Aguinaldo Asks Self Government **Under American Protectorate** -Gen. Otis Says Uncondi-Surrender-Early Sur-Confidently Expected--Filipino Junta's Statement

MANILA, APRIL 29.-AGUINALDO TODAY OFFERED TO SURREN-DER EVERYTHING, ALL THE MEN AND ALL THE MUNITION TO GENERAL OTIS UPON THE CONDITIONS THAT INDEPEND E...E BE GIVEN TO THE FILI-PINOS UNDER AN AMERICAN PROTECTORATE.

#### WITHOUT RESULT.

MANILA, April 29.-(Afternoon)-A conference was held between General Otis and the Filipino commissioners to day without result. The commission rs have returned to the insurgent lines. ASKED ARMISTICE.

This second conference lasted three hours. Admiral Dowey and Professor Scurmen of the Filipino commissioners were present. The Filipino commission ers simply renewed the request mide yesterday for an armistice until the rebel congress could meet and act. ADMILLED THEY ARE WHIPPED.

The Filipino commissioners frankly admitted that they are whipped and knew it, General Otis emphatically refused an armistice on those conditions. Although the commissioners returned to their lines, it is believed that they will surrender unconditionally.

#### NO CESSATION.

NE WYORK, April 29.-The latest news today from Manila is a cablegram from Fredecik Palmer, saying that the Filipinos have not surrendered and there is no cessation of hostilities yet. This was sent to the World.

#### MACARTHUR INTERVIEWED.

MANILA, April 29.-General MacArthur, in an interview today said that the of forcing the Rio Grande de'la Panpanga, apparently impassable, the river being defended by a strong force, which had chosen a position strongly entrenched, was a remarkable military event and must in the nature of things produce a strong moral influence on the insurgence, who regarded the direct passage of the river on their front as impossible. The credit for this achievement, he said, 's due to the splendid daring and ingenuity of Col. Funston, under the skliful control and supervision of General Wheaton.

OTIS CABLES. WASHINGTON, April 29.-General Otis cables to the war department: The conference with the insurgent representatives terminated this morning.

REQUEST. Their request was for a cessation of hostilities for three weeks in order to enable them to call their congress to-

gether to declare whether they would continue the prosecution of the war or propose terms of pence. The proposi-tion was declined but full amnesty was promised them on their surrender. It is elieved that the insurgents are fired of war, but seek to secure terms of peace through what they denominate their epresentative Congress.

RESUME HOSTILITIES.

The expectation at Washington is that fighting will be resumed immediately in the vicinity of Calumpit. Thus brief respite came in good time for the Am-erican troops, who were nearly exhausted from hard marches, skirmishing and fighting in the hot sun, under which a umber succumbed from heat yesterday

#### GENERAL AMNESTY.

WASHINGTON, April 29.-It is stated at the war department that the in-surgent leaders probably will confer and seek another conference with Gen. Otis and Gen. Otis will grant them a general mnesty

#### FILIPINO SIDE.

The Junta Says the United States is Granting Selt Government. LONDON, April 29.—The Filipino Junta says that the peace negotiations

at Manila are unofficial and General Luna is not representing Aguinaldo's government. The Junta further asserts that the secret negotiations be-tween Prof. Worcester, the United States Philippine commission and repre-sentatives of Aguinaldo have been in progress since before the attack on Malo-los. The Filipinos are being granted self government, and control of their international and mercantile relations, and the two flags fly together.

#### A CARD.

Editor of the Times-Visitor: I have been a subscriber to your valuable paper since its earliest existence and I beg to say a few words through the columns

of your paper. In the first place as a candidate of the second division of the third ward, I repesent no faction, or click, but only interested in the improvements of the city as they have been commenced, and so nobly maintained by the present chairman of the Street ommittee, I solicit no heeler or runner in my interest at the polls, but place my candidacy upon its merits as a tax payer and property own-er of the ward in which I am now striving to represent in the honorable board of aldermen of this city. No carriages or runners to hunt up

the voters for me. And no commers down the line. Nor shall I have any ill will against any colored brother who sees fit to vote for his white neighbor.

The war waged on the South was one of aggression, of invasion, of conquest, absolutely without excuse or justification; for the government established by the Revolution of 1775-83 was based on the consent of the governed. Instiuct is more acute than reason, and every woman of the South felt and knew that if the invader was permitted to overthrow the government which their fathers had established that thenceforward they and their children would be gov-
