STREET BONDS WILL BEAR 4

Finance Committee will Recommend a 4 per cent Bond.

BOARD MEETS MONDAY

The Finance Committee Decides that I is Best to Issue the Entire \$100,000 in Four Per cent. Bonds

The \$100,000 for street improvements will be issued in four per cent bonds, instead of five, if the recommendation of the Pinance committee is carried out by the Board of Aldermen.

The Finance committee, composed of Mr. Henry W. Miller, Mr. W. E. Jones and Mr. Lynn Wilder, held an important meeting last evening and thoroughly studied and canvassed this question. The Board of Aldermen, at their last ion, decided that the issuance should be five per ceut bonds and then left the matter of whether the entire \$100,000 should be issued now or \$50,000 a year for two years, to the Finance committee, with instructions to report back to the Board their recommendations.

The Finance committee has worked dligently with a purpose single to the best interests of the city. Last evening they agreed that it is best to Issue the entire \$100,000 in four per cent bonds. A member of the committee assigns as the reasons for this course that the four per cent bonds can be floated certainly at \$102 and perhaps for even more. While, of course, the city could get more money for a 5 per cent bond yet this money could not be used for street improvements for the act authorizing the issuance enjoins that not more than \$50,000 can be used a year for two years. The act is thus worded instead of stating that half of the sum can be used a year for two years, as was the evident intent. These and other reasons convinced the committee that a four

per cent bond was preferable.

In deciding that it is best to issue the entire \$100,000 at once the committee is acting upon sound business principles. Next year is a presidential year and such times are always marked by a great or less shrinkage in bonds. Raleigh will be the only city in the south which has succeeded in floating a four per cent bond and this will be a tremendous send off for the city. While it is assured that these bonds can be floated most advantageously at this time it is by no means certain that the same will be true next year in the midst of a hot campaign on the constitutional amendment in this State and the excitement of a president-

The decision of the Finance committee will unquestionably meet the approval of the business men of Raleigh. They have executed their difficult task with ability and the Board of Aldermen will times are always marked by a greater or

A special meeting of the board will be called for next Monday night.

THE BOND ISSUE.

Editor Times-Visitor: In your one inch notice of the last meeting of the Board of Aldermen I have no complaint to make of being misrepresented or misunderstood as to my position on the bond question. Before the matter was presented to the people I moved and was in favor of fixing the rate of interest on them at 4 per cent in order to let the voters know what kind of a bond they were voting on. Mr. Drewry opposed this, saying it would deteat the bond lasue as we could not tell what might harries. At the last meeting of might happen. At the last meeting of the Board-I again moved to make the bonds 4 per cent. Mr. Drewry opposed this, saying the voter understood that the bonds were to be 5 per cent. I dif-fered with him as to this. I am still in fever of a 4 per cent bond, which will sell for 102 or over. We saked the voters for \$100,000. They gave it to us. I am not in favor of adding I per cent to the interest in order to get \$120,000. I shall endeavor to get the oard to reconsider the 5 per cent and make it 4 per cent at our next meeting. As to maneging the city's affairs like would my own private affairs, I will I would my own private attairs, I will say that I never pay 'i per cent interest if I can get it at 5 per cent. So if the city can borrow money at 4 per cent, I think she is wanting in judgment to pass 5 per cent. As to issuing the whole amount \$100,000 and selling same when only \$50,000 can be used in any one year, thus paying \$2,000 interests. same when only \$50,000 can be used in any one year, thus paying \$2,500 interest for nothing. I cannot see how any sensible man can be in favor of this, although all but three of our members voted against selling only \$50,000 a year. I believe our finance committee, who are competent business men, will recommend to the board that only \$50,000 be sold and that they may ask the board to make the interest 4 per ceut instead of five and if they do not I trust the board will do so any way.

Very truly,

ANNUAL OUTING.

The annual picnic of the Edenton street Methodst Sunday school is always looked forward to with much pleasure by the members of the school and by their friends in the city. They have been peculiarly fortunate in their choice of a place this year. Holly Springs a lovely village, which has not been visited by many of our people, because it has only recently had ra Iroad connection. It is not far away. Its people are kind and hospitable. It water is excellent. Its shade delight ul -and "the brightest of green" covers its areas. If it should rain, there is

bundant shelter for a large crowd. The rates have been put at lowest figure. For everybody-whether in or out of school, children under 15 years 25 cents, all over that age 50 cents.

