WHITE CAPS

A Fearful Outrage in Northern Part of Pennsylvania

Corry, Penn., April 17.—Henry Johnson, a poor farmer, living seven miles from this city, was arrested by white caps and fearfully maltreated. His clothes were stripped from him, his hands tied, and he was fastened to a tree. He was beaten by each of the white caps in turn, until the skin hung in shreds and he was insensible. They left him still unconscious. The motive is said to be Johnson's disagreement with his wife. They charged him with attempting to shoot her. The people are much incensed over the White Caps and their plans are that they will then be given some of their own medicine if caught.

DESERT QUAY

Thirty Supporters Expected to Desert Tomorrow

Harrisburg, Pa., April 17.—The usual Monday vote in the Senatorial contest. Three conferences tonight will absorb all interest. One will consider a proposition of the insurgents for a compromise; another "Quay or nobody" element is to renew allegiance and a third will be of all factions to consider the election of a Senator without regard to Quay or any other candidate. It is said that no less than thirty Quay supporters, pledged by the caucus, will desert him to-morrow. The witness was allowed to use the paper as a memorandum. He swore Quay borrowed \$185,000 on May 1st and October 31st, 1897, without paying interest. The Commonwealth's deposits at the same period were \$520,000 to \$500,000.

NEW PATIENT

Negro Arrived From Anson with Small Pox—One Patient Still at Large

Early this morning, Allen Bennett, an Anson county negro, arrived in Raleigh over the Seaboard Air Line. He had been around Johnson Street Station awhile and since he was suspected of having small pox an officer was telephoned for. Officer Alderson started for the scene, but when he reached the place the negro had gone. Bennett went to the Superintendent of Health, Dr. McKee, and procured a certificate from him that he had small-pox and left for the post house. This makes six in the post-house. They are Carrie Young, Julius Censar Falcon, Charles Herndon, Sinie Ruffin, Laura Johnson and Allen Bennett.

Dr. McKee pronounced Elbert Evans on West South street, with small-pox Saturday afternoon. Officer Sale was notified and immediately went to the scene. However, when he got there, Evans was gone and he has not been found since, although officers were searching for him Saturday night, all of yesterday and today.

Dr. Duggan is now quartered at the post house. The patients have two nurses, Peter Scott and his wife. Peter had the first case in Raleigh.

The wildest rumors are always floating around about cases of small-pox and for this reason it is unnecessary to give the facts in every case.

SHAW A CAROLINIAN

General Auditor J. B. Martin Received a Brief Telegram Announcing the Killing of One of His Principal Clerks.

Mr. J. B. Martin, General Auditor of the Seaboard Air Line, just before leaving for Portsmouth this morning, received a telegram from his chief clerk, Mr. T. P. Cowper, stating that Mr. R. J. Shaw, one of the principal clerks in the abstract department of the Seaboard Air Line at Portsmouth was shot and instantly killed on the street in Portsmouth yesterday soon after the arrival of the afternoon train. No further particulars were given.

Mr. Martin spoke in high terms of Mr. Shaw and his untimely end is greatly deplored. He was a prominent member of the Baptist church. He was 27 years old and leaves a wife and six children. Mr. Shaw was a North Carolinian and is well known in railroad circles here. He is the son of the proprietor of the famous Shaw Hotel at Lincolnton. He and his father formerly lived in Raleigh near the store-house of the Standard Oil Company.

No authentic information could be obtained concerning the particulars of the shooting. However, a message telephoned to Raleigh said that Shaw was killed in the street by ex-policeman Hutchings of that city and that the cause of the lamentable affair was of a private nature.

RALEIGH THROGGED

Crowds Visit the Cruiser Today

HER RECEPTION

Amid a Drenching Rain the Cruiser and Her Gallant Crew Received a Royal Welcome.

