## TOMMOW BREAKS RECORD

### Thermometer Will be Zero in the Morning

### THE SNOW STORM

The Greatest Snow Since 1857.—The Storm is Now Off Matters and a Regular Blizzard Will Prevail Over the Coast—Freezing to Florida.

This is by far the severest snow storm which has visited Raleigh since 1857. All the old-timers agree on this point.

At nine o'clock this morning the snow fall was 16 inches and it will certainly reach 18 by evening. The snow storm will end this evening, however.

The temperature will fall and in the morning the thermometer will stand at zero in Raleigh. It is expected that it will reach below zero in the morning. The ice will be a foot or more thick. The following is a list of snowfall in other cities:

New York 32 inches  
Washington 12 inches  
Philadelphia 24 inches  
Boston 28 inches  
Chicago 18 inches  
St. Louis 14 inches  
Cleveland 12 inches  
Pittsburgh 10 inches  
Cincinnati 12 inches  
St. Paul 10 inches  
Milwaukee 10 inches  
Chicago 18 inches  
St. Louis 14 inches  
Cleveland 12 inches  
Pittsburgh 10 inches

## ANTI-TRUST LAW

### Education Institutions to Hold Present Investments in Trusts

### NORWOOD TRAIL

#### House Committee Presented Articles of Impeachment Before the Senate and Passed Special Order for Tomorrow.

The House committee on education today presented articles of impeachment against Judge Norwood. The committee also passed a special order for tomorrow. The articles of impeachment charge that Judge Norwood, in connection with the purchase of land for the Norwood trail, violated the anti-trust laws. The committee also passed a special order for tomorrow, which provides for the presentation of the articles of impeachment to the Senate.

## FIRE THIS MORNING

### The Residence of Mr. J. E. Johnson on Lenoir St. Destroyed Today

This morning shortly before nine o'clock the residence occupied by Mr. J. E. Johnson on Lenoir street, between the intersection of Fayetteville and Salisbury was destroyed by fire. On account of the weather the general alarm is thought to have been sounded in vain.

The fire broke out from a fire in the kitchen and spread rapidly to the other parts of the building. It was completely destroyed and all the furniture and other goods were ruined.

The loss is estimated at \$25,000. The residence was owned by Mr. J. E. Johnson, a prominent citizen of Raleigh.

The fire was caused by a gas stove in the kitchen. The fire department arrived within a few minutes and worked for several hours to contain the fire.

The cause of the fire is under investigation. It is believed that the fire was caused by a gas leak from the stove.

The insurance company is expected to pay the loss. The fire was a great misfortune for Mr. Johnson, who had lived in the residence for many years.

**MR. MANNING DEAD.**  
The Professor law at the University Passed Away.

A telegram this morning from Dr. Manning announced the death of Dr. J. M. Manning, which occurred at the University last night. Dr. Manning was in his sixty-ninth year. He had been a member of Congress and one of the most distinguished men in the State. He has been professor of law since the establishment of the law school at the University. He was one of the foremost men in the Episcopal church in North Carolina. He had been sick about two weeks.

**SMALL-POX.**  
No New Cases—The Negro Scott Doing Fairly Well—The Quarantine.

No new cases of small-pox have appeared in this city. The residence of the negro Scott is still closely guarded. Dr. Renn visited him yesterday afternoon and says that he is doing fairly well. His face is considerably swollen and his case is rapidly developing. A little house has been placed in the street in which the guard stays, and another room is being built in the street today in which Dr. Renn can change his clothing before entering the house.

Dr. Renn, beginning with today, will stay closely in his office room on Main street, near McDowell, and only leave the office to visit his patient and return.
