THE INCREASING SALES OF Victor Bicycles

SHOW THAT BICYCLE RIDERS RECOGNIZE AND ADMIT THAT THEY RUN EASIER, OUT COAST, WEAR LONGER, ARE BETTER BUILT, SHOW BETTER WORKMANSHIP—AND—COST MORE TO BUILD THAN ANY OTHER WHEEL MADE.

We daily sell Victors to people who have been riding other makes of bicycles. We say to them "If this wheel does not run easier and show better workmanship than any other make of wheel, you can find, bring it back and get your money." We have taken no wheels back thus far, nor do we expect to. We sold a rider a wheel last week under the above condition; yesterday he said, "I rode sixty-eight miles Sunday, and it did not tire me as much as riding twenty on a new wheel that my brother owns of a different make."

1897 Victors are \$35.
No better wheel can be made at any price.
1898 Victors, \$60, \$75, \$100.
