

THE ALDERMEN

No Change in the Saloon Law

BOUSHALL RESIGNS

Seaboard Agreed to Pay Tax--Walnut Creek Examined--Petitions Presented--Alderman Spence.

The question of extending the hour of closing the saloons from 11 o'clock until 12 came up before the board of aldermen last night. Objection was made to an amendment, providing that a saloon should remain open after the closing hour, and the entire matter was laid on the table.

The following is the amendment offered by Alderman McDonald and which was laid on the table: "Strike out all after the word 'of' in line three to the word 'shall' in line four and insert in lieu thereof, '12 o'clock m. and 5 o'clock a. m.' and by adding after the word 'had' in line 8 'no restaurant run in connection with any saloon or store, where spirituous, vinous or malt liquors are sold, shall be allowed to remain open longer than the hours prescribed above.'"

Mr. Marshall Spence was elected a member of the board of aldermen from the Third ward on motion of Mr. J. D. Boushall. The new alderman was present and took the oath of office before Mayor Powell.

Mr. Jasper McCrary was unanimously elected keeper of the market.

A number of charges were made in the personnel of the aldermanic committee. Mr. Legram was placed on all the committees on which Mr. Powell served except the fire committee. Mr. McDonald was made chairman of the fire committee. Mr. Spence was placed on all committees on which Mr. Potter served, except the market committee.

Mr. Boushall was made chairman of the market committee.

The Interstate Telephone Company offered to give the city the use of three telephones in consideration of a franchise to be given the company for a term of 25 years. Alderman Drewry opposed the granting of a franchise for a consideration under any circumstances.

Alderman Correll stated that the city gave the water works company a franchise in consideration of a number of hydrants allowed the city free of charge and he saw no difference in the two cases.

Alderman Boushall wanted to know if the resolution offered by the Interstate Company providing for the gift of the telephones in return for a franchise from the company did not exempt the company's property from taxation. The city attorney expressed the opinion that the resolution would exempt the property from taxation.

"I thought that was the chicken in the wood pile," Alderman Boushall remarked. "If the Interstate Company agrees to give the city the use of these telephones, it can do so without the passage of this resolution."

Mayor Powell stated that the Bell Telephone Company also expressed its intention of giving the city the use of three phones.

The following resolution was introduced by Alderman McDonald and was adopted:

1. That the following items of personal property of the Raleigh and Gaston Railroad Company be sold: Eighty shares of stock of the Richmond, Fredericksburg and Potomac Railroad Railroad Company of the par value of \$8,000 be assessed for taxation by said city for the years 1898, '99, '95, '96 and '97 respectively at the same rate as other property.

2. That the clerk of the city of Raleigh be directed to copy said property and its valuation from the tax list of Wake county and enter the same upon the tax list of said city for 1898, together with the taxes upon said property for each of said years in pursuance of this resolution.

Ex-Judge MacTae, of counsel for the Seaboard, appeared before the board and stated that his road was ready to comply with the resolution, provided he was prepared to pay the city the amount of the taxes claimed then and there; but that in so doing he wanted it understood that he did not admit the justice and legality of the claim.

Mr. J. D. Boushall tendered his resignation as a member of the board of aldermen and the following letter was read from him to the board:

"Having been elected a member of the General Assembly, which convenes in January next, as a representative of the county of Wake, it becomes necessary for me to tender my resignation as a member of your honorable body, to take effect at once. It is with a deal of regret that I sever my connection with your honorable board, men I have served so pleasantly and with men I have tried to serve faithfully, and hope for a continuance of the same progressive and business like administration that has characterized the city for the last four years."

The resignation of Mr. Boushall was on motion of Alderman Drewry, referred to the committee on resolutions.

Street Commissioner Blake and Sanitary Inspector Sale made a report of an investigation and examination of the sewerage outlet in Walnut Creek. It will be remembered that Mr. Bart Gilling brought suit against the city for \$4,000 as a result of the alleged unwholesome and unsanitary condition of the creek. The committee, in its report, expressed the opinion that the outlet of the sewerage in the creek had not produced unsanitary conditions. The stream was reported to be an outlet and swift one. The matter was referred to the city attorney and street commissioner with the view of settling the suit brought by Mr. Gilling.

JUST WHAT SHE NEEDED. "My appetite was very poor and I was so nervous I could not sleep. I was troubled with dyspepsia and was very weak. After I had taken a few bottles of Hood's Sarsaparilla I could eat anything I wished, could sleep well, and was much stronger." Mrs. John J. Martin, Warrenton, North Carolina.

Hood's Pills cure all liver ills. Easy to take, easy to operate, reliable, sure. 25c.

ABSOLUTELY PURE
Makes the food more delicious and wholesome
ROYAL BAKING POWDER CO., NEW YORK

The school committee of Raleigh township was relieved of the rental of the Centennial school with the understanding that it insure the building, keep it in repair and pay for the pavement of the sidewalks around the grounds.

The finance committee in its report recommended that an increase of \$800 be allowed to the fire department and that a like amount be appropriated to the health department. The recommendations were adopted.

A. G. Massey and George Massey applied for license to sell liquor on East Hargett street. The petition was referred to the police committee. A similar petition from An Upchurch was referred to the police committee.

A petition from the president of A. and M. College to allow the college to connect its contemplated sewerage connection with that of the city at the intersection of Saunders and Tucker street was presented. The petition was referred to the Board of Health with power to act.

The clerk was notified to instruct the president of the board of health to call an early meeting of the board.

A petition from Mr. Nell A. Spence for the construction of a wooden building on S. Salisbury street, within the first district, was referred to the fire committee with power to act.

MR. JULIAN'S BILL.

An editorial from Norfolk Ledger says:

The bill introduced in the North Carolina Legislature yesterday, providing for a constitutional amendment that will enable the money devoted to school purposes to be divided in a different manner from that which now obtains, is one of the results of the deplorable political condition that prevailed in that State during the time that the Populist-Republican party was in control.

The proposition is to devote the taxes paid by the negroes to the support of negro schools, and for the white schools to receive the taxes paid by the whites. At present the school fund is apportioned according to population, regardless of the color of those who pay the taxes. Such a proposition has been advanced in our State, but it has not commanded much strength as yet, and we would consider it very unfortunate for the negro population should it ever prevail, as its effect would be to destroy the schools now conducted for colored children. That such will be the effect in North Carolina, if the suggested change occurs, we have no doubt.

South Carolina, when it changed its constitution so as to limit suffrage, made greater provision for the support of its public schools than under the old constitution, and we think that such action was preferable to the plan that has been suggested in North Carolina.

ROBBERED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite--gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents a bottle at any drug store.

NATHAN HALE BARNES.

Lieutenant Nathan Hale Barnes, United States Navy, retired, died at his home in Hartford last Sunday. He had been in bad health for some time on account of an injury suffered in a typhoon in the Indian Ocean, while holding the position of navigator of the S. S. Junjata. For two years he resided at Raleigh, being instructor in military science and tactics and Prof. of Physics and Electrical Engineering.

THAT THROBBING HEADACHE. Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood, soothe strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all druggists.
