

For Raleigh and vicinity: Occasional light rain tonight and Thursday. Forecast for North Carolina—Rain tonight and Thursday.
Weather Conditions.—The storm in the south has moved from the west coast of Florida to central Alabama. Cloudy, rainy weather continues from Florida to Maine. The largest amounts of precipitation fell over northern Florida (Jacksonville 2.8 inches), Georgia (Augusta 2.7) and South Carolina (Charleston 2.18). The pressure continues high over New England, though a depression seems to have formed between New York and Philadelphia.
Generally clear weather continues in the central valley and west, with northeast winds east of the Mississippi and southerly winds west.

THE REBEL WELL AGAIN.
Philadelphia Record.
The "rebel yell" has been heard again. This time it arose from under the red, white and blue banners of Sheriff's battle line in front of Santiago last Friday, and no cry in all Cuba that day had to true an American sound. Great is the "rebel yell" and may it echo down the ages!

AT THE BIG STORE.

MID-SUMMER CLEARANCE SALE.

All Summer Goods Must Go. COME AND GET YOUR SHARE.

The profit time is past. From now on our object is to reduce stock; price is secondary.

This is harvest time for economical people. One dollar is worth now, nearly as much as two were sixty days ago.

We have a bargain table of Wash Goods all at FIVE CENTS a yard, that has goods on it worth 25 cents a yard. All short pieces, no matter what the price has been, are put on this table, and the price for all is only 5 cents a yard.

Every stock in the home is affected by this big Clearance Reduction.

We do not intend to carry over a single yard or article of summer goods. We expect to enter the fall season with a clean, clear stock. Every item must move, and we have put the prices on them to move them in a hurry.

STRAW MATTINGS.

We have, beyond all doubt, the most remarkable bargains in MATTINGS we ever had. They are all new, fresh goods just arrived, and are all choice patterns. We bought these Mattings from one of the largest matting importers in the country, and on account of a delay in getting them they sold them to us at actual cost laid down in New York. This means a saving of at least 15 per cent over this season's lowest prices. These same Mattings will cost much more next season. It's wisdom to buy your Matting today.

10c., 12c., 14c., 17c., 20c., 25c. the yard.

Victor Bicycles

SHOW THAT BICYCLE RIDERS RECOGNIZE AND ADMIT THAT

THEY RUN EASIER, OUT COAST, WEAR LONGER, ARE BETTER BUILT, SHOW BETTER WORKMANSHIP

—AND—
COST MORE TO BUILD THAN ANY OTHER WHEEL MADE.

We daily sell Victors to people who have been riding other makes of bicycles. We say to them "If this wheel does not run easier and show better workmanship than any other make of wheel, you can find, bring it back and get your money." We have taken no wheels back thus far, nor do we expect to. We sold a rider a wheel last week under the above condition; yesterday he said, "I rode sixty-eight miles Sunday, and it did not tire me as much as riding twenty on a new wheel that my brother owns of a different make."

1897 Victors are \$35.

No better wheel can be made at any price.

1898 Victors, \$60, \$75, \$100.