PICNIC WEDNESDAY. "We will all have a ride" on next Wednesday, June 21st at 8 o'clock a. m. sharp. The Church of the Good Shepherd Sunday School will pull out from the end of Union depot shed for a days' outing and basket pic-nic at Fuquay Springs. You will find cool fresh air, plenty of shads and the best of all pure healthful clear crystal water. Mr. Barney Jones, from Terrie Creek will have "barbecue" for those who may want it. The children who go will enjoy wading in the shallow clear water of the branch that bubbles through the shady grove. The largest people can on-"We will all have a ride" on next of the branch that bubbles through the shady grove. REBELS AGGRESSIVE

Lawton's Move Frustrated Their Plans.

MORE FIGHTING EXPECTED

Aguinaldo Intended to Break Through the American Liues and Attack Manifa-Insurgents are Still Determined.

WASHINGTON, June 17.-Reports received at the war department from General Otis indicate that considerable more fighting may be expected in the Philippines before the insurgents will accept the American terms for peace. Aguinaldo is ruling his followers with

an iron hand. The rebels have shown a tenacity of purpose that has been surprising. They have persisted in fighting notwithstanding their severe losses and disastrous repulses.

The war department officials believe that the insurgents had mapped out a complete plan for an attack simultane ously on Manila and MacArthur's forces at San Fernando.

General Lawton's advance to south Manila was evidently unexpected. He not only defeated the rebels with great loss, but broke up their proposed attack. The fight reported yesterday is believed to have been a part of this plan of Aguinaido to break through the American lines between San Fernando and

Calumpit and advance upon Mania, to

aid in the attack on the city, which had been pre-arranged. NEW MUSEUM BUILDING.

FOR ODD FELLOWS.

The cry is still they come. Neuse lodge elected forty one appli-cants on the 13th and it was not a good day for such either. Grand Secretary Woodell was sum-noned to Gastonia by telegram late yes-

terday evening and took the train at 2:09 this morning. Hot Springs, No. 179, whose secretary said a few months ago had used up all the material in reach, has managed to

find twelve more and elected them. Dr. McBrayer says all Buncombe does

not need to vail itself of the club rate. They are taking in plenty at the full rate. Hurrah for Buncombe. Attend your lodge meetings more fre-

quently and you will feel a deeper interest in the order. You need not expect to fel an interest in anything that you never see or know anything about. If you have not sufficient interest to look into the working of your lodge what are you in it for.

A financial secretary sald to us not long since that frequently when he dunned a member for his dues the auswer would be, "Oh, I am going to drop the thing. I can't keep it up." Why, what is the reason you can't? says the secretary. "Well I can't attend nor do I ever receive any benefit from it."

Now, why do members feel thus? It is because they never see inside the lodge, never try to find out anything about what the order is doing nor ever take interest enough in the matter to ask themselves the question, why did I ever become a member? We do not wonder that such members feel as though they were throwing money away when they pay their dues. Why is it that such people never thought that way be-fore they became members? It is be-cause they saw some of the many things the order was doing. While on the outside they could see so much that they were attracted to it, but now they nev-er go near their lodge nor mingle with the members, nor care for anybody but self, and no wonder they become tired of it. "Can't attend." Why there is no truth in such statements. If they wanted to attend they could always find a way. They will soon want to attend if they commence to attend. The often-er one attends his lodge meetings the more he is inclined to attend, and vice rerea. The "can't attend" is a subterfuge. Not one in twenty but what can
find a way to go to any place he is inclimed to go. Soo let us have no more
of it, but come up like a man and say
I don't care to attend. I have lost interest in the thing. In other words and
to be plain I am growing more and
more selfish. The lessons the order
taught me have all faded and gone from
my mind and I don't care to again put
myself in a position where I am under
any obligation to any one. Self. Self.
Only self. versa. The "can't attend" is a subter-

ALL CAUSED

BY A 35 CENT COLLAR

State Chemist Got a Job as Well as the Mayor. All this has been caused by one collar

sold by Ralph Fortune to Walter Flags. Behold how great a matter a little fire kindleth. Yes, Fortune sold Flagg a presuma-

bly rubber collar for thirty-five cents. Flagg had the collar analyzed by the State chemist who pronounced it celluold and not rubber, whereupon two fights have resulted and three trials; all about the 35 cent collar. The last trial was before Mayor Powell this morning when Ralph Fortune and Walter Flagg were arraigned for affray. Fortune used a pistol and was bound over to the Superior court while Flagg was fined one

Fortune was represented by Mr. J. C. L. Harris while Messrs. Douglass and Simms appeared for Flagg.

SEARCH FOR ANARCHISTS.

BUENOS AYRES, June 17 .- Secret ervice agents are making a vigorous search for the anarchists who are believed to be ready to make an attempt on the life of the President of the Republic. Dynamite was found hidden under the track in such a way that the passing of the President's train would explode it. It was discovered just before the train reached the spot.
