NICHOLS INTERRED

Body of the Monadnock Laid to Rest.

DIED FROM THE HEAT

Flags at Half Mast in Manila—Americans Close in on Towns and the Insurgents Flee Southward

Manila, June 12.—The funeral of Captain Nichols, the commander of the Monadnock, took place at Cavite yesterday with appropriate ceremonies. The officers of the fleet were present. All the flags were at half mast.

The heat Saturday was most severe and the monitor was engaged all day shelling the trenches at Parangue and the insurgents fleeing southward, and also watching the American troops closing upon the town. Captain Nichols was overcome by heat at noon and retired to his cabin, where he received the reports of the officers. He became worse at three o'clock and lost consciousness. He expired at five in the afternoon. Several hours before his death he expressed gratification at the way in which events were progressing and remarking to one of the officers, "We have got the rebels there at last."

GULDENSUPPE AFFAIR

Portions of a Human Body Found in East River, New York

New York, June 12.—This morning another portion of a body was found in East river. It was picked up in the upper bay. It was the shoulder section. The top of the skull, including the right ear, was cut off. The right was missing, severed from the shoulder with the left arm and hand still attached. The eyes are missing, but the face and nose downward are unimpaired and this affords hope for identification.

This mystery bears a remarkable likeness to the celebrated Guldensuppe case.

PICNICS

Sunday Schools Which Have Picnics on Foot.

Yesterday the Edenton Street Methodist Sunday school decided to postpone their picnic to Holly Springs until Wednesday, June 21st, instead of having it next Wednesday.

The Sunday school of the Christian church will picnic at Fagnays Springs next week. They anticipate a delightful time and invite their friends to join them.

The Sunday school of the Good Shepherd church has appointed a committee, consisting of Messrs. C. C. McDonald, Jesse Ball and Brown Shepherd, to select a place for their picnic. The teachers and scholars will meet next Friday night and determine the time.

The West Raleigh Baptist Sunday school will picnic at Fagnays Springs Wednesday.

The Baptist Tabernacle Sunday school will have their annual excursion to Norfolk on June 27th.

FILM PLACE

Streets Around the Market in a Dirty Condition.

Those who walked down Fayetteville street Sunday found the market anything but an inviting place. Indeed the two streets on either side of the market house were covered with a mass consisting of cabbage leaves, scraps, vegetable matter and manure. This filth doubtless collected there Saturday night but some plan should be devised to prevent such a nuisance from remaining there all day Sunday. Such a collection of filth as was on exhibition there yesterday was certainly not calculated to promote the health of the persons in that section.

NANSEN DECLINES

He Cannot Accept Offer of British Society.

Christiana, June 12.—The English Geographical Society has proposed to Nansen that he join the British Antarctic expedition. Nansen sent his reply today, declining to accept the proposal in view of the fact that a British naval officer would command. He added that for his part he preferred that the expedition should be made up entirely of Norwegians.

WARMER TOMORROW

The forecast of the weather bureau for Raleigh and vicinity says: Clearing tonight; fair Thursday, becoming warmer.

Cloudy, threatening weather with rain at a large number of places prevails throughout the south and east. The heaviest rains were 2.28 inches at Mobile and 1.78 at Vicksburg. Under the influence of a considerable depression central over Minnesota the temperature is rising in the central valley with southerly winds. Generally fair weather prevails in the interior of the United States.

The Government has allowed \$25 to be expended on the shade trees in the rear of the post office. These trees were set out by Col. Shaffer eighteen years ago and they are now the most beautiful sugar maples in the city. Nothing has been done for them since they were set out and the appropriation, which was secured by Col. Shaffer, is timely since they are beginning to need attention.

CLEVELAND STRIKE

Bloodshed Between Strikers and Police Expected.

WORKMEN IMPORTED

Attempt to Start One Car Occasioned a Row—Windows Broken—Woman Overcame one Conductor

Cleveland, June 12.—Fighting and bloodshed is looked for here today between the strikers and the police, unless the unexpected happens and the street city is settled very soon.

A conference has taken place between State Arbitration Commissioners Little and Bishop and the members of the street car employees association on the one side, and President Everett of the consolidated street railways, on the other. What occurred in the conference is kept secret.

