FOR THE BIG FOURTH

Subscriptions to the Big Celebration

BUSINESS MEN SLACK

Should Recognize the Importance of the Occasion and Make Contributions of Good Sums—There will be a Celebration.

There are yet three weeks before the glorious Fourth and during that time a large amount of money must be subscribed to the Times-Visitor Fourth of July celebration fund.

There is to be no systematic canvass of the city for money to make a success of the event. There is enough patriotism in Raleigh now to call forth sufficient voluntary contributions. The business men will be expected to make contributions, fathers and mothers who will take the children to see the great display of fireworks should send in something to aid in making it a success. Young men who will take their young women friends to Cameron field to hear the music, see the fireworks and have a jolly good time generally, and children who think the night will be a pleasant one for them should give to the fund.

Table listing contributions: Raleigh Electric Company \$5.00, The Times-Visitor \$5.00, etc.

NEW TIER OF RED MEN.

Tonight at a meeting in the court house a new tier of the Improved Order of Red Men will be organized. Mr. H. H. King has been deputized by the Grand Ruler of the United States to institute the new order and will be issued to the regiments quickly. Much dissatisfaction over the fact that the guns are the old Springfield pattern.

RALEIGH HONORED.

State Great Council of Red Men to Meet Here—Officers Chosen. Messrs. W. E. Faison and John Bridges today returned from Elizabeth City, where the first great council of the Improved Order of American Red Men was instituted. The two representatives from Raleigh speak in the highest terms of the hospitality of the people of Elizabeth City.

The Great Council was instituted by the Great Imbecile, R. T. Daniel, who is now a justice of the Supreme Court in Georgia. The meeting was also attended by the great Chief of Records of the United States, Charles C. Conroy, of Philadelphia and J. W. Cherry, of Norfolk, who is past Grand Sachem of the United States.

There was a warm fight for the next great council, the principal rival for the honor being Fayetteville and Raleigh. However, Raleigh came out victorious and the State Great Council will meet here on the second Thursday in next May.

Raleigh was also highly honored in the selection of State officers, both Mr. Faison and Mr. Bridges returning clothed with official power. The following officers were elected: Great Sachem—J. T. Hathaway, Elizabeth City.

Great Senior Sachem—J. R. Davis, Wilmington, N. C.

Great Junior Sachem—J. R. Sanders, Hertford, Col.

Great Prophet—J. T. Anthony, Charlotte.

Great Chief of Records—W. E. Faison, Raleigh.

Great Keeper of Wampum—J. E. Bridges, Raleigh.

Great Sannap—J. W. Richardson, Elizabeth City.

A HANDSOME FLAG.

The Pitt Rifles Beautiful Banner.

PRESENTED BY LADIES.

Is too Handsome for Company's Use and will Probably be Used as the Regimental Flag for Some Days.

"Pitt Rifles, Co. E, Second Regiment, N. C. Volunteers," in letters of gold on a magnificent silk flag will float to the breeze tomorrow at Camp Dan Russell. The ladies of Greenville sent to General A. D. Cowles today such a banner as cannot be carried on the field by any company, and is equally as handsome as any regimental flag at the front.

General Cowles was requested to present the flag but on account of his sickness will be unable to do so, and tomorrow at his request Col. W. H. S. Burgwyn will make the speech of presentation. The flag will be accepted on behalf of the company by Captain Smith.

Accompanying the flag came the following letter to Adjutant General Cowles: Greenville, N. C., June 16, 1938. Adj. General A. D. Cowles, Raleigh, N. C.

In accordance with your recent approval in behalf of the ladies of Greenville and other friends, we forward to you today by express a beautiful silk flag to be presented to Company E, Second Regiment, N. C. V. Pitt Rifles. In token of the love, confidence and best wishes of the ladies of Greenville, we have borne, who have enlisted in the defense of their country's honor.

May the silken folds be to them an ever-remembered reminder of the love and best wishes of the ladies of Greenville, one at home, as if were one continuous prayer for their safety, while nobly discharging the duty and honor of the hour.

Present the flag at such a time, and in such a manner as may seem best to you. The delay in sending it is due to its being the wording made by the manufacturers.

Waiting for you a speedy recovery from your recent accident, and with great respect for you and the ladies of Greenville.

AUTOMATIC ELECTRIC REGISTER.

A Novel and Useful Invention by Mr. George E. Hardy, of Raleigh.

The North Carolina State museum possesses the museum of street signs not only in variety and quality of the displays but also in an ingenious method for recording the number of visitors. The plan and mechanism of this machine is the subject of the work of Mr. George E. Hardy, a member of the firm of Barry Brothers, electrical contractors and supply dealers, of this city. He has been working for several months on this invention and he now has the gratification of seeing the machine in practical and successful daily use.

The double faced recording dial is mounted in the curator's office. It is operated by an electric battery, the concealed wires running from the dial to the meter which are located in the center step of the stairs leading to the museum. The unsuspecting visitor walks up the stairs and when he bears on this step his presence is immediately recorded in the curator's office by a dial which has a double dial, so that any number is recorded, whether the visitor comes up in double or single file. The dials will both record up to become and then begin again. Of course, to ascertain the accurate number of visitors the gross number on the dial must be divided by two, since the machine registers each person on entering and leaving.

The electric automatic register is something entirely new and its use will undoubtedly prove of value in its records, at fairs, theaters, auditoriums and all other places where it is desirable to know the exact attendance. The curators of museums in other States will doubtless follow the example of North Carolina and adopt the automatic electric register and when the use of the machine become generally known, Messrs. Barry Brothers will, we trust, make a good thing of the invention.

STEPHENS-LAWRENCE.

The following wedding invitation has been issued: Mr. and Mrs. J. E. Lawrence request the honor of your presence at the marriage of their daughter, Lucy Katherine Stephens, to Mr. James Robert Stephens, on Wednesday morning, June twenty-ninth, at ten o'clock, in Park street, Raleigh, N. C.

Miss Lawrence is a popular young woman and has a host of friends in Raleigh who will extend congratulations to Mr. Stephens.

JUSTIFIABLE SATISFACTION.

"The Manufacturer's Record" received today says: "The North Carolina newspapers are deriving a great deal of justifiable satisfaction from the recent election of that State, both belonging to Durham. The one is Mr. Washington Jones, who has been elected by the voters of Trinity College, and the other is Col. Julian S. Carr, who personally advanced the pay of the First Regiment, camped at Jacksonville, Fla., during the late war, and matter of fact, as though the vote were a hotel bill. The South has comparatively few millionaires, but they are not behind in public spirit. In the meantime, the flower of the young men of the South are waiting a chance to put an end to the war which is supported by millionaires and poor men all over the country."

Official Statement of Norwood's Resignation

This morning, three days after the newspapers printed the resignation of Judge W. L. Norwood it was officially announced at the governor's office as follows:

"The resignation of Judge W. L. Norwood was received and accepted June 15th. No successor named. This has caused no little comment. The Governor's reasons for withholding the news are not known but it is a fact that the appointment was tendered Col. V. S. Lusk and that he declined on the day following.

It is now thought that the Governor is awaiting further word from Col. Lusk and that if the appointment is declined by him a second time either Eugene Carter, of Asheville, or George B. Smathers, of Waynesville, will be tendered the position.
