## CHALLENGED LUNA

### Maj. Buencomine Wants to Fight Gen. Luna.

## AQUINALDO'S DICTATORSHIP

### Seeking to Arrest Those Who Favor Autonomous Government—Second Oregon Regiment Leaves Tuesday.

MANILA, June 8.—The second Oregon Regiment is preparing to sail for home, but their departure will probably be delayed until next Tuesday.

Prof. Schurman, chairman of the Philippine Commission will leave tomorrow for an extensive trip South.

A rumor is current that Aguinaldo will establish a dictatorship placing under arrest those who are known to favor an autonomous government. This rumor is credited by the leading Filipinos here.

Members of the family of Buencomine, one of the Filipino commissioners recently captured by General Luna on their way from Malolos to join the other native commissioners and detained by that leader, have been interviewed at Sulipan. These say that Major Buencomine, a son of the commissioner, has challenged General Luna to fight a duel on account of the insult to his father, whom General Luna is alleged to have struck.

## REBELS DEFEATED.

WASHINGTON, June 8.—General Otis cables that the insurgents were driven from Morong peninsula into the mountains, leaving twenty-five dead. Our loss was four killed and a few wounded slightly. The city of Morong is garrisoned. All the other troops are withdrawn. The inhabitants of their provinces profess loyalty and ask to be allowed to come to Manila. This request was refused as that city is increasing too rapidly.

## BAILEY ON A. AND M.

### Editor of The Recorder Assails One Professor.

In this week's Biblical Recorder Editor J. W. Bailey has his leading editorial on "The Failure of the Kid-Glove Idea." Mr. Bailey says in the course of his editorial:

"Conducted upon the plan originally intended there is great need and a great future for this institution; conducted as it has been so far it can never amount to a great deal. The only hope is to begin all over again," profiting by the experience of the last few years. Even then, being dependent upon political influence for support, it must needs have political changes and political greed to contend with; but as a trades-school, a technical institution, a college of practical instruction, it will find great relief, if it is a Literary Institution. To endeavor to make one of it is to argue that the University of the State has failed and that the denominational colleges are inadequate. To make a literary institution of it can benefit no one save the professors who conduct its departments."

Mr. Bailey concludes his editorial as follows: "Better begin over again. Get a teacher of Horticulture who will teach that department, attend to his own business—without writing scurrilous articles anonymously for the press, without recommending 'Potash' for everything under heaven at so much per line, without assuming to run the Board of Trustees, without trying to run two other professors into the ditch, without getting out of the faculty, without trying to do this for one thing, and there will be hope. And in place of the fawning fellows who infest the halls of legislation, when they ought to be teaching, and lobby not only for appropriations, but of Trustees whom they can control, get real teachers. Then, at any rate, the alumni of the institution can have some consideration in the selection of trustees."

"There is hope for the North Carolina College of Agriculture and Mechanical Arts, if its Trustees will resist the factious clique who are running it and making life a burden for their fellow teachers; there is hope if the trustees will make of the institution somewhat of that which its founders desired. But there is no hope unless they begin all over again."

"A splendid plant, an excellent location, a magnificent income, a large field of usefulness; but all so far to no purpose. The kid-glove idea has failed; the people know it; enough of pretensions; let us come down to leather aprons and real work."

This morning the Sunday school of the Edenton Street Methodist church left for Beulah church grove where they are enjoying their annual picnic. They went by conveyance through the country. The Edenton Street Methodist today closed a contract with the Seaboard Air Line for a train to Holly Springs, where they will picnic July 14th. The Baptist Tabernacle Sunday school has arranged to run their excursion to Norfolk via Seaboard Air Line on June 27th.

## ALASKA BOUNDARY.

Choate, Pauncefote and Salisbury Will Confer on the Matter.

LONDON, June 8.—Sir Julian Pauncefote will leave The Hague as soon as the peace conference will permit and come to London to have an interview with Lord Salisbury and Choate, United States minister over the Alaska boundary question. It is authoritatively stated that much difficulty arises from a misinterpretation of a Canadian dispatch on the subject, but the proposed discussion between the premier and the two ambassadors will probably arrange this.

## CHRISTIAMI WILL BE TRIED.

CAYENNE, June 8.—Cooland leaves at two o'clock for Devil's island for Dreyfus.

