

THE TIMES-VISITOR.

NUMBER 8365

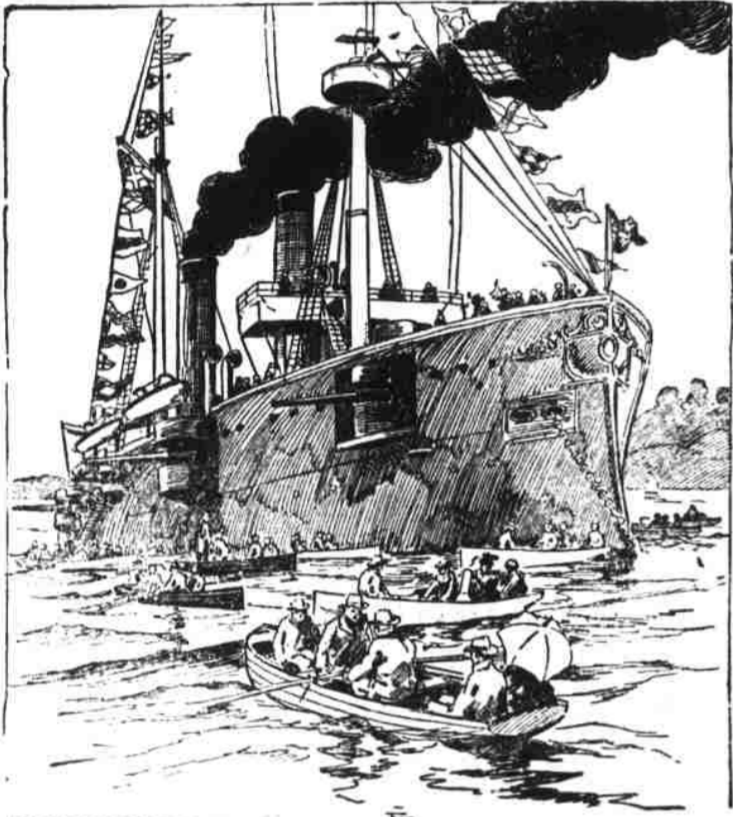

RALEIGH, N. C., FRIDAY EVENING, MAY 5, 1899.

25 CEA MONTH

THE RALEIGH AT SOUTHPORT

Capt. Coghlan's Warm Welcome to the Raleigh Delegation

Given the Freedom of the Ship and Hospitably Entertained--The Gun will Not be Presented to the City of Raleigh at Present.

THE CRUISER RALEIGH

Wilmington, N. C., May 5.—(Special.) The cruiser Raleigh won't visit Wilmington. The trophy won't be presented to our city, at least for the present. The Raleigh delegation headed by Mayor Powell chartered a boat and visited the Raleigh this morning. Captain Coghlan rushed on deck to meet the party, exclaiming: "Why, are all these Raleighites, I am delighted, this entire ship is at your disposal." He gave orders that the party be conducted through the cruiser and be shown everything. The delegation went to the officers' saloon and entertained by Captain Coghlan, Lieutenant Rodman and Commander Phillips. When Mayor Powell was introduced, Rodman said: "We were told in New York that McDonald was mayor of North Carolina."

Captain Coghlan repeatedly expressed most profound regrets that he could not visit Raleigh, for he must hurry to Charleston. He asked that his warmest regards be extended to all Raleighites. The ship has tried to bear the name worthily. She fired the first shot on Manila Bay and the last shot in the entire war. The same gun fired both shots." He added, Captain Coghlan and I can't say about presenting the gun to the Raleigh until the Attorney General is consulted. No, he said, I haven't received the congratulatory resolutions passed by your Legislature.

Mayor Powell, Alderman McDonald and Mr. R. N. Simms remained on the cruiser and will accompany the officers to Wilmington this evening, since 'tis decided the Raleigh can't go up the channel. The programme for last night will be carried out tonight. The cruiser's mascot is a little white Spanish dog from Manila. There are Japanese and negroes among the crew. Many Raleighites left for home this evening by the Seaboard.

