## ADMIRAL DEWEY STARTS FOR HOME

### Olympia Saluted by American and British Ships.

### ENGLAND WANTS HIM

### Lord Baresford Desires that the Great Admiral Stop at Some English Port and Receive British Homage.

MANILA, May 20.—Admiral George Dewey sailed away for the United States at four o'clock this afternoon. General Otis and Admiral Dewey exchanged farewell calls this morning. All the war ships of the Admiral's salute, manned their sides, while the bands were playing "Home Sweet Home" and "Auld Lang Syne."

As the Olympia passed the British battle ship "Powerful" the Olympia's band played the national anthem while the band on the "Powerful" played "The Star Spangled Banner" in response. The Olympia will stop at Hong Kong, thence proceed to Singapore, Colombo and Aden and it is also possible that she may stop at some port in Greece.

Admiral Dewey said before leaving that he does not expect to reach the United States before September the first.

LONDON, May 20.—Lord Charles Baresford said in his report today: "There is nothing which we would like better than to have Admiral George Dewey call at an English port on his way home. Every one of us would show him in true British fashion how much we recognize his brilliant work in Manila bay. He is sure, however, to meet with a fitting reception at any of the British naval stations where he will touch but I fear that he is not likely to come any nearer English shores than Gibraltar."

Later it is learned at the Admiralty that as soon as Admiral Dewey's route is known instructions for his suitable reception will be sent to all the places flying British flags.

### CARY COMMENCEMENT.

### Large Crowd Attended From This City.

More than fifty citizens of Raleigh attended the closing exercises of the Cary High School last night. The commencement exercises were unusually well attended and it was by far the most successful in the history of the institution.

Yesterday morning Rev. Dr. T. N. Ivey of The Raleigh Christian Advocate delivered the literary address before a large audience. His subject was North Carolina, and he dwelt with power upon her glorious history and the bounteous hand with which nature has bestowed such boundless resources upon her. He deplored and deficiency in state pride and lauded a love of the State strong enough to keep the young men within her bounds. The speaker was forcible and eloquent.

Certificates were given to thirty-two students. In the evening a delightful concert was given.

Prof. Middleton is principal of the school. Prof. Jarvis, his assistant, declined re-election in order to accept the position of principal of the Mars' Hill school. He is succeeded by Prof. E. S. Edwards of Green county.

### OTIS' MESSAGE.

WASHINGTON, May 20.—General Otis cabled to the department today that Aguinaldo's commissioners arrived and wish to consult the United States commission. Their power is limited apparently to a armistice condition precedent to any peace negotiation. Aguinaldo asks for a cessation of hostilities in order to ascertain the desires of the Filipino people for the commissioners to act on.

### A TOWN WIPED OUT.

CINCINNATI, May 20.—A fire practically wiped out the town of Loveland, twenty miles from here, shortly before daylight. Engines were sent from here as the Loveland fire men were unable to cope with the flames. The fire started in a mill house.

Quite an extensive area of high barometer occupies the Lake region and extends far south, with comparatively cool weather throughout the east. The storm yesterday off Hatteras moved to New England without causing precipitation on the North Atlantic coast.

The storm on the central Rocky Mountain slope seems to be increasing in force. Cloudy weather with rain prevails generally west of the Mississippi with some heavy rains in Nebraska and Kansas. The largest amounts were 1.10 inches at Omaha and 1.78 at Kansas City.

## MORNING MARRIAGE.

Miss Minnie May Curtis and Mr. S. D. Wait United.

This morning at the home of Rev. Dr. and Mrs. A. W. Curtis, on east Lenox street, their daughter, Miss Minnie May Curtis was united in marriage to Mr. Samuel D. Wait.

The drawing rooms, the scene of the marriage were beautifully decorated in ferns and potted plants.

The rooms were thronged with friends of the bride and groom.

The ceremony was performed by Rev. Dr. Curtis, father of the bride, assisted by Rev. Dr. W. C. Norman and Rev. Dr. Eugene Daniel. The ceremony was pronounced by all present as the most beautiful and impressive they ever heard.

Mrs. Bauman presided at the organ. Upon conclusion of the ceremony Mr. and Mrs. Wait received the hearty felicitations and blessings of their friends. They left this morning for Old Point where they will stop on their way north.

