## WHEATON'S PROGRESS

### Herez Dasmariñas Captured this Morning.

### PLACE WAS DESERTED

### He Encountered Slight Opposition—March on Buena Vista Tomorrow—Filipinos Completely Demoralized.

MANILA, June 20.—General Wheaton reports that he occupied Herez Dasmariñas after a slight opposition. The town he found deserted. It is a miserable and worthless village. It is surrounded by swamps and is altogether so valueless a place that it is not deemed advisable to hold it. General Wheaton goes to Buena Vista tomorrow where it is reported that the insurgents have re-established an arsenal and powder mill which they removed from Ismus. A reconnaissance will be necessary to develop the position of the enemy. The reconcentration of the insurgents and their apparent willingness to attack Ismus furnish another illustration of the remarkable recuperative powers of the Filipinos which has been shown on several occasions. The demoralization of the enemy after their defeat at Zapote Bridge seemed complete. But they have already recovered, and their force opposing General Wheaton composes practically the entire insurgent army of Cavite province. The country south of Ismus is composed of rice fields, sloughs, bamboo, swamps, making it very difficult for the Americans to cover, though it is comparatively easy for the Filipinos.

MANILA, June 20.—General Wheaton occupied Perez Dasmariñas this morning after moderately heavy fighting. Perez Dasmariñas is the headquarters of the Southern Filipinos, after they were forced to abandon Ismus. The rebels occupied the extensive barracks, which were built by the Spaniards.

## A SPANKING WIFE

### Justice Wakefield Decides that Mrs. Austy had a Right to Administer Corporal Punishment.

PORT CHESTER, N. Y., June 20.—Police Justice Wakefield this morning decided the celebrated case of Austy vs. Austy in favor of the wife. Austy had Mrs. Austy arrested for spanking him. The wife pleaded justification. After Justice Wakefield gave his decision Austy got into his wagon and shouted: "Tell her I'll never come back!" then he disappeared. The Judge told Mrs. Austy to go home in peace and if her husband became naughty to spank him some more. Austy was spanked because he refused to bring up some coal for his wife.

## MUSICAL PUNISHMENT.

Did you ever hear of "playing a child goods?" Here, says a writer in the New York Press, is an instance, related of herself by Emmy Henderson, now Mrs. Gwathmey: "As usual I was seated on the topmost plank of the fence about the parade grounds, while with my feet I mechanically beat an accompaniment against the lower rail to the music. So lost was I in this bright world that I was almost startled by the pleasant voice of an officer beside me: "So you like Yankee Doodle?" he asked me, with an amused air. "Yes, sir, I promptly replied; I just love music, Jew-harp and brass bands and organs and all kinds, and when I'm very bad at home they play me good." Play you good? he interrogated, with rather a puzzled air. "Yes, sir, it is just this way: instead of punishing me they put me on a sofa and play easy, soft music, and, somehow, it makes me gooder and gooder."

## FAIR AND WARMER.

For Raleigh and vicinity: Fair, warmer tonight and Wednesday. Remarkably fine weather prevails throughout the entire country. It is cloudy at a few stations only extending from the east Lake region west to Nebraska. The only rainfall reported occurred at Jupiter and Key West, Fla., and a local thunderstorm at North Platte, Neb. The highest temperatures yesterday occurred from northern Texas to Kansas. Dodge City reporting 100 degrees.

## ALL ABOARD FOR HOLLY SPRINGS.

The train, bearing the members and friends of Edenston Street Methodist Sunday School, will pull out from Union depot tomorrow morning, at 8 o'clock, arriving at Holly Springs shortly after 9 o'clock. Everything is in readiness for a day of pleasure. The weather is all that could be desired. The place is attractive. The good people, who reside there, have a cordial welcome. The prices are popular—only 25 cents for children under 15 years, and 50 cents for all others. The children are going—let the older people join them, and renew their own youth. "Plenty of shelter, plenty of shade, plenty of water and lemonade."

### CARRIE JONES SENT TO PRISON.

NEW YORK, June 20.—Bell Anderson, alias Carrie Jones, the kidnapper was taken to Auburn prison this morning.

## CONVICT COUNTERFEITER

### Convict Blackburn Manufactures His Crap Change.

### CAUGHT BY A DETECTIVE

### District Attorney Bernard Informed of Counterfeiting on the Castle Hayne Farm—Work in the Attorney's Office.

District Attorney C. M. Bernard today received a report from Detective George O. Barker of the United States secret service notifying him of counterfeiting which is being carried on by the convicts on the Castle Hayne farm. Detective Barker discovered that a convict named Frank Blackburn had an outfit and was making these counterfeit coins in halves, quarters and nickels. Blackburn used the spurious coins made in playing crap and other games with his fellow convicts. About six dollars of this worthless money was found in the possession of the various convicts. None of the money, however, had got outside the prison walls and was merely used to augment the circulating medium in the prison camp which was found entirely too contracted to permit a free display of poker and crap talent, which seems to abound among the State boarders at Castle Hayne.

