ROYAL BAKING POWDER CO., NEW YORK

THE DISMISSED CADETS.

Their Cases Under Consideration by Board of Visitors of the Military Institute.

Special to Baltimore Sun.

Lexington, Va., Jan. 24.—At 8 o'clock the cadet battery, in charge of Acting Commandant B. B. Morgan, fired a salute in honor of the board of visitors of the Virginia Military Institute. All the members of the board were present except Colonel Barley, Judge Rhea and E. W. Saunders. After the organization of the board Mr. Alexander Hamilton was elected president to fill the vacancy caused by the resignation of Judge S. H. Letcher from the board when appointed circuit judge. Gen. Scott Shipp, the superintendent, presented his semi-annual report in regard to the condition of the institute, which showed the school to be in a very flourishing condition. Capt. Branch B. Morgan, acting commandant, was promoted to the rank of Major.

Application for reinstatement from several cadets, who were dismissed for hazing, was refused. R. B. Lemoine, of Virginia, dismissed for being a party to hazing, was reinstated.

An application from the first class, dismissed for breach of discipline, which made application as a class for reinstatement, was returned without consideration. The presidents of the second, third and fourth classes, who had voluntarily presented pledges "not to create any disturbance on future New Year's eve if the dismissed class were reinstated" were sent for and their pledges returned without comment. The board then adjourned to witness a special dress parade by the cadet battalion.

The session was resumed tonight at 8 o'clock, when the individual applications for members of the first class were presented before them and, owing to the large number and the time each discussion which will necessarily follow, the decision of the board will not be reached until a very late hour. One of the members of the board was heard to say: "We might as well pass a resolution commending General Shipp's action and end the matter." Whether this speech augured good or bad for the dismissed class it remains to be seen, but at present it looks very gloomy. It was stated that possibly the reason for requiring the individual application may mean the refusal to reinstate some of the members of the dismissed class. Twenty-five of them are now here awaiting the verdict.

JUST WHAT SHE NEEDED.

"My appetite was very poor and I was so nervous I could not sleep. I was troubled with dyspepsia and very weak. After I had taken a few bottles of Hood's Sarsaparilla I could eat anything I wished, could sleep well, and was much stronger." Mrs. John J. Martin, Warrenton, North Carolina.

AN OVATION TO LEE

Cubans Give Him A Rousing Welcome On A Trip Through Havana Province.

RECEPTION AT GUINES

Spaniards And Natives Promise Their Co-Operation—The General Tells The People That The American Purpose Is To Maintain Order.

Havana, Jan. 26.—General Brooke denies rumors to the effect that Cubans are so greatly dissatisfied that an outbreak is imminent. He says the rank and file of Cubans are pleased with American occupation, the only dissatisfaction being the result of failure to announce a national policy regarding the island.

An outbreak is the last thing to be feared just now. Those who think to the contrary might reverse their opinion had they seen the reception given Gen. Fitzhugh Lee and the American soldiers yesterday on the way from Camp Columbia to Guines. The latter is next to Havana, the largest city in the province, and in going there General Lee was accepting an often-repeated invitation.

General Lee rode between a battalion of the Fourth Illinois and one of the Second Louisiana. All along the route Cubans were out in force making the occasion one of demonstrative welcome. At Guines the Cuban troops were drawn up in double line and as General Lee arrived they closed about him, giving him an escort into the town, which was decorated with American and Cuban flags.

A public reception was held in the council chamber, of which General Lee took advantage to explain that the American soldiers came as friends; that there was no disposition on the part of the United States to interfere with the Cubans; that the American purpose was to carry out the pledge of maintaining order until the people are ready to declare their own wishes for the future. Regarding local affairs General Lee told the Cubans that they should agree upon the selection of officials when he would meet their wishes.

At this reception the Spanish residents of Guines presented a paper complimenting the Cubans upon their behavior since January, and promising cooperation in the future.

The two battalions accompanying General Lee will be kept moving about the province for practice and for the benefit of their health. An entire brigade will be permanently encamped near Guines.

Through the blunder of some official 36,000 pounds of refrigerated beef was dumped last night from the transport Michigan upon lighters, although arrangements had been made to unload it directly into refrigerated cars. A heavy rain was falling and the result was a large loss, the meat being unfit for food. The contractors entered a protest when the first attempt to unload upon the lighters was made, and the loss will fall upon the government. The trouble was called to the attention of General Brooke and a court martial may be ordered.

Mother (coming swiftly)—Why, Willie! Striking your little sister?

Willie (doggedly)—Aunt Frosiface made me!

Aunt Frosiface—Why, Willie, I said if you did strike her I would never kiss you again.

Willie (still doggedly)—Well, I could not let a chance like that slip.—Spare Moments.

PRACTICAL JOKE! KILLED.

Middlesboro, Ind., Jan. 26.—Anderson Wood, a Republican politician, is dead at Knuckles, this county, the victim of a practical joke. Monday night, while Albert Shumate was on his way home from a dance, Wood and three companions, who thought to frighten Shumate, jumped out of the bushes and demanded his money. Shumate fired upon the supposed robbers, instantly killing Wood. When told of his mistake, Shumate left home and has not been heard of since.