The bride is a native of Wisconsin, but for the past twelve years she and her parents have made Raleigh their home. She is a woman of rare intellectual endowments and exceptional literary ability. ## COL. ASTOR ON RESULTS OF SPANISH WAR

### He Says American Manufacturers Will Be Over Run with Continental Orders

NEW YORK, May 20.—Col. John Jacob Astor returned from abroad today. He said that the Spanish war had opened the world's markets to the United States. American manufacturers of electrical and mechanical devices, machinery and the like are going to be over run with orders from the continent. Everywhere he went he was asked about the accomplishments of the United States like in invention and development and he had lots of people to tell him that until the Spanish war their idea of the United States was of a walled in country, so to speak, with no influence abroad either politically or industrially.

## CONFER WITH OTIS

### Visit of Filipino Commissioners Unsatisfactory.

## COMMISSION UNEMPOWERED

### Aguinaldo Gave Them No Power to Make Propositions but Only to Ask an Armistice, Which Otis Promptly Refused.

MANILA, May 20.—The insurgent commissioners were closeted with General Otis for an hour today, but the interview was decidedly unsatisfactory since the commission had nothing definite to propose, and were unempowered to negotiate for terms of peace.

The commissioners brought a communication direct from Aguinaldo in which he asked for an armistice, pending the decision of the Filipino congress in regard to what policy should be adopted by the insurgent government.

General Otis refused this request.

The commission, after the conference was over, accepted an invitation to visit the Oregon and other vessels of the American navy. They were also granted permission to see their families before their return to Aguinaldo.

## THE BOND ISSUES.

### Jim Young Says the Negroes Will Vote for Them.

The colored voters of Raleigh, it seems, will not refrain from registering and voting in the approaching bond elections as they did in the late city election.

Jim Young was today asked what the negroes would do and he replied: "For many reasons I favor the issuance of bonds, both for school purposes and street improvements and I should advise the colored people to register and vote for both propositions."

"The colored people, above all others," he continued, "for their own interests as well as for the community at large, should favor popular education as that is one of the means by which they are to be elevated and made better citizens. The street improvements are necessary and lasting, as well as furnishing work for some time for many worthy and honest citizen and I think that a strong reason why the colored race should favor this proposition."

## PRESIDENTIAL PARTY

### President McKinley Visits the Scene of His Goat Riding

STAUNTON, Va., May 20.—The train bearing President McKinley and party was side tracked here from three o'clock until eight this morning. The President appeared on the rear platform before the train pulled out and bowed to the crowd.

## TAX COLLECTING.

### Heavy Increase in the Assessment of Raleigh Township Expected

A considerable increase is expected in the tax assessment for Raleigh township this year since many improvements have been made on property during the past four years.

June the first the assessors will begin their work which will require 20 or 30 days. The assessors for eastern Raleigh are L. M. Proctor, L. D. Womble and H. A. Bland, for western W. H. Hutchings, H. E. Glenn and D. T. Johnson.

The listing of taxes will begin at the court house June 1st. Under the new charter the city will have a representative with the county listers to list for the city at the same time. The city finance committee will select one to do this work for the city clerk.

The city uses the same assessment made for the county.

Mr. Cecil Holloway, is now busy making out the list of delinquent tax payers for the city tax collector preparatory for publication.

Sheriff Page is this month collecting the license tax. Remember that the corporation tax is now due also.

## MILITARY MATTERS

### Raleigh Boys Join United States Army.

## GOV. GUARD REORGANIZED

### Meet Tuesday Night for the Purpose—Third Regiment Far From Complete—Second Completed.

A meeting of the members of the Old Governor's Guards (Co. K, First N. C. Regiment of U. S. V.) is called by Captain Beavers for next Tuesday night in Metropolitan Hall. This company will then be re-organized and enter the First Regiment as Company K.

The new military company which was organized while the boys were in Cuba, will either amalgamate with this company or disband. They must choose between the two alternatives.

The field and staff officers of the new First Regiment will remain the same as they were before the companies volunteered in the service of Uncle Sam.

At the Adjutant General's office it is learned that the election of the field officers of the new Second Regiment of the State Guard, W. B. Rodman, of Washington, colonel, and W. A. Johnson, of Wilmington, lieutenant-colonel, complete that regiment.

The Third Regiment is far from complete. The First has yet to organize its various companies, and then the field officers will be elected. All this will require two or three weeks' time.

