THE FLAG OF THE FREE.

There is in Raleigh a little northern woman whose heart is not divided, but throbs with joy at the reuniting of the nation. She says, "Old Glory" and yesterday to the editor of the Times-Visitor said "I almost cry with joy every time I see the flag at the head of your editorial columns. I never expected to see it in a southern paper. I am glad the last war is over."

The folks of Sax-Coburg and Gotha has bought a battleship for \$7,000.

Every American citizen may now be a bond holder by virtue of the popular war loan.

If every man is the father of his own works, what a family of failures some men have to think of.

Ex-Mayor Latrobe, who was Mayor of Baltimore for fourteen years, has attended over 600 banquets.

Yellow journalism will spread itself when Ashley's Monetary Conference meets in Greensboro, July 4th.

Latest rumors from Washington says that Annanias has been appointed a member of the Strategic Board.

That bottling trick has proved a Cervera matter to Spain than the misplacement of the Cape Verde fleet.

There has been no phantom fleet seen off the New England coast for three days. And the Bostonian's nightmare has disappeared.

Lord Alfred Rothschild sent a brace of pheasants to every one of the 3,000 drivers and conductors of the omnibus company in which he is interested as a Christmas present.

It is probable that North Carolina's two white regiments will accompany Gen. Fitzhugh Lee to Havana and assist in the house warming that will be extended to Blanco upon Gen. Lee's return.

The report that Fred Merritt, the Observer's war correspondent had joined the First Regiment was a mistake. He wears the uniform and carries Old Glory as the color bearer of the Annanias Club.

A Spanish paper is credited with the following: "The American flag is always before American citizens. Hobson and his men saw stars when captured and bars when imprisoned."

The Chicago Record warns the government against being seized with the notion that its own soldiers are recontractable and need to be starved to death for exercise.

CURRENT TOPICS.

A country school teacher in New South Wales recently gave a boy a problem for home-work which happened to include the circumstance of "men working ten hours a day" in order to complete a certain work.

The sum of \$5,894 is now being paid out at Helena, Mont., for bounties on wild beasts. This is the largest payment for such a purpose ever made by any State, and it represents the premium on the skins of 16,689 wolves and coyotes killed in 1897.

The British government is the owner of over 25,000 camels. Several thousand are used in India to carry military stores and equipment.

In a letter to his mother in a Missouri town one of the soldier boys at Chickamauga says: "You ask why I did not express my citizen clothes home after I got my new uniform. I sold my citizen clothes. They were not fit to send home. They were more insinuating with life than the Cuban campaign."

One of the Georgia volunteers has received from his father a letter from which he derives great encouragement. The fond parent says: "Do not fail to let me know the moment you are killed, so that I can order you sent home and arrange for an imposing funeral of which the Northern papers will probably want photographs. Two of your uncles died in battle, and both had fine funerals. You deserve fully as much yourself."

The temperance people of London, who are fighting to force the House of Commons to take out a license for its bar or stop the sale of liquor, have had the bar-keeper of the restaurant patronized by that body arrested for "illegally supplying intoxicating beverages to the public."

One of the greatest wonders of Java is a large lake of boiling mud two miles in circumference in the centre of which immense columns of soft, hot mud may be seen continually rising and falling. Besides these columns there are two gigantic bubbles near the edge, which fill up like huge balloons and explode on an average of three times per minute.

Shadow of Herself

Stomach Was Too Weak to Retain Food!

A Complete Cure effected by Hood's Sarsaparilla.

Now Enjoying the Best of Health.

"My mother was subject to indigestion and indigestion for over 20 years. She was unable to stand for any length of time, and was obliged to starve herself as she could not bear the lightest food. She had no appetite whatever and at last she was so weak she could not retain food she did eat. She also had severe pains in her head. She suffered so much that she became but the shadow of herself. One day I happened to read a testimonial about Hood's Sarsaparilla. It sounded so truthful.

I persuaded her to try this medicine. Before finishing the first bottle there was an improvement in her condition. She no longer threw up her food and her headache was not so severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of health. Her digestion is good and she can eat almost anything she wishes. She is 42 years old and says she feels as well as when she was 20. Hood's Sarsaparilla made a complete cure in her case. Mrs. Mary M. ARBE, Boston, Mass.

Hood's Sarsaparilla is the best medicine for all ailments of the blood.

DISCOVERED BY A WOMAN.

Another great discovery has been made, and that, too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept well all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at any drug store. Regular size, 50c, and \$1.00, every bottle guaranteed.
