RECEIVED NO PAY.

Congressmen Who Could Not Draw

Their Salaries. Washington, March 9,-Notwithstanding the action of the House in refusing to consider the report of the Committee on Judiciary in the case of Representatives Wheeler, .obbins, Colinists they were not members of the Fifty-fifth Congress and wil not sign the warrants for their pay. The Speaker has steadily mantained they were not entitled to their seats, and on this account declined to recognize General Wheeler when the latter attempted to speak last Saturday. General Wheeler drew no pay from the Sergeant-at-Arms of the House from the time he entered the army. preferred his army pay as a Major Gen-

On the other hand, Colonel Colson, Colonel Campbell, and Captain Robbins preferred their pay as members of Congress. Unfortunately for them, ever, they could not get it, Speaker declined to sign their warrants. During\a recess the warrants are signed by the Clerk of the House, and the three named during the time reeived their pay without trouble. The Speaker, who signs the warrants when Congress is in session, declined to sign those for their December pay, and they have not been paid anything for the late session. The terms of all three have expired, as they were not re-lected, so they stand a poor chance of ever getting their pay for December, Jan-

uary and February.

General Wheeler is not worried, as his pay as Major General is more than that as members of the House. He does notalsh to draw his pay as a member while in the army, and as he bably remain in service until 1901, at least, he will fare very well without it.

MARRIAGE AT PILOT MILLS.

Cupid is not dead, frozen, or wafted to other climes by the snows, sudden changes, and cuilling blasts of 1899, but at the post of duty at Pilot Mills. Wednesday night, March Ist, Mr. Joe Stell and Miss Lissie Bagwell, two of the most popular young people in the Pilot Mills section, were united in the holy bonds of matrimony at the Pilot Baptist

Last night, March 8th, another couple, Mr. J. R. Watkins and Miss Ophelia Holt, equally as popular, with many of the charms and graces of young manhood and womanhood, took the solemi vows at the hymenial altar at Pilot Baptist church and became husband and sapist church and became ausband and wife. The pastor, Rev. A, L. Betts, of-ficiated on both occasions. We extend our congratulations to the happy couples and wish for them many happy returns of this anniversary.

FOUND DEAD

His Post of Duty

A gentleman who came up on Southern to-day tells of the most dis-tressing death of Conductor Dickenson on the train between Penner's Point and Selma. He was attending to his duties as usual on the train. While it was known that he was in poor health, you it was not thought that he was ill.

A brakeman entered the coach and found the conductor dead upon the floor. His death must have been very sud-

Mr. Dickenson was an estimable man and was very popular with the railroad men. He was a native of Virginia and his home was still in that State.

GODFREY'S BAND COMING.

It Played in Washington to President and Mrs. McKinley Monday Night. Lieutenant Dan Godfrey's British Guards band of forty men gave a con-cert at the White House, Washington, as a compliment to President and Mrs. McKinley and the Cabinet. Dispatches from Washington state that the President's family and guests were enthu-siatstic over the music and Lieutenant Godfrey was personally thanked by the President for the compliment.

On Friday, March 17th, this band will give one concert at the Academy of Music, Raleigh, and will proceed on its tour around the world. Many national airs are included in the programme, but it is safe to say that Dixie will be warmly received throughout the tour, as any other number. Even in Great Britain is has been noticed that Dixie never fails to receive great applause. The members of the band appear in the uniform of the British army and make a pictures que appearance. Reserve seats will be on sale Saturday, March 11th, at King's drug store. Leserve seats in the gallery will be on sale Monday, March 13th, at the Academy of Music ticket office.

WAGON BROKE.

An Accident to the Hook and Ladder Last night the hook and ladder wagon Last night the hook and ladder wagon met with an accident going to the fire. The streets were very bad and the wagon being heavy it was hard on the horses. The springs to the wagon broke and the two hind wheels gave way. The wagon will be repaired as soon as possi-ble. It was no fault of the driver, the terrible streets in that section of the clay are alone responsible.

DR. TRACY'S LECTURE.

Dr. Tracy at Metropolitan Hall again to-night. The powerful lecture, "The River of Death, or the Mississippi of Intemperance," delivered by him most interestingly portray ed by the flash-light pictures accom-paniament, afforded the audience one of the most instructive and pleasing entertainments they have witness this season. Dr. Tracy, who is wrapped up in this, his life work, with the one great central purpose of doing good, makes no charge for his services individually, but he does ask those who are able to assist in the small way. A collection of not less than a dime is taken at the door. usual, the evening's entertainment will include humorous and sublime flash-light pictures from the cineograph, either preceding or succeeding the illus-trations accompanying the lecture proper.

ANARCHISTS DID IT.

By Cable to the Times-Visitor. London, March 9.—Anarchists claim that the credit for the explosion at Tou-lon belongs to them. The French press agent found an elaborate plan of Toulon arsenal room in an anarchist club, also he learned that dynamite car-tridges used to explode the magazine were obtained from a quarry near Ita

NO CHANGE NOW

Conductor Dickson Dies at Agricultural Boad Will Probably Postpone Action Until June

The State Board of Agriculture will meet this afternoon at 4.30 m the ag ricultural building. The members are here and also many applicants for places. The question before the board is first, whether changes will be made now or whether action will be postponed nutil the June meeting of the board. A conference of the new members of the board was held in the Yarboro House this morning and it was practically agreed, it is stated, not to interfere with the present force just now.

The reasons given for this are that that such action would probably entail unnecessary expense. That is if John R. Smith and Ramsey were removed they would refuse to surrender, claiming that their terms did not expire until June. Then suit would have to be brought and the matter could not be settled in the courts before June, when their places would become vacant any

These are the reasons given. The statement is also made on good authority that the other employes are not likely to be turned out now if the heads

of the department cannot be touched. This board will have many places to fill when it does go into an election. Beside a secretary of agriculture, three fertilizer inspectors, the State chemists, curator of museum, the usber, the watchman and other places are under this board.

Mr. T. K. Bruner will doubtless be secretary of the department and Mr. Brimley will continue as curator of the museum, which place he so ably fills.

The fusion board two years ago turne dout some of the employes before their

The Hartford Courant has arrived at the conclusoin that in this country there is no West at all. "The jeople that take the trains at the Jersey City Station of the Pennsylvania Road," it says "are very much angered when they hear the announcer shout: 'Express for Pitts-burg and the Far West!' They don't like it. The people of Chicago point to Wisconsin as being the West. The inhabitants of Wisconsin scorn to con-sider themselves Westerners, and say that the only real Westerners in the United States are the people of California, Oregon and Washington. When you go and ask those people if they are Westerners they look at you with surprise and tell you that they live on pany as soon as the work of securing the Pacific Slope."
