STEADY PROGRESS

WASHINGTON, April 1.—General Otis cables that quiet prevails. They have directed troops at Malolos and on the railroad on reconnoitering duty. They find the insurgents not only small portions of the surrounding country, who retire on our approach. I'ew of our troops are moving to their new position.

The preparing is continued for an active campaign. The army is in excellent

The American troops are having a much needed rest at Maiolos. Today Gen MacArthur established headquarters in the former Filipino hall of congress and the troops are making them-selves as comfortable as possible. The army gunboats will take a position at-the base of the river when Calumpit is attacked. An armored train is in readiness to be used further north when the advance is resumed. The absence of extensive camp debris on the ground cap-tured by the Americans during the past week indicates that the enemy's force is greatly exaggerated.

ENCOURAGING.

WASHINGTON, April 1.—The war department regards Ous' despatch as strongly encouraging. It looks as 'f Aguinaldo and his followers are dis-couraged and demoralized by the hard campaign. It seems the rebel chief is unable, even if so disposed, to take a new position. It may be does not wish to reunite his forces just at present. The war department officials say he has in their opinion, been very severely punished and it is very likely that it is his deliberate intent by his shrewd method of warfare to keep his army scattered in the Northern region until the men can rest for another encounter with the

AMICABLE ADJUSTMENT

Germany and the United States Reach an Agreement.

BERLEN, April 1.—After the acting Minister of Foreign Affairs had been closeted with the Emperor today United States Ambassador White passed an hour in the foreign office. It is generally believed that an understanding has been reached likely to effect an amicable and satisfactory solution of the whole Sa-moan difficulty.

It is understood that while the United States and Great Britain have steadily declined to accept Germany's two pre vious proposals a new one will be ac cepted by all three yowers. According to a high German official, "American to a sign terman orners, "American propositions are found satisfactory, and we accepted their proposal." This consists in a plan to send a commission of investigation to Samoa.

WASHINGTON, April 1.—The new proposal referred to in the Berlin de-spatch will be accepted by all three gov-ernments. It provides for a joint high commission, that being the only proposition pending. The British government at noon today. Acting officials in the foreign office, however, take such a favorable view that British acceptance is considered assured.

OF COURSE YOU'LL B ETHERE.

"A Breezy Time" the new farce com edy which will be at the Academy Easter Monday has one or the best casts now traveling. It has been the purpose of those interested in the production to make it such that every one that sees it will be glad he has been there, and will not be ashamed to advise his frie to follow suit. In following out this purpose, the very best talent that could secured, the very best music that bas been composed recently for American and binglish variety and concert hall stage, and the very best costumes and scenery, that can be made by thea trical firms, have been secured. Reserve seats now on sale;

COLLISION.

DOVIGIT, April 1.—German steamer Pontos was sunk in the channel after a collision with the British steamer "Star" north of Zealand. The passengers and the crew were saved.

FOR MAYOR.

Editor of The Times-Visitor: I note the endorsement by a First Ward voter of Mr. M. T. Leach, of the Second Ward, as our next Mayor. I have known Mr. Leach for twenty-five years as a business man and citizen, and the second Ward voters agree in what the

voter says.

Mr. Leach is broad, liberal and expansive in all his views, knows every class of our citizens and has dealt with them in almost every capacity and always

satisfactority.
Mr. Leach was the first member of a board of aidermen years ago, to at-tempt an issue of bonds for water and has always supported a tax for schools and such improvements liberally, but

prudently.
He presides over public meetings with case, firmness and grace, having by na-ture these qualifications, well balanced, he is much above the average as a pubing his efforts in representing the city as lic speaker and on any occasion requir-its Mayor, would do credit in such capacity.

The voters of the city could do no better than to elect Mr. Leach as its next Mayor.
SECON DWARD VOTER.

BLIND AND DRUNK

Two Officers Struggle with a Blind Man.

Jacob Hobbs was arraigned before Mayor Powell this morning on the charge of disorderly conduct. The peculiarity of Hobbs' case is the fact that he was blind and drunk. This seems to have rendered him peculiarly dangerous. Two policemen were required to arrest Hobbs and land him safely in the station house. Notwithstanding his blindness he put up a good fight. The Mayor instructed Officer Mullen to conduct Hobbs to the city limits and put him on the road to another town.

