

**FAIR EASTER SUNDAY.**

The forecast of the weather bureau for Raleigh and vicinity says: Fair, cold or foggy and breezy; frost Sunday morning.

The low pressure has moved eastward to the Atlantic coast. Cloudy weather and rain continue over the southern states bordering the Atlantic. Excepting small areas of cloudy weather in the east Lake region and upper Missouri, everywhere else the weather is generally fair throughout the country. The temperature has fallen considerably in the east, and is still below freezing from northern Texas to Michigan.

Heavy frost was reported at Amherst and nearby at Mt. Airy. The pressure remains high over the entire Rocky Mountain region, indicating a continuation of cool weather.

The revenue act passed by the last legislature according to the printed copies was titled "on the 5th day of March 1897." However, this was an error of the proof reader.

The water company has sent out their bills for water and no deduction has been made for the abominable service.

**FLAG.**

LONDON, April 1.—The flag adopted by Shamrock will have a sprig of Shamrock with green and gold ground and a green border.

The query, "Resolved that territorial expansion is detrimental to the United States," was debated at Elton college last evening between the Phlogian and Ucho Societies. The latter won, having the negative. The judges were John K. Webster, Mr. Wainor and Rev. E. C. Ghenn. The contest was largely attended.

**WATER RENTS.**

Editor of The Times-Visitor: The Raleigh Water Company evidently do not think that the citizens who pay them in advance for good wholesome water have any just cause for complaint for their notices just sent to their patrons they say nothing about any rebate due to users of water because of the unwholesome quality of water furnished by them just by what species of..... they justify their conduct is more than I can see. There is not a merchant in Raleigh who if he sells an article to a customer and it turns out to be other than of the quality—such an article should be, who does not at once return the purchase money and also make an apology to the customer for the disappointment and inconvenience caused him. The Water Company collected in advance rent for furnishing three months supply of water fit for domestic use. They failed to keep their contract and by all rules of equity and fairness their patrons are entitled to a rebate and the Water Company if it were subject to competition and did not feel itself secure because we can only get water of them. Would not think of trying to collect the full amount. There is not a stock holder of the Water Company who if they bought of a grocer a ham and it proved unfit for use, who would not return same at once and demand full credit for its value. Why should not this principle apply to their dealing with the public. Consider the matter on its merits, gentlemen of the Water Company. Don't take the advantage of your patrons. H.

You know what that tired feeling is and you may know what will cure it by giving Hood's Sarsapilla a fair trial.

**NO RIGHT TO UGLINESS.**

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at all drug stores.

**Easter Millinery.**

A few days remain in which to select the Easter Hat. Quite a quantity of them are here, and the chief difficulty will be to decide—where all are so fetchingly pretty. You'll be surprised, too, to see how few a hat \$5.00 will buy. While at \$8.00 and \$5.00 there are any number, fit for any place and to suit any taste. Of course the French beauties, and our own exclusive things; with costly embellishments, run into dollars faster, but the best of them are not priced high enough to prevent their free purchase by the owner of even a modest purse. If customers prefer to select a shape and have it trimmed according to their own ideas of style and cost, we are ready for that with all the needfuls, too.

**WITH ALL NEWEST SHAPES, WITH ALL NEWEST FLOWERS, WITH ALL NEWEST FEATHERS, AND WITH RIBBONS GALORE**

**DRUG POWER.**

If it requires ten horse power to start certain machinery, a nice horse power engine won't answer. It will be no better than no engine at all; you must have the additional force or all your power will be wasted.

**So in Medicine.**
