BOY OFFENDERS

Two Negroes Steal Musical Instruments

Mayor Powell this morning had Demp-sey Leach and William Henry Shaw, two negro boys, aged 15 and 12 years, for stealing the sample case of Mr. Fred Woollcott, The case contained some musical instruments, soap and other articles. The boys are old in the business. The former had been previously bound iver to court and the younger had been whipped several times by his mother and released. They were sent to jail n default of bail.

Dave Perry was sent on to court for stealing a pair of shoes from Mr. Pink

SOUSA'S EL CAPITAN.

Great interest is being manifested in the coming production of John Philip Sousa's remarkably successful and high-ly popular comic opera "El Capi'an," which will be at the Academy of Music in all its original splendor, as all of the magnificent stage settings brilliantly picturesque and elaborate costumes, in fact, every detail that characterized its great success in the Metropolis, will be brought into requisition here. The organization presenting the opera this season is an unusually strong one, as it in-cludes such well-known favorites as Kate Michelena, Lillian Harper, Nera Rosa, Emma Miller, Edw. P. Harry Carter, Frederick Knights, John Dunsmure, Karl Formes and J. Coulter Hynes. A large and efficient chorus containing a number of young and pretty girls, is not the least attractive feature of thep erformance. Reserved seats now on sale at King's drug store. serve seats in the gallery can be had at the theatre tieket office Tuesday and Wednesday. Prise \$1.00, 75 cents. CAPT. ATKINS' CARD.

Says Company "B" Will Welcome Our Boys as Citizens Not "Ex-Soldiers." Editor Times-Visitor: Your suggestion n Saturday evening's paper was the first itimation that we have received that we were expected to turn out and

welcome the members of Co. K, First N. C. Volunteers, mon their return home. As to the matter of making all the arrangements etc., we suggest that a cimmittee be appointed by our Mayor, of say 25 citizens, to take hold of the matter at once, and push it right through. It is a question, though, whether the

performance of as worn duty should be rewarded by other than the means precribed by army regulations. However, that may be, we will hold ourselves in readiness to meet and greet them when they come, not as ex-soldiers, but as returning citizens of this fair city.

The fact is, I hardly see how we can do without him. He is a man who has every interest of the city at heart, and, occupying the position he does, at the head of the street committee, with the best plan for the con tinuance of street improvement mapped out and digested, it would be peculiarly unfortunate, if not bordering on disastrous, were he to be supplanted by some one who has given the matter of street improvement hardly a thought, much less careful study. The truth is, all petty prejudices and jeal-ousies should be laid aside and he should be retained. The writer of this desires that Mr. Drewry reap the glory he deserves in giving the finishing touches to the business be has in hand, for he has had a burdensome job and endured many censures while laying the foundation for We must remember that "the world was the grand work of street improvement. not built in a day," and time is needed in which to accomplish anything well. CAROLINA'S HERO

A Gallant Son Wins Fame in the Philippines

Corporal Ashley P. Slocumb, of Goldsboro, now in the signal service at Ma-nila, in the course of a letter to his father, published in the Grensboro Argus, gives a bit of history which will be read with pride by the people of North Carolina. He writes: "Towards day break on Sunday morn-

ing, February 5th, the Montana's had

advanced as far as practicable, and as

our wire there was in good order and working smothly, we were ordered to

report to the Kansas outpost, at Malabon car sheds and look after the wire there. It was at this point the hottest engagement of the first two days took place and it was there that I first saw the effective use of artillery in war. the effective use of arthery in war.
The 20th Kansas, Col. Funston, had
engaged a large body of the enemy, and
they were having a pretty hard time of
it, when the Utah Light Artillery came running up, took its position on a little knoll and from there hurled death and destruction into the ranks of the enemy. Shells are the things to inspire the souls of men with terror, and it took but a few doses of this kind of medicine to make them break and fall in every direction. This was an advantage we were not slow to follow up, and after giving the men a few minutes breathing spell, the order was given to advance. Gen. McArthur had instructed Capt. Russell that as soon as the advance was ordered, he was to make arrangements to signal the Charleston, so she could pro-tect the advance with her guns. The minute the order was received Capt. Russell turned to one of our detach-ment. "Young," "Yes, sir." "Pre-sent my compliments to Lieutenant Gordon, give him this message, and say that Gen. McArthur wishes these orders car-ried out immediately." "Yes, sir." A salute and he was gone. In order to get this message to Lieutenant Gordon, he had to cross a place of nearly half a mile in length, with virtually no protection, and in full view of the enemy. He did it, and did it successfully, and a few minutes afterward the deep toned roars of the Charleston's guns followed by the unearthly screams of the shells as they flew over our heads, bore elo-quent testimony to that effect. There was one chance in a thousand he would come out unbarmed, but notwithstanding the fact that he went under a heavy cross fire from the enemy he came out untouched, and has proven to the world that other States have their Hobsons as well as Alabama. I sent you his pisture about three weeks ago. name is Hirschell B. Young, of Shelby, N. C. There are only eight South-ern men, out of the fifty-live in our corps, and it gives me a thrill of par-donable pride when I think the man who was most highly commended of

North Carolinian to boot. "I was with Capt. Russel when he gave Young his order. After he had gone Capt. Russell turned to me and said, "I don't think Young relished that commission much." I said, "may be I said, "may be not, sir, but you wil see he carries it out." He looked at me and said. He looked at me and said, "Why?" My reply was, North Carolina breeds that kind, sir." Capt. Russell hails from Minnesota, and T NE OF THE MARKETS it may not have sounded quite right coming from me, a Corporal, but 1 knew what North Carolina did in the last war, and I judged, and judged correctly, that she would do as much in this one when it came to a pinch."
