THE READER IN THE NEWS AND IN CITY CIRCULATION.

MONDAY, JUNE 12, 1899

Roanoke, Virginia, has passed an ordinance prohibiting the sale of tobacco in any form, pipes or dunks to boys under sixteen years of age.

Bellamy Storer, the kidnapped, lost, strayed or stolen United States Minister to Spain has turned up at a seaside resort. Perhaps Bellamy was taking a bath before entering Madrid.

It is currently rumored in London that a proposal has been made for the United States to act as mediator between Great Britain and the Transvaal.

The ghost of Shylock might blind with shame to hear that France is to charge Captain Dreyfus one franc a day for his four years' torture on Devil's Isle, this amount to be deducted from the average of pay due him during his unlawful imprisonment.

David B. Henderson has a soft heart while Thos. B. Reed's is hard as steel. Henderson will cry like a baby at the funeral of a friend or when listening to sorrow or distress of an old soldier, and often wipes tears from his eyes over imaginary wrongs of the heroes of the play at the theatre. Reed never shed a tear.

In the recent prize fight Fitz "flooded" while Jeffries was "groggy," though neither had been drinking, and one "flooded" while the other "dunked." Fitz got in a severe "upper cut," but he had neither knife or razor. It was so very warm that both men "feinted" in the first round. About a year ago Fitz, Simmons told Jeffries to "let up on his jaw work and go make a reputation." This Jeffries had no trouble to do when he Fitz-Simmons.

War rights many differences. Five years ago Henry Ballantine and wife, of South Dakota, agreed to separate, and the wife sued for and a decree was granted. Property devised to her by her husband was sold and she accumulated a comfortable fortune. While visiting in San Francisco recently she met her former husband on the streets badly used up from service in the U. S. army in the Philippines, took him to her hotel, nursed him to health and strength and remarried him.

The brutality of the League, up in Maine is as revolting as that of the Georgia madened fiends. Yes, 'tis even greater and more fiendish. This New England mob should tar and feather a citizen because he sees fit to worship in accordance with the dictates of conscience, and then attempt to burn their victim in little above cannibalism when compared with the lynching of a mental negro for outraging a white woman.

There is a hustling out of office of all Democrats who have been assisting in collecting the internal revenue for the United States. Inefficiency, faithful service, experience and known and proved integrity won't save any man's bacon whose politics is unfavorable to McKinley's re-nomination and re-election. The time has come in our opinion when a foe to the civil service is an enemy to honest and faithful public service and the surrender of McKinley of this point was cowardly and complete.

## THAT THROBBING HEADACHE.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all druggists.

It is rumored that the English Government will refuse to deliver up Count Esterhazy to France on the ground that he is a political refugee, and not within the conditions of the extradition treaty between the two countries. Such, however, is not Esterhazy's case. He is nothing more than a common forger, a miserable perjurer, and should be dealt with as any common rogue. Blackest treachery toward Dreyfus, a fellow-soldier, is his crime, and Great Britain or any other country would dishonor itself by refusing to surrender so unmitigated a scoundrel to that punishment he so richly deserves.

A grand-son of Southey, got in jail in England by offering for sale and selling cats that he didn't have. How about selling cotton, wheat and other commodities one didn't have?

## SOUTHERN RAILWAY PLANS.

Extensions to be Built—New Depots and Other Improvements. (Manufacturers' Record.)

The indications are that the Southern Railway Co. will be a prominent factor in railroad construction during the present years. The Manufacturers' Record learns upon excellent authority that it is now constructing thirty-two miles of line in South Carolina immediately on what is to be known as the Savannah extension. It is probable that the rest of the mileage necessary to complete the system to Savannah will be let to contract within a few months. In addition, the management is considering a survey for the extension from Chattanooga, Tenn., to Stevenson, Ala., on the Memphis and Charleston division. This is the last of a series of surveys, and will probably result in contracts being let in a few days. This section is about thirty-five miles long. There is a strong probability that the company will also make further important extensions.

In addition to the depot to be built at Richmond, the company has determined to erect a passenger station at Danville, Va., and has approved plans for its construction. It will be nearly 200 feet long, thirty-five feet in width, and will have a train shed nearly 400 feet in length. The principal building will be constructed of brick and granite, heated by steam, and the exterior will be very elaborate in character. The plans were prepared by Mr. Frank P. Milburn of Charlotte, N. C. The building will cost about \$20,000. The Southern has also made arrangements to erect a freight depot at Rome, Ga., which will cost \$50,000.

The company has made a formal announcement of the lease of the Mobile and Birmingham, and the acquisition of the Carolina Midland and the Sevier and Knoxville Railroads. The principal officers of the new division, according to the president's orders, have been retained.

A dispatch from Columbia, S. C., announces that the company is now ready to construct the proposed union depot in that city. Several sites have been examined for the structure, which, it is estimated, will cost fully \$50,000.