Blackburn, the convict counterfeiter, is a white blacksmith serving a five-year sentence for larceny. Attorney Bernard was asked what action he would take in Blackburn's case. He replied, "I may request the superintendent to allow Blackburn to be taken before a United States commissioner and given a preliminary hearing and then, after his term has expired in the State prison, turned over to the government."

## COUNTERFEITING COMMON.

In discussing counterfeiting District Attorney Bernard was asked about the counterfeiting case in Wilmington. He says that Nicholas Cosovelas, a Greek, who was the main man in the affair is under arrest in New York. He will be brought back to North Carolina finally for trial. Nicholas Potets was found guilty in this case and given six years in prison and fined \$500 while Walter Silvery got one year and one day and \$100 fine. A. J. Marshall, the Wilmington lawyer, who is charged with being in cahoots with the Greeks in their counterfeiting scheme was bound over to the next term of Wilmington court under a \$5,000 bond. He was a lawyer of good standing before this came to light. Mr. Bernard regards the evidence against Marshall as conclusive.

"Counterfeiting seems to be quite common," said the District Attorney. "There is a case in the Western District of a man at Charlotte changing one dollar bill to five with a pen. The work was skillfully done." The District Attorney's office has been busy with old judgments in favor of the United States. Just now there are some amounts in sight of 1892 judgments amounting to about \$5,000.

The District Attorney announces that the following will be the calendar of all future federal courts in Raleigh: Moore and Chatham on Tuesday; Greenville, Person, Franklin and Vance on Wednesday; Nash, Wilson, Johnston and Harnett on Thursday; Wake and Durham on Friday; Halifax, Northampton and Warren on Saturday. The second week is devoted to the cases not reached on the first week. The cases not reached the first week will be heard the second.

## WARRANTS WILL BE PAID

### Treasurer Worth Says Prison Warrants Properly Made Out are Promptly Paid.

State Treasurer Worth said this morning that there is no reason whatever for the middle over paying the State prison warrant. "I have the money, he said, "and am anxious to pay it out and all that is necessary is for the warrants to be properly made out. All that is required is for the accounts to be separated so that the warrant will show that it is the account for either 1898 or 1899. Each warrant must be for only one year. It is easy to separate the years and there is no reason why the claimants do not get their money."

## THE ALDERMEN.

The board of aldermen last night met and heard the report of the finance committee (aldermen Miller, Jones and Wilder). As stated previously the committee recommended that the entire \$100,000 in street bonds be issued now in four per cent bonds. Alderman McDonald wanted \$50,000 issued a year for two years. The vote stood on Alderman McDonald's motion: Ayes—McDonald and Redford; Noes—Boggs, Correll, Crocker, Hamlin, Jones, Miller, Parish, Williams, Wilder and Wynne. Hence, the recommendations of the committee were adopted.

## CARROLL vs. GILBERT

### Effort to Eject the Lessee of the Carrollton.

### DISCRIMINATION CHARGED.

### Five Magistrates Tried—Jury Drawn—Witnesses Examined—Judge Watts Hearing the Case this Afternoon.

O. J. Carroll, M. A. Carroll and J. W. Hinsdale, trustees, against W. L. Gilbert was a civil action which attracted much attention today. Gilbert is the lessee of the Carrollton hotel and the action was brought to eject him on the ground that he has violated the contract. This violation consisted in discriminating against the family of Mr. Carroll at the hotel Carrollton where they board. The case was set for trial before Justice Marcom at 4 o'clock yesterday afternoon. At that hour, however, it was postponed upon agreement of Mr. F. H. Fisher, counsel for the plaintiff, and Mr. S. G. Ryan counsel for defendant. The postponement was occasioned by a proposed compromise by which Mr. Gilbert agreed to surrender his lease July 1st. However, the compromise failed to materialize and the matter came before Justice Marcom later when it was again continued until 9:30 this morning. This morning when the hearing began before Justice Marcom a jury was demanded and the following jury was finally agreed upon: B. T. Faison, John Dumeau, E. R. Crow and Tom Yates (foreman). At this stage Mr. Ryan for the defendant made several motions which were denied by Justice Marcom. Mr. Ryan then made an affidavit for removal. Justice Marcom thereupon sent the case to Justice Nichols but he asked to be excused from hearing it for private reasons. Justice Marcom then designated Justice Roberts, but since the latter once had trouble with the plaintiff he did not try the case. Justice Barbee was the next justice selected, but he had several cases on hand and prayed to be excused. However, Justice Watts was sent for and came to Justice Marcom's office to preside at this trial. Various motions were made at times by both attorneys and exceptions were entered.

