N. C. SENATOR'S VOTE

The Democratic caucus set a good example to all successors when it resolved to elect no member of the legislature to any position to be filled by the General Assembly.

Can no one in Raleigh be found to organize a night school? Since our recent editorial on the subject scores of persons have expressed their interest in the matter but no step has yet been taken. Let such a school be organized without delay.

The Raleigh Electric Company promises that if the people are patient they shall soon have lights that will not go out at night, and street cars that will run. Well, let us hope so. We abide our time and see if these promises are fulfilled.

In our humble opinion there are three matters which should claim the attention of this General Assembly, outside of the various political questions: (1) A reformatory should be established; (2) A textile school should be provided for; (3) The home-land law, which ruins the poor man's credit, should be abolished.

It is proposed that grape vines be planted in an extra session of Congress. Several members of the Appropriations Committee, as well as the Hon. and Senate, are sick and ill. Mr. Hill, Chairman of the Committee on Military Affairs in the House, who has charge of the proposed new army bill.

The year line cannot be so securely drawn in the Southern States. A Member of House has introduced the proposition of a line has no right to be drawn across it. The House has not yet taken any action on it. The House has not yet taken any action on it. The House has not yet taken any action on it.

**One Large Scar
Is All That Remains of Great
Scrofula Sores**

Neighbors Could Not Bear to Look Upon Her—A Grand, Complete Cure by Hood's Sarsaparilla After Others Failed.

"I was taken with neuralgia in my head and eyes. Not long after this, a scrofula sore appeared on my left cheek, extending from my upper lip to my eye. Other sores came on my neck and on my right arm and one of my limbs. They were very troublesome and painful and soon became great running sores. My face looked so bad that some of my neighbors could not bear to look at me and advised me to wear a bandage, but I feared this would irritate the sore and make it worse. At last, after many failures, I was cured by Hood's Sarsaparilla. I had been cured by Hood's Sarsaparilla, urged me to try it. Finally I was persuaded to do so, and in a short time I saw it was helping me. The sores began to heal and the neuralgia in my head was better. In a few months the sores on my arms and limbs all healed; those on my neck gradually disappeared and now they are all gone. I have never had any symptom of scrofula since. One large scar on my right arm is all the sign that remains of my terrible affliction. The neuralgia is also cured." Mrs. J. M. HATCH, Etna, New Hampshire.

Hood's Sarsaparilla
The best in the world for all Scrofula Sores.
