FILIPINO WAR

American Losses Since Feb. Last

TROOPS ARRIVE

Lieut. Meyer Fell Overboard and Was Drowned—Heat Intense—Troops Growing Weary of the Campaign.

MANILA, April 14.—The known presence of several insurgent officers in this city has caused the strict enforcement of the order compelling all persons to retire to their homes at seven o'clock in the evening. This is to prevent an outbreak at night. The guards on duty have been doubled and other precautions are being taken.

The American losses since February fourth are as follows:
KILLED—TWO HUNDRED AND ONE.
WOUNDED—NINE HUNDRED AND SEVENTY FOUR.

General Lawton's expedition is now moving slowly along the lake. His men have taken several towns and had several skirmishes. Five Americans were killed during the advance and a number were wounded.

The Filipinos continue annoying the Americans at night by firing. General Owenshin's troops are particularly tired of this sort of warfare.

Lieut. Meyer LOST.
The United States transport Sheridan with the Twelfth Infantry and a battalion of the Seventeenth has arrived at Manila after a smooth passage.

On the night of April eleventh, Lieut. Meyer disappeared. The weather was extremely hot and the Lieutenant was sleeping on deck, when, it is supposed, he fell overboard.

Three privates and six children of privates died of pneumonia.

WATER REPORT

Special Session of the Board of Aldermen

This evening the Board of Aldermen will meet in adjourned session to hear the report of the water committee, which is composed of Aldermen C. C. McDonald, Jos. Correll and W. W. Parish.

To this committee was intrusted the matter and they have considered it carefully.

To this committee was referred the recommendations which City Attorney Perrin Busbee was directed to draw up.

The committee met last night and discussed the city attorney's recommendations, which deals with the matter in detail. The city attorney says that the water company has three probable ways to abate the nuisance of Castleberry's pond (1) by declaring it a nuisance; (2) condemnation under right of eminent domain given the company in its charter; (3) under summary provisions of acts of 1887 and amendments of 1890. The city attorney contends that the best and quickest way is: A suit might appear on until fall and Raleigh have to endure the pond all summer.

He recommends in closing (1) that the company must have dam removed by May 10th; (2) that the city pay no hydrant rent from January 1 to July 1, unless it is done; (3) the danger of contamination from Cary be abated; (4) the water shed be protected and policed.

The above is only a rough statement of the essentials in the recommendations. Mr. Ernest Haywood for the water company appeared before the committee and stated that the company now had mill experts assessing the damages Castleberry would sustain by destroying the dam and that Castleberry and the company would abide by their findings. He said further that he thought the dam would be removed before May 1st. In view of further satisfactory statements from Mr. Haywood the committee agreed to report the city attorney's recommendations to the Board of Aldermen without prejudice and recommend that the Board hold the matter in abeyance until their regular session the last Friday night in this month.

RALEIGH'S WELCOME

Medal for Each of Her Crew

OUR REPRESENTATIVES

Raleigh's Delegation Left Last Night and This Morning—Ceremonies Tomorrow After-noon.

The gentlemen who are to represent Raleigh at the reception to the cruiser Raleigh have all left for New York now. Part went by the S. A. L. yesterday and others left this morning by the same route.

Below is a complete list of those to whom Mayor Powell issued credentials: F. H. Busbee, C. C. McDonald, John C. Drewry, Eugene Glenn, Dr. Eugene Dixon, Alex. Stronach, Jr., Cam Weir, R. C. Rivers, W. G. Upchurch, J. W. Hardin, M. Roseenthal, J. G. Ball, Sam'l Berwanger, F. P. Williamson, H. F. Smith, P. A. Carter, W. A. Withers, H. E. Litchford, W. N. H. Smith, R. M. Furman, Jr., Dr. G. A. Renn, E. V. Denton, E. B. Barber, Julius Lewis, J. N. Williamson, John S. Primrose.

Mr. F. H. Busbee who will represent Mayor Powell, left yesterday. Mr. Busbee, knows Mayor Van Wyck and was at college with his brother. A better selection could not have been made.

As a souvenir to the crew of the Raleigh the committee are preparing a medal. One will be presented to every man on board the cruiser. It is being made from steel saved from the Maine. It will contain a bust of Admiral Dewey, the date of the sinking of the Maine, February 15, 1898, and also the date May 1, 1898, being the day of the battle of Manila. A member of the committee will present the medals to the man-of-war-men.

In the City Hall today the executive committee of which General Butlerfield is chairman will meet to confer and receive reports from the sub-committees on arrangements for the reception of the cruiser. Several of the sub-committees met yesterday and made a good start on the work intrusted to their attention.

