NOT A RED CENT.

The attitude of the United States upon topics before the Paris Peace Commission has been clearly defined by the positive refusal of the American government to accept any responsibility for Cuban obligations. While the United States will not pay one red cent of Cuban debt, we do not wish to pose as a conquering nation, but will not only undertake to maintain good order in Cuba from an American standpoint, but will enforce such a condition of affairs. Cuba must, like Porto Rico, be evacuated by Spanish authority, then the United States will speedily determine its future. If by no other means than absolute American authority will give the people peace and prosperity in their pursuits, then that will be the ultimate result.

The great nations of the earth when they speak do so with no uncertain voice. Great Britain has informed the Chinese government that sovereignty appertains solely to the Emperor, who has been forcibly abducted and deposed and that he must be restored to his position, while Kang-Yu-Wei and the other reformers must be pardoned. Falling compliance, Great Britain will enforce the demands.

Tom Watson's paper, the Southern organ of the People's Party, has been attached for debt amounting to \$1,200, due to Mrs. Mackie Sturgis Holcombe, Secretary and Treasurer of "Our Publishing Company." Mrs. Holcombe alleges that \$500 is due her for salary for the past year.

Spain is now working the pauper racket at Havana, in regard to evacuation. One of her commissioners says we are to poor to secure ships to send our troops home.

The United States declines to accept responsibility for any part of the Cuban debt and has so notified the Peace Commissioners at Paris.

Let every business house on Fayetteville street put on holiday attire next week to welcome the thousands of visitors who will be here.

The Episcopal Convention upon the final vote declined make any change in the canon concerning marriage of divorced persons.

The Spanish cruiser Maria Teresa will leave Cuba for the Norfolk navy yard next Sunday.

Next week Raleigh's military camp will be numbered with the things of the past.

Thank fortune, with pleasant weather, we will have moonlight nights next week.

There are special features for every day at the Fair grounds next week.

A THOUSAND TONGUES.

Could not express the rapture of Minnie E. Springer, of 115 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the 'universe.' So will every one who tries King's New Discovery for any trouble of the Throat, Chest, or Lungs." Price 25c. Trial bottles free at drug stores; every bottle guaranteed.

It is pretty well settled in the American mind that Admiral Schley knew what he was talking about when he said there was glory enough in the naval battle at Santiago for all, and the Board of Naval Inquiry can not change that impression.

The War Department will not move troops from the North into Southern camps until frost shall have froze out the yellow fever.

There are various kinds of races in progress constantly. Horse races or bicycle races are of frequent occurrence, but the races for supremacy in the mercantile world are continuous and grow more interesting and more to the advantage of the consumer as time progresses. The Commercial Derby is on at present with its customary favorite, **The International Tailoring Company** of Chicago far in the lead of the field. Their usually handsome line, always the best in the market, was never more complete than the new one, and prices were never lower. Inspect this elegant array of fabrics before purchasing your new Suit, Overcoat or Trousers.
