DR. BROUGHTON'S CHURCH DESPOILED BY A MOB

Because He Bitterly Denounced Lynching in a Sermon Yesterday

ATLANTA, May 1.—DR. LEN. G. BROUGHTON'S TABERNAACLE WAS DESPOILED BY A MOB THIS MORNING BECAUSE OF INTENSE INDIGNATION AROUSED BY DR. BROUGHTON'S SERMON YESTERDAY BITTERLY DENOUNCING THE LYNCHING OF HOSE AND STRICKLAND. A NOTICE WAS SENT DR. BROUGHTON TO LEAVE TOWN IF HE VALUED HIS LIFE.

SUNDAY LYNCHING.

Negro Swung up for Barn Burning.

Memphis, May 1.—Willis Seer, a negro, was taken from jail at Osceola, Ark., at 10 o'clock Sunday morning by a mob of three hundred men and lynched. He was twice strung up and then confessed that he had burned the barn of a man named Quinn.

Several barns have been burned in the neighborhood lately, and from this fact the lynching was resolved upon.

A placard was placed on the body, which read: "This is the penalty for barn-burning!"

Seer's wife gave the information which led to his arrest.

The Bobbitt-Wynne Drug Company have an announcement in this issue which is in eminent keeping with the weather, and will interest all. Read how you can keep cool for 5 cents.

London, May 1.—The May Day celebrations in London were poorly attended. In Hyde Park two thousand soldiers had a demonstration. Speeches were made from five platforms.

THE DEAD APPEARED.

Witness Swore He Saw a Man Buried, and the Man Then Appeared in Court.

Judge Purnell and Deputy Marshal Frank Brown have returned from Newbern where court was held. One prisoner was brought up to the penitentiary from court there to serve fifteen months for perjury. His name is John Fisher, colored, and in a pension case he swore that a woman's husband was dead and he saw him buried. Hardly was his evidence complete when behold the husband, reported as dead, walked into the court room, whereupon Judge Purnell sent the witness who swore that he saw him buried to prison for fifteen months for perjury.

THE BAND.

The First Regiment Band gave one of the most thoroughly enjoyable and entertaining concerts Saturday night ever heard in Raleigh. The highest musical critics were enthusiastic in their praise. The concert had the rare faculty of delighting the cultivated musical ear as well as charming the fellow who "just loves to hear the band play." The boys carry with them the best wishes of the people of Raleigh.

The band left this morning for Fayetteville, where they will give a concert tonight.

VERY WARM.

The forecast of the weather bureau for Raleigh and vicinity says: Fair tonight and Tuesday; very warm Tuesday.

A barometric depression of considerable depth is central over Minnesota, which is causing cloudy weather with rain in the upper Missouri valley and Lake region. The winds in the central valley are generally southerly and the temperature high, the line of 70 degrees extending northeast from Texas to Buffalo, N. Y., and turning south again just west of the Blue Ridge.

In the South the weather is generally fair and warm, with clear to partly cloudy skies.

ANOTHER NAMESAKE.

Lucky Find at a Dinner to the Raleigh Officers.

"THE RALEIGH"

A Gem Valued at \$5,000, a Real Beauty, Christened "The Raleigh" by Capt. Coghlan.

Philadelphia, April 29.—Councilman J. R. C. McAllister of the First ward, chairman of the Dewey Day celebration, in a most singular manner has become the lucky possessor of a magnificent pearl of such value that the exact amount has only yet been guessed at by leading jewelers of this city.

Last Wednesday evening, while the officers of the cruiser Raleigh were being dined at the Hotel Walton previous to their visit to a theatre, Mr. McAllister, in virtue of his office, presided at the board. The first course was clams, of which the councilman is passionately fond. Deftly impaling one of the toothsome bivalves upon a fork, he lost little time in transferring it to his mouth. His teeth closed heavily upon his favorite delicacy and the equanimity of the table was the next moment startled by a smothered ejaculation. All eyes were upon the city father, as, clapping his hands to his lips, he removed a hard shining object, which, imbedded in the body of the clam, had nearly cost him a tooth or two.

The lustre of the foreign substance he had bitten upon aroused the curiosity of the distinguished company. It was recognized at once as a jewel and was passed rapidly from hand to hand. Councilman John Lang of the Twenty-fourth ward, also a committeeman, who is a recognized expert on precious stones, at once pronounced it to be a pearl, and one of great price. Subsequent developments have proven it to be so.

A happy inspiration seized Captain Coghlan when the verdict was passed by Mr. Lang:

"Allow me to christen your find," he said to Mr. McAllister. "Hereafter let it be known as the Raleigh pearl," and the Raleigh pearl it has become.

To shape the pearl is oval, one-eighth of an inch in diameter and over three times that in circumference. At first it was of a peculiar brown color, but since it has been treated to sun baths and other arts of the trade this has given way to a most dazzling whiteness of a peculiarly pellucid tone. Experts have estimated its value at \$5,000. All agree unanimously that it is the most brilliant gem of the kind ever seen in this country.