New York, April 17.—The cruiser Raleigh was overrun with sightseers early this morning, and all day. The pier was crowded with spectators. The officers and men are very attentive to the crowd. Each is surrounded by a group asking innumerable questions about the fight in Manila Bay. Admiration for the vessel and men is expressed in most enthusiastic terms. The crowds did fair to occupy the ship during the entire day.

New York, April 17.—(Sunday.)—The celebration attending the return of the United States cruiser Raleigh from Manila occurred today. The Raleigh, two small war vessels captured from the Spaniards and a fleet of twenty-five excursion steamers paraded from Tompkinsville to Grant's Tomb and back to an anchorage in the North River. The air was raw and the officers and men of the Raleigh stood upon the decks three hours, drenched to the skin and shivering with the cold. There were very few people along the river front in the lower part of the city, owing partly to the weather and partly to the fact that the entrances to the piers are generally closed on Sundays. But great crowds assembled in Riverside Park, overlooking the Hudson, and men, women and children stood there for hours under umbrellas, watching the vessels on their way up the river and on their return.

BIG CROWD AT GRANT'S TOMB

By far the greatest gathering of people was in the vicinity of Grant's Tomb, which was the turning point of the parade. A national salute was fired there by the Raleigh and also by the captured Spanish prizes, and the scene was rendered a memorable one by the shrieking of a hundred steam whistles from excursion boats and locomotives and cheers from thousands of people on shore and on the vessels in the river. The Raleigh lay at anchor off Tompkinsville all the morning. About 11 o'clock the large seamer Glen Island arrived, carrying the citizens' reception committee, headed by Mayor Van Wyck, and also having on board a number of invited guests. A delegation from the committee, numbering not more than a score, went aboard the Raleigh. The Raleigh to New York, extending the freedom of the city to the officers and men, apologized for the disagreeable weather, and assured Capt. Coghlan of a hearty welcome.

Capt. Coghlan replied briefly. The committee returned to the Glen Island at once, and as Mayor Van Wyck left the side of the Raleigh he received a salute of fifteen guns.

RESPONDING TO SALUTES.

From the time the Raleigh left the battery until she reached Grant's Tomb, her whistle and fog siren were blowing almost constantly in response to salutes from vessels lying at their docks or moving up and down the river. The ferry-boats were crowded with people cheering and waving handkerchiefs, and several of the boats ran alongside the Raleigh for a short distance.

Just before arriving almost off Grant's Tomb while the cheering and whistling blowing and other noises were at their height, two six-pounders on the Raleigh commenced their salute of twenty-one guns. The last shot was hardly died away when the Alvarado and San Mateo, a battery one shore joined in the salute to General Grant. The Raleigh turned hooply and headed down the river. The run back to anchorage off Thirty-fourth street was made slowly and the same enthusiasm was displayed as on the run up the river. When the Raleigh finally anchored she was surrounded immediately by a fleet of excursion boats, and as fast as these could reach her gangway the people climbed on the cruiser and extended personal welcome to the officers and men. The crew took great pride in showing visitors over the ship, and particularly in pointing out the five-inch gun on the starboard side of the poop-deck that fired the first shot of the battle of Manila Bay.

THE WEATHER TODAY.

Fair and warmer tonight and Tuesday, except probably showers on the coast Tuesday; fresh east winds. The barometer is highest over the middle Atlantic States where the weather is clear and cool. Frost was reported at Charlotte and Raleigh. A severe storm center has developed in the extreme northwest, which is causing cloudy, threatening weather in that vicinity. A small area of threatening weather also exist on the central Gulf coast, with rain in vicinity of Mobile. The temperature is rising west of the Mississippi.

FLOOD FEARED.

Saratoga, April 17.—All the rivers and streams in the Adirondacks have been rising since Saturday. A flood is feared.

DIDN'T KNOW.

"What's the matter?" inquired the sympathetic friend. "I don't know," replied the man who was gazing at the floor and holding his face in both hands. "Is it the toothache?" "It started that way, but I don't know now whether it's the toothache or the things my friends expressed me to do for it."—Washington Star.

