank and all hands were drowned. Advices from Port De France say the "Furor" is still there disabled, if so, the torpedo boat sunk was probably the "Furor" of Camara's fleet.

### DEATH OF CAPTAIN GRIDLEY.

Washington, June 5.—Captain Charles V. Gridley, commander of the cruiser Olympia and one of the heroes of the brilliant victory at Manila, is dead. The announcement of his death was received by the Navy Department, late this afternoon, in a cablegram from Paymaster Galt, of the navy, date at Kobe, Japan, June 4th, and directed to Secretary Long. The dispatch contained this simple statement: "Captain Gridley died today. Remains accompany me on Coptic."

Captain Vernon Gridley is the first officer of great prominence whose death is a direct result of the existing war with Spain. As the commander of Admiral Dewey's splendid flagship, and one of the admiral's chief advisers, Captain Gridley achieved distinction at the battle of Manila Bay, and added to his previous laurels by winning high praise from his superiors in the service for distinguished gallantry and ability. He fought his ship from the leading tower, while Admiral Dewey directed the movements of his squadron from the bridge of the vessel.

He denied that any warrant had been served on him and then plead former acquittal, showing stenciled papers from a magistrate stating that he was tried this morning.

The magistrate, according to Olive is, and served the warrant, something quite unusual and not considered legitimate. There should be some investigation to see who has been the offender.

## First Troops are Due in Cuba Today

**Secretary Alger has Prepared a List of Spanish Prisoners at Atlanta to Exchange for Hobson and men—Only Long's Approval Needed.**

Washington, June 6.—It is expected that the landing of troops at Santiago will be reported in a day or two. According to the best information it is time for the advance of the detachment that left the Florida coast. The first military forces, consisting mostly of engineers, should arrive at Cuba today. The war department still guards the plans of occupation of Santiago with great secrecy. Nothing can be learned in Washington today regarding the time that the main body of troops will embark. The fact is well established that conditions at Santiago demand the immediate landing of troops. Little time will be lost in embarking twelve thousands men. The administration has already designated the duty. Secretary Alger has prepared a list of Spanish prisoners at Atlanta for exchange through the navy department for Lieutenant Hobson and his men. As soon as approved by Secretary Long the exchange occurs.

## Heraldo Says Spanish Fleet are Off for Manila

**Says the Boats at Santiago are Imitations of the big Battleships—Equipment of Cadiz Fleet is Proceeding Slowly—Loan from France.**

London, June 6.—A Central news despatch from Vienna, says that information received from private sources at Cadiz, says the equipment of Cardos fifth and Patriota Rapido is proceeding in the slowest manner. The ships are far from being ready for sea. News of their departure is incorrect. The Star correspondent at Madrid, says the Herald starts the theory that a part of the Cape Verde fleet has gone to the Philippines and announces that the "Cristobal Colon," a torpedo boat destroyer and three auxiliary cruisers painted and rigged as imitation of a Atamirante Oquendo. "Reina Maria," "Teresa" and "Vizcaya" are at Santiago, the real battleships having reached Madagascar under instructions from Madrid to proceed via Good Hope. The Spanish cabinet has instructed Senor Leon y Castilla, the Spanish ambassador to France, to negotiate for a loan of half a billion peretas and grant as security certain railway concessions.