## KRUGER AND MILNER

### Reason for the Failure of the Conference.

LONDON, June 8.—Advices from South Africa, emanating from British sources, show the utter failure of the conference between Kruger and Milner. Kruger, under pressure, offered three additional seats to the outlanders. Milner pointed out the inadequacy of this. Throughout the conference Kruger sought to use the franchise proposals as the means of obtaining a promise to settle the differences under a convention by arbitration. Milner refused to treat the two subjects as interdependent.

## THUNDERSTORM FRIDAY.

For Raleigh and vicinity: Fair to-night; a thunderstorm probable Friday afternoon or night, followed by cooler. The storm wave throughout the south and east shows no sign of abatement. The highest temperatures Wednesday were 98 degrees at Charlotte and Norfolk, 96 degrees at Montgomery and Washington, and 97 at Raleigh, and lower readings further south. A change is visible on the weather map this morning, which gives promise of relief within two days. A high area has appeared in the northwest with a considerable fall in temperature. The minimum at Birmingham was 28 degrees. Cloudy weather with rains at scattered stations prevail west of the Mississippi River.

## THE DELAWARE EXCURSION.

It Was an Enjoyable Trip.—The Park is an Attractive One.

Those who went on the Raleigh and Gaston Workingmen's Relief Association picnic excursion to Delaware Park Tuesday were thoroughly pleased with their trip. The park is certainly an ideal place for a picnic. It embraces about 30 acres lying on the Nottoway river. Thousands of dollars have been spent in the erection of pavilions, bowling alley, summer houses, swings, etc.

The S. A. L. band from Norfolk took on the grounds to welcome the excursionist and played several selections. The band makes good music.

The park contains so many attractive features that the time slipped away very rapidly.

In Skelton Hall the Raleigh quartette rendered a number of vocal and instrumental selections which were greatly enjoyed. Then there was dancing in the Royal Pavilion, riding on the "Spinning Jenny" fun in the ten pin alley, riding on the river, etc.

Three or four excursions are run to S. A. L. park every week. There are over 30 looked for this season.

## STEAMER RUN ASHORE

### Had Two Hundred Passengers on Board but All were Rescued

GREENSBORO, CONN., June 8.—The sound steamer "C. H. Northam," of the New Haven Steamboat Company's line, was run ashore, near New Creek, early this morning to keep her from sinking. The "Richard Peck" in the night fog buried her bow into the "Northam's" bow, half way through the hull, tearing a rent fifteen feet wide from her upper deck to her keel. Two deck hands were hurt, but they will recover.

The "Richard Peck" took the "Northam's" two hundred passengers.

## MRS. RUTHY HOWARD DEAD.

Mrs. Ruthy Howard died at the Watts hospital yesterday morning about 1 o'clock. She had been in ill health for some time and it was thought best to take her to the Watts hospital where she could have the advantage of the best physicians of the town, so she was taken there last Saturday, but as is often the case with those sent to the hospital her condition was beyond improvement at that time.

She was 50 years old and leaves one brother, W. C. Rigbee, of this city, and one sister, Mrs. Rebecca Johnson, of Raleigh, to mourn her death.—Durham Herald.

## FITZSIMMONS—JEFFRIES

### Sportsmen are Pouring into New York for the Fight

NEW YORK, June 8.—The report that five thousand recruits will be called for to go for active service in the Philippines immediately, is substantiated by the United States, recruiting officers of this city, who state that they received an order yesterday to send to the Philippines as many white recruits as possible. No definite number was stated. They sent twelve men last night to Chicago whence they will proceed to San Francisco. They expect to send as many every day. That men are sent to San Francisco is taken as an indication of urgent need.

Jeffries has given out the statement that he wants a hot pace set in his fight Friday night. He says if Fitz don't fight fast he will force the fighting himself. In his statement he says:

"I hope that Fitzsimmons will be just as aggressive as he has been with other men who faced him in the ring. He will find me ready for him every time. There won't be any sprinting on my part. I want to fight him, and if I have to cut out the pace myself I will do it. I am a stronger man than he is, and I am willing to mix it with him from start to finish. I don't care how long or how short the fight is, but I hope there will be plenty of fighting and good, hard fighting while it lasts."

Professor Donovan, who watched Jeffries exercise the other day, and who was a pronounced Fitzsimmons man, said after the exhibition that he never saw a man in such perfect condition nor so strong as Jeffries' capacity for hard blows and his wonderful improvement as a sparrer. He said he never saw a man improve so much in so short a space of time. He admitted that Jeffries is very clever and quite fast. He also expressed the belief that the Californian would win.