W. G. BRIGGS.

At 5:45 yesterday afternoon news came that the cruiser had been sighted off the bar, and at 6:20 her arrival at Southport was announced.

A special from Southport to the Morning Star says:

The United States cruiser Raleigh arrived from Philadelphia and anchored in the harbor at 6:50 o'clock this evening.

This has been a gala afternoon for the lower Cape Fear, for Wilmington sent her "beauty and her chivalry" down the river to give the cruiser Raleigh a rousing Southern welcome to the waters of the Old North State. Southport's water front was alive with flags in the Raleigh's honor and the steamer Marion, gallily decked with flags, came down the river about 12 o'clock with the Navigation Committee on board and a little later came the steamers Compton, Hornet and Wilmington covered with bunting and crowded with people anxious to give their cheer of welcome to the cruiser. The afternoon passed

A BRITISH ULTIMATUM.

President Kruger Must Observe the Spirit of the London Convention.

London, May 5.—The Outlook publishes a special from a Cape Town correspondent which states that the British Secretary of State of the Colonies Chamberlain has dispatched a firmly worded demand that the Transvaal Government must observe its obligations to the Queen as a paramount power by securing a peace order within the region. This demand is supplementary to the demand of cancellation of the dynamite concession and taken to mean the British Government deems that the time has come to invite President Kruger to observe the letter as well as the spirit of the London convention. It is not stated how far this demand takes the form of an ultimatum, or if the period is fixed within which the redress for grievances of the outlanders shall be made.

KRUGER'S REPLY.

Cape Town, May 5.—The reply of President Kruger of the British demand of cancellation of the dynamite concession contends that the concession is bona

A MONUMENT TO DURHAM HEROES.

In the late war with Spain one of the first military companies in the country to respond to the call for volunteers was the Durham Light Infantry. When the company was mustered out, two of its volunteers were not with their comrades—they had gone to that world where there is no flash of musketry and where war sounds no loud alarms. It is now proposed to erect a monument to the memory of these two brave men. In a letter in yesterday's Morning Herald, Col. Julian S. Carr writes:

"Durham should be interested in the erection in our 'City of the Dead' of a suitable monument to the memory of Privates Matthey Barbee and Rufus V. Stem. These two heroes, side by side, 'sleep the dreamless sleep of death,' covered by the green sward of our cemetery. This community will not have done its duty, until we mark their last resting place with a suitable monument. And I appeal to every lover of our 'soldier boys,' who on the 23 day of May, 1898, marched away so bravely to defend our country's honor, to respond to this appeal to suitably mark the honored graves of these two heroes, who will come back no more forever. I will hand Mr. Leo D. Heardt, cashier of the First National Bank, my check for \$100 for the purpose herein stated, and this is to invite any who feel disposed to join me in this matter to pay Mr. Leo D. Heardt, cashier, whatever amounts they feel disposed to contribute."

BLIND INSTITUTION CONCERT.

The Blind Institution band gave the last of their series of concerts in the new auditorium at the Institution last night.

The audience was large and cultured. They showed their appreciation of the excellent programme by a hearty round of applause.

The cornet duet by Chester and Robert Johnson, from Guilford county; the cornet and trombone trio by Chester and Robert Johnson and Henry Easley, from Guilford county, and the baritone solo by Cader Cox, from Onslow county, were special features and elicited much applause. The boys all did well and each part was so well sustained as to reflect great credit on Mr. White, the leader of the band.

There were also displays of the Kindergarten, Eloyd, and Fancy Work Departments. These displays were marvels of perfection and all present were gratified to see the progress that is being made by the pupils under their efficient instructors.

The band will take a tour throughout the State after school closes.

DONATION DAY.

We ask all who desire to aid in this good work to send in something on that day, however small. Provisions, home supplies or any help will be gratefully received.

LAWTON TAKES SAN FERNANDO

It Was Occupied by Americans Without Loss

RESULTS EXPECTED

From Lawton's Sweeping March Northward—Rebels Make an Attack on Malate Without Success

Manila, May 5.—MacArthur advanced today and occupied San Fernando without any loss. The small garrison left in the town burned the place before leaving and escaped by train.