The company has imported men to take the place of the strikers. However they only succeeded in getting about one hundred from Chicago, Milwaukee, St. Louis, Pittsburgh, Cincinnati, Detroit and Toledo.

Three cars left Lakewood Barnes this morning at 9 o'clock and passed through a jeering, hooting crowd making their way to this city without serious incident.

One hundred men came from Toledo and Cincinnati to take the places of the strikers. Fifty policemen went to Lake View to preserve order.

The board of directors of the street car company had reached no decision at eleven o'clock as to whether they would employ the State arbitrators.

An attempt to start several cars later from Lake View caused a row, stones were thrown, breaking the car windows. In one case a woman led the conductor off the car while the crowd was cheering.

CHARLES TAYLOR DEAD

Mr. Charles Taylor, the nephew of Mrs. Louis T. Brown of this city, died at his home in Durham this morning. He was only sixteen years old. He was a brother of Miss Lizzie Taylor who made so many friends during her stay in this city.

BONDS CARRIED

Heavy Vote For Both Bond Issues

STREET IMPROVEMENTS

The Street Bonds Slightly Led the School Bonds—But Few Voted Against Either.

The people of Raleigh today by an overwhelming majority approved the issuance of \$100,000 in bonds for street improvements. By almost as decisive a vote the electors of Raleigh township had authorized the issuance of \$50,000 for school purposes.

More interest was manifested in the bond election today than was shown in the election over \$500,000 for street improvements two years ago. In fact the registration was much heavier, approximating 1,000 on the street bonds in the city. The voting began early and progressed rapidly. Very few votes were cast against the bonds so that at two o'clock the friends of the bonds had the satisfaction of knowing that the victory was won. Indeed seldom have the people been so practically unanimous on a question. As an example in the first ward at eleven o'clock 107 ballots had been cast. Only 52 votes were against the street bonds and either refrained from voting or voted against them while 5 had voted against school bonds.

GROWTH OF SENTIMENT.

The change in public sentiment in this city regarding bonds is more than remarkable.

In 1892 the question of issuing bonds for street improvements in Raleigh was defeated by popular vote.

In 1895 the matter was again discussed and the question of submitting it to a vote decided on but it was withdrawn as the opposition was so strong that it would have been defeated.

In 1897, however, the question of issuing \$50,000 in bonds for street work was submitted to the people and voted on under a new registration and carried by a small majority of the registered vote.

In 1899 the issue is again submitted but this time for \$100,000 instead of \$50,000 and behold the registration is equal to the registration in a county election and the voice of the people is practically unanimous in favor of the bonds.

This is indeed a flattering endorsement of the work which Chairman Drewry has done for Raleigh and is enough to make him feel proud. Through his labors this remarkable revolution in public sentiment has taken place.

THE ISSUANCE.

The finance committee, composed of Messrs. H. W. Miller, W. E. Jones and Lynn Wilder, will arrange for the disposition of the street bonds. It is practically settled that the entire \$100,000 will be issued at once and disposed of in a lump immediately. This will cause them to bring a better price and be of advantage to the city. They will be 20 year 5 per cent. bonds. Under the law authorizing the issuance not more than \$50,000 from the issuance can be expended in one year.

An alderman speaking of the plans said today, "With this money the work will be pushed right ahead. We want as many streets as possible fixed this summer and fall and thus prevent the condition which existed last winter. Before a considerable amount was necessary to arrange for the work, now every thing is ready and we can go right to work."

SCHOOL BONDS.

The \$50,000 in bonds for school purposes were issued by the township, not by the city. In Raleigh proper the vote on the street bonds exceeded slightly the vote for the school bonds. A few, however, voted for the school bonds and against the street bonds, but more voted for the street bonds and against the other.

These bonds will be used to purchase the Murphy school building, for which the school committee is now paying \$800 a year rent, and in the erection of new school houses and other improvements in school property.

BEST IN TEN YEARS.

Fifteen Members Admitted in Christian Church Yesterday.

Services were largely attended at the Christian church yesterday. The pastor, Rev. J. L. Foster, preached both morning and evening and the meeting which has been in progress continued with increasing interest.