BRIEFS

Mr. William L. McPheeters left for Atlanta today. April's fool day is upon us and fools

ire still among us. The comedy event of the season will be "A Breezy Time."

Music, the latest songs and dances abound in "A Breezy Time." Capt. W. H. Day went to Northampton court this morning.

A party of sailors passed through Raleigh over the S. A. L. today. Mr. Murray Allen, of Trinity, went out to Wake Forest to see the ball game

today. Mr. A. C. Hinton has returned from Wake Forest where he sold goods for

Cros snad Linehan. Next Monday the market will be clos ed from 11 in the morning until 3:30 in the evening.

Rev. E. C. Glenn has accepted an in vitation to deliver the literary address at Caldwell Institute May 24th.

8. C. Pool advertises today that be will give away 1,000 patent shoe shiners. It neables one to akine his own shoes with no inconvenience.

The Trinity college team will play Boston in Durham Monday afternoon. The Trinity-Wake Forest game has been

postponed. Yesterday in our list of aldermanicandidates the name of Capt. J. R. Fer-rall in the rst district of the second ward was unintentionally omitted. Capt. Ferrail has numerous and influential friends who are urging him for this position.

IKE DONKEY.

Mr. Editor: As it seems to be a diffi-cult problem to solve. I would like to make a suggestion in regard to the cruiser Haleigh. Why not let her steam up Walnut creek and bombard, the water works headquarters, and perhaps the jar would enable us to secu better supply of water. I think of all suggestions this would be more acceptable to the citizens of our capital city and would give all an opportunity of viewing the great ship, which so gallantly defended its name in the late un

MAYOR RUSS' WARNINGS UNHEEDED.

IN EVERY ONE OF HIS ANNUAL REPORTS MR. RUSS POINTED OUT THE DANGER TO OUR WATER

SUPPLY AND MADE SUBSTANTIALLY

THE SAME RECOMMENDATIONS WHICH THE PHYSICIANS HAVE SINCE MADE BUT THE ALDERMEM IG-

NORED THE

MATTER.

The following is found in Mayor Russ' report for the year ending February 29, 1897: The report of the city officials for the year ending February 29, 1898, has never been pubrished.

"The importance of preserving the Yeates' mill be removed."

"The third recommendation is to pre purity of the water furnished us for drinking purposes is simply inestimable. It is your duty therefore to throw around the shed every safeguard that science and common sense suggest. Its con-tamination means the loss of many buman lives. Don't wait until an epi-demic occurs to take action. It's too late then. Do your duty now, whether you get to be an aldermen again or not.
"1. Require the Water Company to pipe off the drainage of the town of Cary, to the Crabtree shed. I am re-

fiably informed it is entirely practicable.

"2. Force them to tear out the dam at Castleberry's mill, known as "Little Yeates." This pond is a trap for catching and propagating disease germs

brought down by storm water.
"S. Require the shed to be policed each week, at the expense of the company.

"4. Require four biological and two chemical analyses each year, at the ex-pense of the company, and a copy of each to be led with Board of Health

"You will probably more fully appreciate the first two recommendations when I assure you that the committee appointed by the Wake County Board appointed by the Wake County Board of Health, to examine and report upon that shed before its adoption, composed of Doctors James McKee, R. H. Lewis, W. I. Hoyster and Hubert Haywood, in their report under date of October 21,

vent the deposit of germ-producing mat-ter, the placing or burial of dead animais on the shed, and to detect and remove infections or contagious disease

developing thereon. "The fourth as well as the third is but a repetition of my recommendation year.

"They received the approval of the medical profession of this city and such Bacteriologists as Dr. Albert Anderson, of Wilson, and the celebrated Dr. Kingan, of the Marine Hospital of Wash ington, D. C., but failed to receive any notice at the hands of the Board of Al

"The Board of Aldermen of the city of Raleigh are commissioned to make rules and regulations looking to the pre-servation of the water supply from impurities. The only question is, will they do it? In section 15, of chapter 89, of the Private Laws of 1895, we find the

following provision:
"That the agreement existing between said Raleigh Water Company and the city of Haleigh is hereby ratified and confirmed, and the Board of Aldermen of said city are hereby authorized and empowered at any time to enter into contract with said Water Company for supplying said city with water for fire and other purposes, and are hereby au-thorized and empowered to make all proper and needful rules and regulathe their report under date of October 21, tions for the protection and preservations for the protection and preservation from any and all impurities the