## ROB THE PEST HOUSE

### Three Attempts to Loot the Abandoned Place.

### 'WANT THEM CLOTHES'

### Two Negroes Caught Last Night Trying to Steal Articles from the Old Small Pox Hospital.

The pest house, above all places, would, it seems, be free from molestation by house breakers. Strange as it may seem, however, this has been made the special point of attack recently by robbers. The hospital for negroes and the house of detention are now deserted. Indeed there are but two persons in the camp now and they are Rev. J. R. Spence, a house-servant, and his son, the latter being singly detained. They are white. The Rev. Spence will be able to go on his way rejoicing in a few days. Hence, it will be seen that the small pox quarters are now deserted. The colored hospital and detention house were thoroughly fumigated yesterday, all the patients having been discharged.

Mr. W. H. Mangum is the guard in this deserted place. Last night as Mangum was walking about the place it was discovered a negro in the room field. He went up to him and asked him what he was doing on the place. The negro proved to be Essex Henry who was once an inmate of the house of detention. While Mr. Mangum was talking with him Henry's son, Robert Henry, came up, having just made an excursion into the pest house and secured a pair of shoes and a towel. The guard was talking with his father when Robert came up. Robert took to his heels when he saw that the old man was in custody of the guard. Mr. Mangum found himself in a peculiar predicament and was at a loss what to do with the old negro so he finally turned him loose. The stolen shoes belonged to some patient who was made to exchange them on leaving the place. The Henry's live on Newbern Avenue.

This is the third robbery at the pest house. About two weeks since some blankets were stolen and last week an unsuccessful attempt at theft was made at the same place.

## CROPS SATISFACTORY

### Bulletin for Past Week Most Encouraging.

### IN EXCELLENT CONDITION

### Vegetation Well Advanced—Corn Good—Cotton Improving—Worms and Insects—Apples and Peaches Poor.

The Weekly Crop Bulletin for the week ending Monday, June 19, 1899, says: The reports of crop correspondents for the week ending Monday, June 19, 1899, with few exceptions, indicate very satisfactory progress in the growth of crops. The temperature was considerably above the normal from the 13th to the 16th, and maximum temperatures between 90 and 98 occurred generally; although a decided fall in temperature took place the latter part of the week, Saturday and Sunday especially being very cool, the cool wave was practically over by Monday (19th) and is not thought to have checked growth materially. Fine rains fell the early and latter portions of the week with sunny intervals. More rain is needed along the southern counties from Richmond to Mecklenburg, and perhaps in other isolated sections, chiefly on the coast. Heavy washing rains were reported on the 13th and 14th in the following counties: Forsyth, Davidson, Franklin, Person and Warren, where considerable damage to various crops occurred. In these and a few other counties grass and weeds have had opportunity to grow, but generally the crops throughout the State are in an unusually good state of cultivation.

Farm work progressed nicely during the week. Crops are in excellent condition and grew splendidly; in fact several correspondents state that vegetation is now as well advanced as usual at this season, except cotton and gardens which are still late. Harvest made rapid progress; is over in the south, half finished in the north-central portion of the State, and commenced in the west. Some wheat and oats have been housed and threshing is beginning. Laying by corn is now becoming general; corn is doing very well. The ravages by cut worms on lowlands have been so great that many farmers have plowed up bottoms and planted over. Cotton is growing very fast and will soon set squares in the South. The last of the tobacco has been transplanted; complaints of damage to this crop by bud or wire worms and grasshoppers are more numerous this week, especially from northern counties. The heaviest shipments of Irish potatoes are over. Some sweet potato sprouts and vines are still being set out. Rice appears to have come out considerably since the rain. Planting field peas continued. Vegetables are late and scarce in the west, where gardens suffered so much from drought. Hay will be short of expectations, though a good yield. Blackberries are ripening. Early apples and peaches are coming into market and are of poor quality.

## AGAINST LOUBET

### Meline Plotting to Become President of France.

PARIS, June 20.—President Loubet is prepared to take radical measures, if the present crisis is prolonged, by selecting his cabinet and ignoring the wishes of the various political groups of the chamber. In doing this he would invite an adverse vote and this being taken, he would dissolve the chambers and appeal to the country. Meline is plotting to become president. The coalition headed by Meline has snatched two cabinets and now aims to compel President Loubet to resign from the Presidency.

## ROBBED POSTOFFICE.

CONGERS, N. Y., June 20.—Three men looted the postoffice this morning, securing considerable money and stamps.