The Sunday school was largely attended and several new members were admitted. At the morning service the doors of the church were opened for the reception of members and fifteen joined.

During the day two professed their faith in Christ and a number were reconsecrated to God's service.

The special services will continue tonight.

In speaking of yesterday's services Mr. Foster said today "I feel greatly encouraged. Yesterday was the best day we have had at the Christian church in ten years."

WALSER'S OPINION

Non Transferable Checks for Hands not Allowed.

WAKE NOT EXEMPT

Messrs. Wrenn and Petty Ask If Their Non Transferable Between Pay Day Checks are Against the Law.

Messrs. Wrenn and Petty of High Point, in a letter to State Treasurer Worth state, "We enclose you a check that we have used for our bank for merchandise between the city days. Please let us know if we can use them any more under the present law."

The sample sent is a little round postpaid card. On one side is printed, "Twenty-five cents. Non transferable" on the other is "This check is good for twenty-five cents. Payable in merchandise at the store of M. J. Wrenn High Point, N. C."

The matter was referred to the Attorney General Walsler, and he sends the State Treasurer the following opinion:

"In reply to the letter of Messrs. Wrenn and Petty and referred to me for answer, I will say that the non-transferable check enclosed would seem to be prohibited by chapter 280, acts 1880, and chapter 456 of acts 1891."

The Legislature of 1889 first passed this bill but Wake and several other counties were exempted. However, in 1891 the proviso exempting Wake and certain other counties was repealed and the act now reads:

"Sec. 1. That it shall be unlawful for any person or persons, firm or corporation, who employ laborers by the day, week or month, to issue in payment for such labor any ticket or tickets, or other scrip bearing upon their face the words 'non-transferable,' or to issue tickets or scrip in any form that would render them void by transfer from the person or persons to whom issued, but all tickets or scrip issued to laborers for labor done shall be paid to the person holding the same their face value by the person or persons, firm or corporation issuing the same."

"Sec. 2. That any person or persons, firm or corporation violating the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars for each offense, or imprisoned not more than thirty days."

This is a matter which, it is said, has been largely overlooked. It is said that similar checks have been used by some firms here with their hands.

OVATION TO PRESIDENT LOUBET

He Was the Hero of the Hour at the French Races Yesterday

Paris, June 11.—President Loubet has had his revanche for last Sunday's outrage at Antoin. When he drove to Longchamp today to attend the Grand Prix he was the hero of a great popular demonstration, expressing itself in one form or another along the whole route from the Elysee Palace to the race course. He remained only a quarter of an hour, just long enough to witness the race, and, having congratulated the owner of the winner, returned to the Elysee, where he arrived at 4 o'clock without special incident.

The Revisionists and Socialist organizations summoned their readers to assemble along the thoroughfares to be traversed by the President and his party, and from the hour of noon thousands of demonstrators set out from Montmartre, Belleville, and other working-class quarters, in large organized bands, all wearing a small, artificial red flower in the buttonhole, and marched across Paris, taking up positions along the Avenue des Champs Elysees and the Avenue du Bois de Boulogne.

They gave M. Loubet a tremendous ovation, confining their cries almost entirely to "Vive Loubet" and "Vive la Republique." The President did not hear a discordant cry, although there were one or two scuffles before and after he passed between the police and an occasional hot-headed anti-Dreyfusard, who tried to shout "a bas Loubet" and was immediately pounced upon by a swarm of policemen.

Although the visit passed off quietly the Government was prepared for every eventuality, the whole district between the Elysee and Longchamp literally teeming with troops and police. A policeman was stationed every dozen yards along the whole route, and there were squadrons of dragoons armed with lances and mounted Republican Guards at all important points, while through the green foliage of the Bois, on each side of the avenue, could be seen heavy masses of red and blue, denoting the presence of detachments of soldiers, awaiting orders.

On arriving at the race course the President drove through the paddock to the Presidential box. Municipal guards and police lined the path across the paddock. Drums beat and trumpets blared when M. Loubet appeared in the form of the box and a scene of intense enthusiasm followed, lasting several minutes, with an uproar of shouts of "Vive Loubet" and "Vive la Republique," which settled finally into a monotonous chant.