Lieutenant Commander Phelps of the Raleigh, who is an ardent enthusiast on the subject of precious stones, and quite a collector of the same, admits that the "Raleigh pearl" is the finest stone which has ever come under his observation. He is particularly enthusiastic on the subject of Mr. McAllister's curious find, and has spared no words to impress upon the latter his good fortune in its acquisition. Mr. McAllister has contracted to have the pearl encircled by 16 small diamonds and mounted as a scarf pin.

CITY ELECTION

Quiet as Could be Except in the Lower Third and Fourth Wards.

But for the fact that the saloons were closed it would have been difficult for one to see that a city election was in progress in Raleigh today.

The day was conspicuous by an absence of any onlookers or crowds at the polls, except in the lower divisions of the third and fourth wards.

In the upper wards the electors simply dropped by and voted and that was the end of it.

Indeed there was no opposition and consequently no interest except in the lower third and fourth.

At 3 o'clock this afternoon in the lower third Joseph Carroll and Charles F. Cook (Democratic nominees) were about 18 and 10 votes respectively ahead of C. W. Hoover, colored, independent. If the white vote is brought out fully this evening Cook will defeat Hoover. Some six or eight white men are said to have scratched Cook this morning under the apprehension that he was against the hands. This mistake was soon corrected, and at this time his election depends on the full white vote being polled.

In the lower fourth there seem to be no doubt of the election of James Hamlin and Charles Williams, colored, Republican nominees. At 3 o'clock Hamlin and Williams were about 75 votes ahead of Moses Bedsoe, Sr., and W. D. Smith, Democratic nominees.

Hamlin remarked to a Times-Visitor reporter at the polls: "Williams and I are the regular Republican nominees in this ward. The colored people demanded a ticket here and we were nominated last Friday night. We would not have run as independents."

Hamlin is an alderman at present. He keeps a saloon on Wilmington street. Williams has been a school teacher. A friend of Williams' was asked at the polls if Williams was not an independent in politics. He replied: "He is a Republican, but did not support part of the fusion ticket last fall. He is in favor of a qualified suffrage, and it is said, will support the constitutional amendment next fall."

The new board of aldermen will stand as follows: Democrats, J. S. Wynn, W. E. Jones, C. C. McDonald, Brown Pegrum, Lyn Wilder, W. W. Parish, J. C. Drewry, H. W. Miller, H. H. Crocker, Samuel Bogasse, Joseph Carroll, C. F. Cook, D. S. Hamilton, and R. C. Redford; Republicans, James Hamlin and Charles Williams.

The only one the least doubtful in the above is C. F. Cook.

The new board will be sworn in at noon Wednesday.

THE RALEIGH.

Mr. McDonald Receives a Despatch from Wilmington.

Mr. C. C. McDonald received a telegram from Capt. Coghlan Sunday night saying that he could not state when the Raleigh would reach Wilmington.

Today he received a dispatch from Mr. Worth, of Wilmington, saying: "Captain Coghlan says it is doubtful whether there will be presentation of trophy. No program will therefore will be entertained by us for its acceptance, but will entertain officers of the ship."

Two construction may be placed on this message. It may mean that the officers of the Raleigh are coming to this city to present the gun or that the war department will not allow them to present it at all.

Mayor Powell is now arranging to appoint a committee of not less than fifteen citizens to represent the city at Wilmington. No one will be appointed unless he will go. The cruiser will doubtless reach Wilmington some time this week.

The Seaboard Air Line announced this evening that they would run a special train from here to Wilmington to attend the reception to the Raleigh. The special leaves Raleigh at 7 a. m. May 4, Thursday. Round trip tickets are \$3.50, good until May 6th, and the holders of these can return on any S. A. L. train they desire to.

SENT AN ASP BY MAIL.

New York, April 28.—George E. Sterry, Jr., secretary of the wholesale drug firm of Weaver & Sterry, No. 79 Pine street, is the latest to receive poison by mail. On last Monday Mr. Sterry sent his office boy to the postoffice and among the mail matter the boy brought back was a parakeet box wrapped in linen paper and sealed with red wax. Mr. Sterry took off the cover. As he did so something wriggled out on his hand, hissing and writhing. It was a snake. With a yell Mr. Sterry shook it off to the floor. The snake was about six inches long and as thick as a lead pencil. With a pair of tweezers it was picked up, put into a bottle and corked up. To W. R. Hoyt, a naturalist, of Williamsburg, Mr. Sterry took the snake. "That is a hooded poisonous asp," said he, "of Egypt. The same species that Cleopatra is said to have used to kill herself with. Its bite is fatal." Who sent today Mr. Sterry said he couldn't guess where the snake came from. He had no enemies and could not see why any one should want to send him an asp by mail.

The very day it was suggested sending General Miles to the Philippines, Aguinaldo wanted to surrender and the war ended.

OTHER CONTEST

Fusionists Waiting for Supreme Court Decision.

MORE SUITS TO COME

If the old Agricultural Board Wins Probable the old Trustees of Blind Institution Will Follow Suit.