Warren W. Foster, secretary of the executive committee, said yesterday the idea of a land parade, therefore, will occupy all the attention of the committee. Many of the details of the arrangements will be decided at the meeting today.

There seems to be some doubt in the minds of the committeemen as to whether a banquet should be given to the officers of the Raleigh, but the majority sentiment seems to favor such an idea as the best method of expressing to the officers the gratitude of their countrymen for their noble to the students.

A QUESTION.

Mr. Editor: The Raleigh Water Company has issued another notice to consumers to come up and pay or their supply will be cut off. No one wishes to be without water and yet no one wishes to pay full rates for such water as the Raleigh Water Company have served to their patrons for the last quarter.

What do you advise in view of Mr. Sowers' suit? Would it not be well to pay under protest if one pays at all? CONSUMER.

BANKRUPTCY

Important Rule in Partnership Cases

This morning the bankruptcy case of Stevenson and King was argued before T. P. Devereux, referee. This is the first partnership case in this district and the ruling upon it is therefore very important.

The creditors were represented by Mr. R. C. Strong and Mr. R. N. Simms while Mr. Jas. Pou and Mr. Samuel Honeycutt appeared for Stevenson and King.

It was held by the court as follows: First—That in all matters affecting personal property exemption the State law as construed by the Supreme court of the State must govern.

Second—That in partnership the consent of each partner is necessary before personal property exemption can be set apart to the individual partners out of partnership assets.

Third—As matter of fact such consent is shown in the petition in bankruptcy filed herein and signed by each of the partners.

WASHINGTON LETTER

Strong Feeling Against Germany

SHAFTER AGAIN

The Samoan Commissioner a Gold Democrat—Gossip from the National Capitol.

(From our Regular Correspondent.)

Washington, April 14.—The press are stirred to deepest indignation by the news that Germany treasury in Samoa has been responsible for the amounging of a sum of \$200,000 of American and English money by 500 natives and the killing of two lieutenants, one American and one English, one American ensign, and four natives, and the amounging is doing just as it was doing a year ago, waiting. Germany has delivered a sharp cut down from this government four or five times since the war with Spain began, but in every instance the amounging has moved over to be executed with a little soft soap from the German Ambassador.

Representative Hall, of Iowa, a Republican, says: "In my section the feeling has been strong against Germany for six months. The people believe that she was hostile to us in the war with Spain. The people are in such temper that they will not permit any trimming or neutering on the part of this government." The time has come when the name of the German Emperor must be cleared in an effective manner of the idea that this country is afraid of him.

War Department officials are at last convinced that peace in the Philippines is still a long way off, and the administration is beginning to realize that the islands were not a bargain at \$20,000,000, and that we will pay the money a long time before we get possession of the property, such as it is.

Senator said: "Gen. Lawton and his men are achieving much success so far as they go. The fighting against the Filipinos, however, is like the brushing away of flies; the moment the brushing is stopped they come back. The Filipinos are bound to give in eventually, but I believe it is a much more serious task to subdue them than most people think. Another army officer said, after noting the resemblance of Gen. Lawton's campaign to those against the Apache Indians: "The Filipinos will get tired of the chase sooner than the American Indians did, and after a few years of attempting to keep up a fight against the authority of the United States, the insurgents will disappear or surrender."

That's a nice thing to contemplate isn't it? Pay \$20,000,000 and thousands of good American lives for islands which we will get complete possession of in a few years, and will not have any use for after we get them.

Gen. Shafter has had critics in plenty ever since the charge was made and never fully disproven that he had "funked" in the Santiago campaign and that he would have made a mess of the whole business if Gen. Joe Wheeler and others had not prevented, but his testimony regarding the canned "roast" beef brought more harsh criticism than anything he had previously said or done. In the face of the evidence of nine out of every ten witnesses who have testified that the stuff was unfit to eat, Shafter said it was good and that he ate it every day and enjoyed it. Either, he overdid the thing in his testimony or he was furnished with a different sort of canned "roast" beef from that furnished the rest of the army.

Mr. McKinley's selection of Mr. E. Bartlett Tripp, of South Dakota, who was minister to Austria under the Cleveland administration, to represent the United States on the international Commission that will endeavor to straighten out the Samoan tangle, was disappointing to a number of republicans who would like to have secured the plum. Mr. McKinley is no novice in the game of politics. He got elected by the support, directly or indirectly of gold Democrats, and he is playing for the same support next year. Mr. Tripp is a gold Democrat; besides, he is a near relative, by marriage to Senator Davis, of Minnesota, who is chairman of the Senate Committee on Foreign Relations.
