Though not germane, the general principle of local option was brought under discussion.

Senator Bryan did not believe in local option. He said that prohibition did not prohibit, and only led to evasion of the law and the curtailing of man's cights. High license—say \$500 or \$1,000. even \$5,000—was the best policy.
Senator McIntyre did not agree with this view. He said that 19 years ago in Lumberton women and children were not safe from drunken men and that general lawulessness prevailed. PLATT ON THE TREATY.

He Says the Situation in the Philippines Argues for Ratification. By Telegraph to the Times-Visitor.

WASHINGTON, Jan. 28.-Senator Platt addressed the Senate today for a ratification of the peace treaty. The present critical situation in the Philippines, he says, is an argument for, not against, ratification, since the treaty means only for a greater liberty for the Filipinos. He says that Senators have always been found to argue constitutional objections to new policies, but it was the main purpose of the makers of the Constitution to devise a plan for government, not to ordain policles. Senator Platt was listened to with respectful attention by all.

The Senate postponed the steamship subsidy bills and took up the pension

appropriation bill. Senator Mason made a request for a vote on his resolution, declaring the policy of the government not govern the people of any other nation on Friday next. Senator Hoar of Massachusetts made a similar request on his resolution declaring the Filipinos ought to be free and independent was headed off by objections.

The Laying of the Corner Stone of the City Officials Act as Pall Bearers of the Remains of the Young Man Who Suicided Here

Thursday.

Mrs. Ripley, of Buffalo, N. Y., arrived in the city at 2.16 this morning to carry the remains of her only child Marcus Farwell Ripley, who smirited in the room of Hou. Joslah Turn and the Bransen House early last Taursday morning, back to her morthern home for interment. Mrs. Ripley was met at the station by Officer Mullen and escorted to the Yarbo o. This morning Mayor Powell, Chief of Polic Norwood, Tax Collector Lumsden and other city officials called on her and afterwards acted as path-bearers and secreed the remains to the station

Mrs. Ripley appears to be a highly ultured woman, apparently Just passed the prime of life. She visited the establishment of Mr. John Brown this morning and saw the remains of her son. Of course, she was deeply affected, but her self-control was touly marvelous. She said that she never before saw her son have beard, and this was why he was judged to be older than te was. His age was twenty-three.

Mrs. Ripley's husband is a retired Methodist minister in Buffalo, having formerly been editor of the New York thristian Advocate, and at one time president of the New York State Board of Charities. Mrs. Ripley says her son has always been extremely nervous, and his nerves were shattered by an accident which befell him when he was nine years old. Last year he attended Horner School, and won the orator's medal. List summer he entered Wake Forest Law School, Professor Sikes, who came down yest rday and stayed with the remains until Mrs. Ripley arived, says that young Ripley was very bright, a fine debates, and the best-posted student in college. Professor Sikes recalled an Incident in the class in political economy when the Dred Scott decision came up incidentally and Professor Sikes made some comment upon it. Ripley disagreed with him and astonished the class by quoting verbatim at length from the decision. Ripley's companions say that he never drank whiskey unless the effect of cocaine was dying out and he could not secure more. He sprinkled ocaine on tobacco and rolled it into cigarettes. Professor Sikes says that Ripley was the soul of honor, except about this terrible habit, and when under the influence of cocaine he was thoroughly unreliable. He had received \$25 from his mother Monday but this was left in his room at Wak-Forest and in his haste to secure co. caine he berrowed a doilar from a student at the depot Weinesday, jumped