ALDERMEN MET

Changes in Registrars and Judges of Election

SMALL POX QUESTION

Mayor Powell Authorized to Employ Additional Help for Vaccinating—Dr. Jones' Offer.

The board of aldermen held an adjourned session in the mayor's office today at 12:40. Mayor Powell presided and Alderman Parish, Bogasse, Riddle, Spence, Correll, Pogram and Hamlin were present.

Several changes were made in registrars and judges of election for the municipal election in May since some of the gentlemen named could not serve. DR. JONES' OFFER. Mayor Powell then stated that vaccination was not progressing as rapidly as was desired and that he had taken the responsibility of appointing Dr. A. O. Jones and Dr. Hodge, at the compensation of \$5 and \$2 respectively per day, to assist in this work. He desired to have the opinion of the board on the subject. He said that Dr. Hodge was not a licensed physician, but he understood that there was no objection to his appointment. He laid before the board the following communication from Dr. Jones:

DR. JONES' OFFER. A Proposition submitted most Respect. by Dr. A. O. Jones to the Hon. Mayor and Board of Aldermen of the city of Raleigh:

Gentlemen: Upon agreement herein entered into I agree if approved by you to have in consideration of \$5.00 per diem, to render in the services of the city all unoccupied time from my professional visits each day. I also agree that in days when Consultation or Surgical, Gynecological or County visits detain me from the faithful discharge of such duties, the remainder of such day will not be charged against said city.

Most Respt Submitted, ARTHUR O. JONES, M. D. (Signed)

Alderman Parish moved that the Mayor's action be approved and the matter left entirely with him.

Alderman Pogram, Correll and others made remarks when Alderman Hamlin suggested that Dr. Lightner, colored, would be a good man to employ to assist in the work among the colored people. He believed, though, in leaving it with the mayor entirely.

Alderman Correll wanted the matter left with the mayor, but was opposed to Dr. Jones and moved that his employment be only for today. Alderman Hamlin agreed with Alderman Correll. Alderman Spence seconded the motion and it was carried.

Alderman Pogram moved to reconsider the vote by which the above motion was carried. This prevailed and he introduced the following substitute resolution, which was adopted: "Resolved, That the mayor be empowered to employ such competent persons as he may see fit to vaccinate the people, provided that no one be appointed except on approval of the Superintendent of Health."

Alderman Correll spoke favorably of the plan to employ Dr. Lightner.

OTHER MATTERS.

The report of the water committee, which was given in this paper Tuesday, in commending that the matter question be postponed until the next regular meeting, was read and adopted. City Attorney Perrin Busbee said that Mr. Gatling claimed that his farm was damaged by the city sewer emptying into Walnut creek and a suit had been instituted to test the matter. Mr. Busbee asked that he be authorized to employ associate counsel in the case. He was given this authority. The associate counsel fee will be about \$100. The board then adjourned.

Postal cards were sent out today as follows:

Dear Sir:—It is proposed that all the ex-members of the Governor's Guard meet their old comrades in a body on their return home and a mass meeting at all the ex-members will be held in the mayor's office April 18th (Tuesday night) to arrange a program. ADMIRAL DEWEY'S SON

The Albany Argus says: "Among the committee of one hundred prominent citizens appointed by Mayor Van Wyck to receive the cruiser Raleigh the Mayor named George Goodwin Dewey—the only son of the Admiral—who is a clerk in a dry-goods store. 'But I think I have declined the honor.' 'I think I ought to keep quiet,' says he, 'as I have done nothing for the country.' 'Evidently the sound common-sense which is so distinguishing a trait in the character of the hero of Manila has been preserved and reproduced in his son. Young Dewey's modesty is the more noteworthy in that it has not been the rule with sons and other near relatives of greatness. Unfortunately some of them it has come to be almost a great thing that the sons of heroes and great men will be snobs or nobodies. Admiral Dewey is fortunate in the dignity, modesty, and common-sense of this young man, who truly appreciates his father's fame and will evidently do nothing to detract therefrom.'