Manila, May 5.—The detailed reports of the work of Lawton's expedition show harder fighting took place the early part of this week than earlier accounts indicated. The attack of San Rafael by the American forces met heavy fire from a large number of rebels who were concealed in the jungle all sides. It was only by the adoption of tactics of Indian fighting by the United States forces by every man himself that saved the Division from great loss. Lawton, as usual, was at the head of the line with his staff. The insurgent leaders, Gregorio and Pio del Pilar, and eight hundred men in Baling, retreated when Lawton approached. Chief Scout Young with eleven men entered Baling ahead of the army and rang the church bells to announce that they had taken possession of the city. Lawton when attacking in force outside of Baling saw women and children in the rebel trenches, and sent Capt. Cash with a white flag to warn the insurgents to remove the non-combatants. When within five hundred yards of the trenches, two volleys were fired by Capt. Cash's party.

REBELS' ATTACK FAILS.

Manila, May 5.—The rebels south of Manila attempted to rush through the Ovenshines line last night. Their attempt failed but the rebels maintained a fusillade of musketry on the Fourth Infantry for several hours. The demonstration was ineffectual beyond the scaring of the inhabitants of Malate. The outposts of Idaho and California regiments, beyond San Pedro. Macati was also attacked during the night.

GENERAL LUNA WOUNDED.

Manila, May 5.—General Luna, commanding the Filipinos, opposing MacArthur's advance, was wounded in the fighting yesterday in the vicinity of San to Tomas. San Fernando which the rebels boasted was a stronger position than Calumpit, was captured by our troops today. The city was set fire before it was abandoned. Funston received a wound in the hand.

WILMOR TOMORROW.

The forecast of the weather bureau for Raleigh and vicinity says: Clearer tonight; Saturday fair; slightly warmer. The weather is cloudy and threatening almost throughout the entire country this morning. The rainfall has been light in the east and was chiefly caused by the change in temperature following the appearance of a considerable area of high barometer in the north. The storm over Texas has remained nearly stationary. A heavy local rainfall of 2.10 inches occurred in Oklahoma. The temperature is lowest in the extreme northwest. Killing frost was reported from Bismarck.

TEACHERS' ASSEMBLY.

To Teachers, School Officers and Friends of Education:

This is to call your special attention to the sixteenth annual session of the North Carolina Teachers' Assembly and held at Morehead City, N. C., June 13th to 18th, 1899.

The only meeting held in North Carolina this year that brings the entire educational body of the State together is this Assembly, and this letter is sent to impress upon your mind the necessity and value of attending. Every teacher, school officer, and friend of education, who can possibly do so, should be present. Every phase of school work and school administration will be represented in the work of the Assembly and full and free discussions will be a distinctive feature this year. The practical good that is possible from such a gathering cannot be overestimated.

As long ago as 1859, Dr. Calvin H. Wiley, one of our wisest educators, then State Superintendent of Public Instruction, urged all teachers and school officials to join in one great yearly meeting. The time seems ripe for a forward movement, and increased interest in our annual gathering.

Railroad rates have been reduced to one-half and even less, and board can be secured for one dollar per day, or less, and I urge the importance of your attending this year. Do so for the sake of the great cause of education which is entrusted to your care in North Carolina.

From the Secretary (W. T. Whitsett, Whitsett, N. C.) full programs and further information can be obtained at any time.

May this meeting mark the beginning of a brighter educational day for the State.

Yours very truly,

C. H. MEBANE,
State Supt. of Public Instruction.

STILL A DEMOCRAT.

I wish to say to the honorable board of aldermen that I have nothing to regret. I have had people to ask me if I would work for the Democratic party next time as hard as I did this time. I want to say I will, and harder, too. I think they knew what was best, and I am still in the world for work, and don't mind it. I have enough work to keep busy without going round "cussing" out the board of aldermen, as I have heard others do. It is not right, and it is not gentlemanly, and such people may look out for the next cyclone.
