REBELS AGAIN ATTACK

They Make a Desperate Attempt to Capture the Manila Water Works.

By Cable to the Times-Visitor.

MANILA, March 6.—At ten this morning another fiercely waged battle took place between the Americans and Filipinos when the rebels attempted to capture the water works, six miles from the city. They were driven back with great loss. They made the night attack at night, but the fighting was renewed this morning. Under cover of darkness the insurgents approached within a short distance of the outposts of the Second Oregon and First Nebraska regiments and suddenly opened fire along the line of outposts for a considerable length. The outposts returned the fire immediately and the contest was maintained at a furious pitch for a long time. The fire of the Filipinos was severe. Two Americans were

wounded and seventeen rebels were killed even on the fighting line. Many wounded insurgents retreated slowly keeping up a fire until they were out of range. Another attempt to capture the water works may be made.

MANILA, March 6.—Commissioners Schuman and Worcester have established headquarters at Malate, but will do nothing officially until the arrival of Col. Denby. The remaining Spanish prisoners embarked for home on the transport Buñis Ayres.

At San Juan the Colorado Infantry a battalion of Nebraska regiment, two guns of the Utah were engaged. Hale's brigade today defeated 250 insurgents and two guns near San Pedro. The gun was placed so it could enfilade Wheaton's brigade.

SLOT MACHINE WORKERS

John and Wiley Williams Sent to Jail for Robbing Denton & Dixon's Bar.

John and Wiley Williams were arraigned before Mayor Powell this morning on the charge of breaking into the bar room of Nixon and Denton on South Blount Street, on the night of February 28. Mr. J. M. Dixon was examined and testified that the place was entered and two slot machines were broken open, a gold watch, a pistol, some whiskey, he thought, were stolen. He identified the watch. Mr. Bud Pool and Mr. Eaken also identified the watch. Officers Comtal and Muller testified to finding the watch in a trunk in Wiley's house. D. P. Lane spoke for the defendants.

The defense claimed that the trunk belonged to one of the two boys who had escaped and hence the absconders were the guilty parties.

The Mayor then pertinently remarked that if these had escaped and the other two been caught then these would have been the guilty ones.

John and Wiley were held in default of a \$200 bond each.

CHICKEN FLESH TO HEAL WOUNDS.

Tender Care for a Man Who Fell in Jail Fire While Intoxicated.

Babylon, L. L., March 3.—Chicken flesh is being used successfully by Dr. Leggett in patching up James O'Rourke, who was severely burned some time ago by falling in a grate in the village lockup, where he was confined for intoxication.

Policeman Schneider, sole custodian of the place here, found O'Rourke struggling with the old and an oversupply of Jamaica rum. There was a bright open fire in the corridor of the jail, and when Schneider put this prisoner in a cell he left the door unlocked, so that if O'Rourke got cold during the night he could go to the fire and warm himself. An assistant visited the lock-up later and found O'Rourke lying close to the fire severely burned.

O'Rourke was removed to the Washington hotel, and Dr. Leggett hopes to have him around again if the supply of chicken is kept up. A fresh chicken is killed every day, and a small piece of it is applied to the wounds.

O'Rourke is a specimen of a 40-year-old fellow, being all of four feet in height, and he is out of his mind in his head. He is being patching up by the attending physician.

ROLLING'S DAUGHTER DEAD.

By Telegram to the Times-Visitor. NEW YORK, March 6.—Rolling's daughter, Emily, died at the age of 18 years.

THE FLOOD.

By Telegram to the Times-Visitor. CHICAGO, March 6.—The Chicago river is overflowing and a large number of houses are being washed away. The water is rising rapidly and is expected to reach its highest point in a few days.

STORMY TIMES IN SPAIN.

By Cable to the Times-Visitor. MADRID, March 6.—A number of republican soldiers demonstrated at Valencia this evening. "Long live the army. We are hungry." The police dispersed the procession. The conservative and business world will receive the gabbling with. Democrat and Republican announce it. Weyler's violently oppose it and enemy times are predicted.

MACHINERY ACT

Several Important Amendments Adopted

ADJOURN WEDNESDAY TO JULY 5th, 1900

Textile School Bill Tabled Then Referred—Public Printing—Provision refer Judicial Vacancies—Elections.

SENATE.

The Senate met at 10 o'clock, and prayer by the Rev. T. H. Bain. The Vance Textile School bill came up with an unfavorable report from the Senate committee on education. On motion of Senator Justice it was tabled.

Bill passed to incorporate the town of Wakefield Wake county.

Senator Glenn said: "Mr. President, I rise to a question of personal privilege. I am reported in a paper that I hold in my hand (Webster's Weekly) as being opposed to the anti-trust bill, and as having had certain amendments adopted by the committee. This is incorrect. Mr. Stevens, the author of the bill, was before our committee, and certain amendments were suggested by the opponents of the bill and all exceptions are accepted by Mr. Stevens. The bill was then reported as amended. Next day Mr. Stevens called attention to the fact that one of the amendments was to be read and would destroy the bill and it was again referred to the committee. No quorum was present and the committee directed me to report the bill without prejudice. This I did. I favor a strong anti-trust bill and will vote for one. It is in accord with the platform of our party. I therefore suggest a strong substitute be offered in place of the present bill, which is so amended that it is an anti-trust bill, not in reality. I will vote for the present bill, but prefer a better and stronger one."