Commissioners have been issued to L. P. Aaron, of Mt. Olive, as assistant surgeon of the Naval Reserve Brigade; other following officers of the Southport division of Reserves: Mark Ferguson, lieutenant, Moody B. Mintz, lieutenant, punter grade, Frank Primer, ensign, and T. T. Nadal, as first lieutenant, and E. L. Pace, second lieutenant, of Company K, Second Regiment, at Wilson.

Eight men were today sent from the recruiting station here to join the United States Army. Seven of the recruits left this morning for Governor's Island via Seaboard Air Line. They were:

James W. Richardson,  
Marvin V. Blalock,  
Benjamin B. Hatch,  
John T. Stone,  
Zeb V. Burrows.

The three first will join the cavalry and the latter two the infantry.

Two colored recruits, William Horston and William Palmer, were also sent today to join the Tenth Cavalry.

John C. Hay, Jr., was recruited and started this afternoon for San Francisco to join the light artillery for service in the Philippines.

## ODD FELLOWS

### Some of the Plans and Projects the Order has on Foot

The Grand Lodge came and went in a hurry.

It was a busy session and did some good work for the order.

Bro. Coble, the superintendent of our orphan home, added a large list of subscribers to his brightly paper during the session.

The newly installed Grand Master is an earnest worker in the order and will wear the honors of his office worthily.

Every grand officer now serving is thoroughly imbued with the spirit of the order; so we expect some fine work done this year.

The Grand Secretary is as busy as a bee formulating and perfecting the new plans that has been decided upon recently.

We shall be very much surprised if the new plans fail to bring good results.

Bro. T. B. Winstead, of Elm City, who formerly represented Centennial Lodge, No. 96, at the recent session of the Grand Lodge is very much in love with the new plans adopted recently. He says he is convinced that if properly carried out it will result in great good to the order. His suggestion of a team to do district work is good.

Dr. L. B. McBrayer, one of our most efficient District Deputies, gives us some excellent counsel along the same line of thought indicated by Bro. Winstead. Dr. Mac goes farther and suggests some wholesome advice about what should be done during the sessions of the Grand Lodge. We fully concur in the suggestion, but have not space to give it in full.

One of the special features adopted by the Grand Lodge at the recent session was a reduced admission fee in case ten or more applications are received at one time. Of course there is a difference of opinion in regard to this new departure, as there is to every other change. We shall not condemn it until it is tried, and then if it works detrimental we will as readily condemn as any one. As it now appears to us we can see no harm in giving it a trial. Nothing risked nothing made is an old adage that will apply to this case.

In this day of business push and hurry burly, the enterprise that is not willing to avoid itself of the advantages that may arise, and is too slow to see and seize upon an opportunity to advance its own interests, will soon become dormant, loose its standing and shriveling up will become almost if not quite, unknown.

Fraternal societies cannot claim any exemption from this rule; especially those which have to depend mostly upon their business methods for existence. To depend upon the conditions existing twenty years ago, and the methods employed then is as sure death as slow poison.

## THREE RALEIGH BANKERS SKIP.

The bankers of Raleigh are well represented in Portsmouth today. This being a legal holiday in this State the most handsome and brilliant financiers, representing three of Raleigh's foremost banks, departed in the dead of the night for Portsmouth via the Seaboard Air Line. It is scarcely necessary to state that the gentlemen referred to are Mr. Irwin Jones, of Citizen's National, Mr. James Litchford of the Raleigh Savings and Mr. D. D. Upchurch of the Raleigh National. The latter gentleman may be detained beyond his allotted time, since a party in Portsmouth is said to be deeply interested in his visit and his subsequent detention.

## EXPEDITION UP RIO GRANDE HAS OPPOSITION

### Filipinos Were Intrenched on the River Banks—Sharp Shooters Harass Seventh Infantry.

MANILA, May 20.—The expedition up the Rio Grande river met no opposition except on the outskirts of San Luis, where several hundred Filipinos were entrenched on the banks. The rebels retreated beyond Candaba, while the American gun boats steamed ahead, dropping shells wherever uniforms appeared on the shore. Thus the gun boats dispersed the insurgents before San Luis.

After they passed San Luis insurgent sharp shooters, from behind trees across the river, harassed the Seventh Infantry, which was marching four abreast through a narrow wooded road, hence the American troops were unable to discern the enemy. Two Americans were wounded.

One American battalion lay on the ground faces down, for a quarter of an hour trying to locate the riflemen and return their fire.

## DESTROYED BY FIRE.
