The Ohio Republicans who oppose Hanna succeeded in organizing the State convention.

General Gomez is critically ill at Quintana, Havana, Cuba. He has congestion of the lungs and malarial grip.

There is an epidemic of matrimony at Atlanta, and one hundred intentions of entering into marriage are scheduled for this balmy month of June.

Wm. J. Bryan will soon make a trip through the South and is soon expected at Atlanta. Will the Colonel give Raleigh the go by?

Another Street Trust is anticipated to come out of the New Jorsey incubator. It is thought that most all trusts were "steal" trusts.

After years of wrongful imprisonment Mrs. Florence Maybrick is likely to be liberated from British prison through pressure brought to hear by Mr. Joseph H. Choate.

Norfolk is anticipating an experiment with an anti-expectorating ordinance, imposing a fine upon every one who spits upon the sidewalks, in streets cars or other public places

dered town, and as is the custom of the Bourbon constituency, proceeded to refresh and revigorate the inner man by the familiar process of irrigation, the hour being subsequent to the time limit placed by legal restrictions-placed by ordinance-upon the tippling privilege of that particular day, according to calendar division.

Now comes said accused into court by deposition, through the press, and sets up the plea of confession and aveidance, paradoxically protesting that while guilty he is innocent. 1. That he did not take a drink.

2. That he didn't know he was in viola-tion of the curfew ordinance of the Teunessee village when he did take a drink after ten o'clock. 3. That, anyhow, the drink he took

was simply unonade. That the governor has ruined his case i nthe opinion of his own constitu-ency by this line of defense every one

familiar with Corneracker characteris-tics, customs and traditions will readily understand. Not to have taken a drink, opportunity and liquor being so conveniently to hand, is in itself an offense of prime degree, but to have insulted his stomach and palled his palate by so insipid a libation as lemonade, when there was whiskey to be had, as the su-perlative of crime. The question os time and place and proscription of local laws is of too inconsiderable account to

enter into the argument in the slighetst degree, merged into the larger one of a lost chance, a neglected opportunity.

What relative bearing this plea in trinity may assume in the proportion placed upon its parts by the Chattanooga court is purely conjectural and bids fair to remain in like continued uncertainty. The distinguished defendant has been courteously invited to give the grand jury the light of his personal testimony in legally illuminating the dark places of this nocturnal episode, but, so far, has declined to treat with the enemy, save across state lines, through the safety of long-distance medium, furnished by the public press. True, the court of inquiry may, in the law, have recourse to proceedings in requisition, but it is a violent presumption that would conceive of Governor Bradley granting a requisition from the state of Tennessee upon the state of Kentucky, providing for the enforcement upon himself of the Chattanooga grand jury's summons into the court in the capacity of culprit or witness.

-- s an interesting incident this Ten nessee-Kentucky case bids fair to rival that of the two Carolinas in historic interest. - Commercial Tribune, Cincinnati.

A THOUSAND TONGUES

Could not express the rapture of Min-nle E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Con-sumption had completely cured her of a backing cough that for many years had made life a burden. All other rem-edies and doctors could give her no help, but she says of this Royal Cure-"it soon removed the pain in my chest and I can now sleep soundly, something I I can now sleep soundly, something I can scancely remember doing before. I feel like sounding its praises through-out the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. ## "A Rolling Stone . Gathers No Moss."

This is merely another way of saying that 'careless men and women fail to get what is due them. Ordinarily the "moss" is construed to mean wealth or social position, learning or benefit of some kind, but the attainment of any of these depends upon health.

And health depends upon what? The condition of the blood, and but few realize this fact. You cannot be well when your blood is impure. Impurities of the blood clog every organ. Hood's Sarsaparilla purifies by taking out the vicious elements and leaving the blood as it should be - the feeder of life.

Scrofula Bunches-"My baby was weak and delicate after scarlet fiver. Skin was transparent and blue. Scrofula bunches came on his neck. Three bottles of Hood's Sarsaparilla removed them com-pletely and he is now strong." MRS. GEO. CLARE, 522 Chestnut Street, Lynn, Mass.

Inflammatory Rheumatlam-"Two attacks of the grip left me with Inflamma-tory rheumatism. Am 89 years old, but Hood's Sarsaparilla cured me and I can climb stairs and walk anywhere." J. Lovz-LAND, 373 Fargo Ave., Buffalo, N. Y.

Catarrh "I suffered twelve years with Eczema catarrh, filteen years with eczema. Tried different medicines and phy-sicians with only temporary relief. Finally took Hood's Sarsaparilla and Hood's Pills patiently for six months and am entirely cured." P. J. BURR, U. S. Pension Office, Indianapolis, Ind.

After Fever-" Typhoid fever left my little girl very weak and thin and with no appetite. She is now fat and well and Hood's Sarsaparilla made her so. It cured mythusband's rheumatism." MBS. CLINTON B. Corg. Buckingham Valley, Pa.

### AN INTERSTATE INCIDENT.

 $\Lambda$  startling rumor is blown upon the bourbon-scented breeze aeross the blue glass of Kentucky. It is in effect that Governor William O. Bradley, chief excentive de facto of the grand old Corn-cracker commonwealth, has been guilty of high crimes and misdemeanors against the laws, as made and provided for the protection of temperance and good order in the State of Tennesee.

In brief it is charged and set up that while a guest of that good state the afore mentioned William O. Bradley did, with pretense of malice, or words to that effect, wantonly violate the curfew law of Chattanooga, to-wit, that said William O. Bradley did take a bina drink after ten of the clock post meridian.

It is recited, upon the affidavit, prop-enly attested, of the Chattanooga Pastoral Secret Service or Ministerial Private Detective Association, that after the fatigues of the Kentucky monu-ment dedication to the joint memory of heroes who died uniformed in blue and heroes who died uniformed in gray, a party, of which the governor was the official and actual leader, repaired to a fashionable local club of that, well-or-

#### ROBED THE GRAVE.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition My skin was almost yellow, eyes sunk-en, tongue coated, pain continually in back and sides, no appetite-gradually growing weaker day by day. Three physicians had given me up. Fortun-ately, a friend advised trying Electric Electric and the my great low and sur-Bitters; and to my great joy and sur-prise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents a bottle at any drug store.