Senator Glenn offered the following resolution: "Resolved, That we deem a proper construction of section 28, article 2 of the constitution to be that the session of 60 days means 60 working days, and does not include Sundays, and that all warrants on the Auditor be issued in accordance with this construction. Resolved, further, that no pay is intended by this resolution to be allowed for Sunday." After considerable discussion the bill was tabled.

Bill passed to authorize the issue of bonds to pay the penitentiary debt. This bill authorizes the issuance of \$110,000, 4 per cent bonds, payable 10 years after the 1st of January 1899.

Upon motion, the Senate went into a committee of the whole to consider the revenue act, but rose to go into the formal election of State officers. This was done because it was feared that in the previous election of these officers the formal requirements of the law had not been complied with. By roll call vote Frank McNeill was elected chairman of the railroad commission, and S. L. Rogers commissioner, S. L. Patterson commissioner of agriculture. The election of the directors of the agricultural department was confirmed by a roll call vote.

way commission to value and assess the same for taxation for the years in which it shall have escaped taxation, not exceeding 5 years prior to the current year at the time, when they value and assess other railway property for taxation, and to certify the same in like manner as they are required to value, assess and certify other railway property to the proper officers, noting therein the several years for which the said property is so assessed and also noting that it is subject to an additional tax of 25 per cent for each of said years, which additional tax must be computed and collected by the proper officers."

A number of local measures passed. A bill to give the labor bureau the power to inspect the public printing bills, instead of two practical printers and to give the public printing committee the power to make new contracts in case of default, thus obviating an extra session of the legislature to attend to any such matters, passed.

For the relief of blind ex-Confederate soldiers putting them in the class at \$100 a year pension.

Glenn said that he wanted the machinery act passed last Wednesday, brought back from the Senate, saying section 27 practically repealed the Supreme Court decisions by giving title to certain lands sold for taxes in Eastern North Carolina which had been sold for taxes and bought by syndicates of speculators, who had thus secured 40,000 or 50,000 acres in one section.

Holman agreed and the act was recommended to the proper changes could be made.

Resolution by Winston, of Hertle to take a recess noon Wednesday, until July 5, 1900, came up.

Allen of Wayne, moved the reference of the resolution to committee. His motion prevailed.

Barlow offered an amendment to strike out all of section 57 of the machinery act the following: "Where a county purchased land at a tax sale under section 59, chapter 119, acts of 1885, the right to foreclose the certificate by proceeding similar to the foreclosure of a mortgage is merely additional to the remedy given otherwise in the act and the fee simple interest therein is acquired by the assignee of the certificate unless the county exercises its pleasure to foreclose. The assignee of a tax certificate of sale issued to a county requires the same interest therein as if it had been purchased at the sale by himself."

Holman said that it had been discussed and that the insertion of this part of the act was due to unknown influence and improper, and that it should be stricken out.

Barlow's motion then prevailed.

Glenn moved to strike out section 58, the text of which is as follows: "The certificate of purchase shall be assignable by endorsement and an assignment thereof shall vest in the assignee or his legal representative all the right and title of the original purchaser, and the statement in the sheriff's deed of the fact of the assignment shall be presumptive evidence of such assignment."

Holman said that section 58 was in force in 1887 at the instance of a syndicate of speculators who were buying lands sold for taxes and then, now the same syndicate had procured a repeal of the act of 1887 of the part of section 58.

Glenn's motion prevailed and section 58 was stricken out.

Bill to provide that the bill allowing the use of Dutch nets in Neuse river shall not be effective until 1901, was discussed. The vote was a tie, but the Speaker did not break this. Instead he took another vote. This time the vote was yeas 47, nays 29.

Curraway said Dutch nets were a monopoly, and against the poor people. Allen of Wayne, said Curraway was correct. The bill then passed, 2nd reading, 29 to 19.

At 2 o'clock the House after over 90 bills had been raffled, took a recess until 3:20.

DESPERATE THIEF

Negro Who Robbed the Assyrian and Stole Mr. Royall's Bicycle Arrested.

Water Williams, a desperate negro, was arraigned before Mayor Powell on the charge of assault with a deadly weapon and robbing Elias Barlett, an Assyrian. Barlett gave his evidence through an interpreter. He testified that Williams came to his house that night, knocked at the door, came in, and told Barlett he would sell him a pistol. Barlett offered him 75 cents for it. Williams agreed and Barlett got \$25 out of his trunk. He handed the negro 75 and asked him to hand over the pistol. The negro said, "Wait, let me show how to load." He then pointed the pistol at Barlett's throat and told him to look out. Barlett seized the negro's hand and pushed it aside and the ball grazed Barlett's wrist. A scuffle ensued, Officer McRary entered, and not knowing what was afoot he held Barlett and the negro escaped. The pistol and the \$25 was dropped in the fight.

Barlett's wife also testified to the same thing. Officer McRary said he was passing and heard a pistol fire and seeing the two men fighting. He seized both the negro broke loose and ran and Mr. McRary held Barlett, not knowing what the trouble was.

Williams, the defendant acknowledged that he had the 75 cents, but denied that there was any shooting done. He was sent to jail in default of a \$200 bond.