It is learned from a prominent Fusionist that if the new Board of Agriculture loses in the test case now before the Supreme Court and the old Board holds over that it is more than probable that other Boards will adopt a similar course.

"If the Supreme Court decides with us in the present case," said a prominent Fusionist yesterday, "then the Democratic Trustees of the Institution for the Deaf and Dumb and Blind who were elected by the Legislature are clearly not entitled to their places, and the former board can retain control of the institution for another two years."

"How about the A. & M. College?" he was asked.

"I don't know," he replied, "but a trustee of that college is not a constitutional officer, and I don't think it would be affected by the decision of the Supreme Court being in our favor."

"So far as the Central Hospital for the Insane is concerned," he continued, "Governor Russell appointed a Democratic majority on that board before the Legislature met, and there can be no question about it. Now if the Legislature had asked the Governor to appoint the directors and trustees of the other State institutions he would readily have done so, and the Senate would have confirmed the appointees, and there would have been no question. Russell would have appointed any one under the sun that they asked him to then. Indeed, we were ignorant of this question of law until recently. The fact that the Legislature had no right to elect was accidentally discovered by Capt. Day after his suit was begun. Yes, if the old Agricultural Board wins I should not be surprised if the Blind Institution Board take similar action."

New York, May 1.—Flags are flying all over the city and strings of them are displayed in the upper air supported by strings from kites. LIEUT. GILMORE

AND PARTY SAFE.

He and Ten Companions Prisoners at Insurgent Headquarters.

Washington, May 1.—The Navy Department has information from Admiral Dewey of the safety of Lieut. Gilmore and ten of his fourteen men. They are now prisoners at the insurgent headquarters. It is inferred, therefore, that four of the men are still missing, and they may have been killed in the fight in which their companions were made prisoners.

Admiral Dewey's cable read: "From apparently reliable information ten of the Yorktown's boat crew, including Gilmore, are prisoners at the Filipino headquarters. I am continuing an investigation."

The War Department has received no important advices from General Otis since Saturday concerning conditions in the Philippines. No mention was made in the dispatches today concerning negotiations, but the troops are not fighting.

General Otis mentions that Captain Rockefeller, of the Ninth Infantry, has been missing since the 28th day of April. Was making some investigations about Calocan, and has not been seen since that date. Some of his personal papers were found about two miles from Calocan. It is feared that he was captured by some insurgents.

President Schumann cautions that overtures of peace are likely to have a propitious result and the Filipinos will soon be brought to realization of the good intentions of this Government.

OUR GENERAL.

"Mr. President," said the judge advocate, "we have found this man guilty of insubordination and conduct unbecoming a gentleman and an officer. He is a sneak and a coward. What shall we do with him?"

"Give me time," said the president; "I'll see about it. But I'll say that I shan't increase his pay more than 50 per cent."—Life.

EQUAL TO THE EMERGENCY.

"Miss Warbler is indisposed," said the maid, "and will be unable to appear tonight."

The manager reflected for a minute. "Tell her," he said at last, "that this falls in with my plans perfectly. We need a little advertising, and I shall notify the reporters tonight that she has been completely prostrated by the news that the young man who has been sending her flowers all the week has eloped with a chorus girl."

The maid, like the cat, came back. "Miss Warbler's compliments, sir," she said, "and she feels so much better that she has decided she will not have to disappoint her audience tonight."

And as the manager turned away he smiled a knowing and triumphant smile.—Chicago Post.

WASHINGTON LETTER.

Washington, D. C., May 1.—Including the \$20,000,000 paid to Spain through the French Ambassador, the treasury deficit for April was \$24,088,437.

The report of the Military Court of Inquiry has been in the hands of Acting Secretary McKeljohn, of the War Department, for two or three days, awaiting Mr. McKinley's order to be made public.

Commissioner of Pensions Evans doesn't seem to be greatly worried because the Kansas G. A. He asked for his removal and the appointment of another Commissioner "who will execute the laws in accordance with the true spirit which prompted their enactment." Speaking of the matter, Mr. Evans said: "I did not make the laws. They are the same which have been in existence since 1890, and I am governed by them. The Pension Bureau is an immense business. We have nearly a million pensioners on our lists, and the office is managed with the greatest possible generosity towards the old soldier, but, at the same time, we must consider the interests of the taxpayer. Decisions have been made affecting the entire country, and it may be that they have applied more generally in Kansas than in other States."

Mr. McKinley's friends are alarmed at reports of defections among Western Republicans. Mr. W. C. Newman, a life-long Republican of Montana, who is the agent of the Cattlemen's Protective Association, said: "If the administration had come out boldly and allowed an open and honest investigation of the meat scandals, it would have created the impression abroad that this country was sincere in its efforts to furnish the best of meat to the domestic and foreign consumer. As it is, it will require years to overcome the prejudice the administration's unwise action has caused. I recently attended a semi-political meeting of ranchmen and farmers in Southern Montana, and, unless something unforeseen takes place, the administration's attitude will imperil support by the Western States at the next National Convention."
