FEARFUL DEATH

Vultures Found Devouring the Bodies of Maslin's Party

SAN FRANCISCO, April 22.—The steamship City of Paris brings the details of the death of E. W. Maslin, deputy naval officer of this port. He and eight companions perished. The frail boat in which they left El Triunfo was swept by storms for many weeks. A few days ago the natives found the boat on the beach not far from Coriente. Vultures were perched on the gunwale and nine almost unrecognizable bodies were in the bottom of the boat. Maslin's party left El Triunfo last December.

BLIND INSTITUTION BAND.

Will give a concert on the evening of May 4th in the new auditorium at the institution.

The Rev. Dr. Marshall has this to say of the band: "I have had the pleasure of hearing on several occasions the band composed of pupils of the North Carolina Blind school under the direction of W. A. White, and their playing has always given general satisfaction, and been exceedingly creditable to themselves and their director."

"Indeed when one reflects that these young men and boys are either totally or partially blind, their proficiency in executing difficult and popular music is truly remarkable."

"The excellent moral character and standing in the community of these young men, and their laudable efforts to help themselves, to say nothing of the splendid music they make, entitle them to popular appreciation and encouragement."

Tickets are now on sale at King's drug store and institution people.

MR. AMIS ENDORSED FOR CITY ATTORNEY.

Editor Times-Visitor: I have noticed recently in the columns of your valuable paper various endorsements of the candidacy of M. N. Amis, Esq., for city Attorney, all of which, I feel, have met with popular favor. Mr. Amis is admirably and eminently qualified for the creditable discharge of the duties incident to this office. A lawyer of reputation, learned in his profession, and of varied attainments otherwise, there is no room to question the wisdom of his selection, if our aldermen shall see fit to bestow this honor upon him. There are numerous other considerations, a detailed mention of which is unnecessary, that commend Mr. Amis' candidacy and suggest the force of his claims. There is no mistaking the popularity, among all classes, of the suggestion that connects his name with the office of City Attorney, and I trust that in this instance popular feeling will be welcomed and considered with due regard.

RAPID TRANSIT.

Gov. Roosevelt for Municipal Ownership With Proper Safe Guards.

ALBANY, April 22.—Governor Roosevelt sent a message to the legislature today about rapid transit. He deems it of great importance that the scheme providing for rapid transit should be passed, but of still more important that it should be a work of ultimate advantage to the city. He does not consider it wise to give a franchise in perpetuity and favors municipal ownership, but warns the assembly against the risk of corruption.

IMPORTANT CIRCULAR

Ruling Regarding Tobacco Dealers and Buyers

Treasury Department, Office of the Commissioner of Internal Revenue, Washington, D. C., April 19, 1899.

To Collectors of Internal Revenue:

Internal Revenue Circular No. 523, dated February 20th, 1898, relating to the sale of leaf tobacco in quantities less than a hoghead case, or bale, shall not be construed as applying to tobacco composing the breaks on warehouse floors in the loose leaf markets where it is sold at public auction to qualified dealers in leaf tobacco, or to qualified manufacturers of cigars, snuff or cigars, or to persons who buy leaf tobacco for export only.

Every person who buys loose leaf tobacco, composing the breaks on the warehouse floors, for the purpose of reselling the same at public auction, or at a private sale, without removal from the warehouse is regarded as a dealer in leaf tobacco, and will be required to pay special tax and qualify as a leaf dealer, at each place where he carries on business, and must keep a record of his purchases and sales on book 59, for each place, the same as other qualified leaf dealers.

Every qualified dealer in leaf tobacco who purchases loose leaf tobacco from the farmer or grower of tobacco after it has been placed on the warehouse floors, may re-sell the tobacco at that place without being required to repack or reprice the same in hogheads, cases or bales.

Loose leaf tobacco purchased outside of a public warehouse by a qualified dealer in leaf tobacco directly from the farmer or grower, before the same is offered for sale and delivery by such farmer, is required to be put up in hogheads, cases or bales; except that cigar leaf may be sold and delivered by him from his place of business to a licensed manufacturer of cigars in quantities less than a case or bale for use in his own manufactory exclusively.

In case the farmer or grower of tobacco delivers at a public warehouse, two or more grades of tobacco in a single package the tobacco may be removed from the packages to the warehouse floors and assorted and divided into as many different distinct lots as there may be kinds or grades of tobacco contained in such package. The leaf, trash, lugs, and spots or cigar wrapper, filler, and binder forming distinct lots, and each lot may be sold separately from the others without the owner or warehouseman being required to repack or reprice the same in a hoghead, case, or bale; and the purchaser in each instance may remove the tobacco from the warehouse in cases, tierces, bales tobacco baskets, boxes, chests, or other receptacles which will enclose and protect the tobacco in transportation.

If the purchaser is a licensed leaf dealer he will, upon removal of the tobacco from the warehouse, be required to repack it in hogheads, cases, or bales, before it is again offered for sale.

Respectfully, G. W. WILSON, Commissioner.

A SAD CASE.

Police Officer Alexander McLean of Moorhead, was killed at a fire by a falling chimney, Friday night, February 17th. He leaves seven orphan children, all of tender years, entirely alone, their mother having died not long ago and as his life insurance was recently allowed to lapse these orphans are left without home or means. The funeral was held on Sunday at Fraternity hall, the police, Odd Fellows and fire Departments of Moorhead and Fargo attending in a body. There were handsome floral pieces presented by the different orders.

The Odd Fellows at once took action as to the care of the children, the Noble Grand arranging with merchants to furnish them whatever was required, and arrangements are being made by the firemen, police and Odd Fellows to raise a fund for their maintenance. No doubt they will be well taken care of by the good people of these cities. This is another instance showing the value of our three link fraternity, that without a moments delay came forward and provided for these fatherless ones, for every present want.—Odd Fellow World.

Right here is where an Orphan Home comes in and relieves the Lodge. City North Dakota has none.

Convention Police Chiefs of North Carolina, Raleigh, N. C., April 20-24, '99.
