ROBBERY ON THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents a bottle at any drug store.

PRETTY MILLINERY.

Spring Millinery is always bright and pretty, and yet all spring hats are not pretty. There's an art in making a hat pretty, no matter how pretty and nice the materials. If this was not so, most ladies would trim their own hats. It is remarkable how few ladies possess this art. Some can learn the art by long and hard trying. Some never learn it. Then, here are some few that are natural artists. It seems just as easy and natural for these to create beauty and harmony in a hat as to breathe. Our trimmer is one of these natural ones. She has original and pleasing ideas—no two hats are just exactly alike, and yet each is perfect and beautiful in itself.
There is another important thing in Millinery that all trimmers do not know, and that is economy. Some trimmers could do fairly well on a \$25 hat, but they couldn't make one at \$5 or \$6 that you'd have. We have produced plenty of hats this season at \$5 that are prettier, more stylish and have some things great many hats seen in other places at \$10 and \$12. How do we know? We know because hundreds of ladies in Raleigh have told us so—we hear it every day. If you are going to buy a hat—at any price, no matter what—it is not much trouble for you to find one if what we tell you is true. You can see what the others have, then you can come and see ours, and then use your own judgment.
We will take all manner of pains in showing you and pleasing just such a hat as you'd like—if we can't suit you we won't feel badly about it. We don't expect to suit every one—if we did all the others would be out of work. No store on earth can suit everyone, but you will find that we come as near as most of 'em. We want to try to suit you anyhow. We are willing to show you, and plan for you, and make prices low for you, if you are willing to give us your time.

Encouraging Facts!

It is a noted fact that most of the large mills in New England employing thousands of operators increased their wages ten percent and upward very recently. The stimulus has been felt in all kinds of Cotton Goods. So an advance along the whole line has been made. Fortunately possessed of inside information we bought largely of these very goods during the past months, and without disparagement to others claim that we are better equipped for the Spring campaign than ever, and point you to the convincing proofs spread on three tables in the main centre of the store.

- FIRST TABLE.
Crackle Silk and Rustling Peraline—10c. kinds; Pinks, Blues, Green, Canary, Cream and White; nobody else has them—a yard wide. 2 1/2c.
SECOND TABLE.
Summer Lawns, many fanciful names—all new sparkling beauties. The surprise is how we do it; worth 10c., and 12 1/2c.—for this week we run them at 5c.
TABLE THREE.
Here are the Kissette Organdies and 40-inch Marabout Lawns in good size quantities; assortments first class; choice while they last. 7 1/2c. No samples cut. It will pay you to come and make a careful inspection.
A VERY ATTRACTIVE DISPLAY OF BABY MILLINERY.
There's a bright interesting exhibit of baby Caps in the Millinery Department this week. The styles are wonderfully cunning, and so stylish. Mothers will be delighted with the pins we've taken for their little folks.
