FRIDAY JUNE 30, 1899

LET THE PRACTICE CEASE.

Another object lesson was given to prison officials, in our police court this morning, of the fallacy of making trustees of convicts. But a short while ago this practice led to the murder of a guard and life imprisonment of a convict who should have been discharged. When the demands of duty require assistance there are honest working men who would faithfully fill the position. This false economy of utilizing short term prisoners leads to extra expense and additional crime. It is a practice which should be abolished in every prison in the land. If prisoners do not deserve the imprisonment they should be pardoned and restored to citizenship. If they are guilty of crime and sentenced to imprisonment at hard labor in the prison then the strictest discipline should be enforced under control of officers, guards and assistants who are convicts under sentence. The practice of making trustees and confidants of men who wear the prison garb is altogether bad. It creates bad feeling among other prisoners, leads to abuses and additional crime and should be discontinued.

RECEIVING STOLEN GOODS.

"I did not know the goods were stolen," will not suffice to clear a man from all blame when charged with receiving stolen goods. It is the circumstances under which they are received, whether openly or in the night time, whether the party from whom they are received in the regular course of affairs should have the things to dispose of, whether the articles are offered and received at ridiculously unreasonable price, the intelligence of the party receiving the goods, the general character of the party disposing of the articles, all these combine to determine whether or not a man of reasonable intelligence should know he was handling goods stolen or dishonestly acquired. It is an almost everyday occurrence that away from the principal business thoroughfares articles of every description are offered for sale and bought at prices plainly indicating no honest property in the article. A hater to get rid of it at any price which should convince a fairly intelligent man there was something wrong.

A merchant in Newbern, Mr. N. Orleans, was bitten by a rabid dog yesterday and left at once for Pasteur Institute, New York City, for treatment. This is the tenth mad dog which has bitten persons or domestic animals within two weeks. A vigilant watch should be kept for stray dogs and every one of such should be killed. In addition to the tax on dogs, every owner of a dog should be required to muzzle it during the heated season of the summer.

The war tax revenue bring in heavy receipts, but the Philippine war expenses eat up the money faster than Uncle Sam can get it in.

GLORIOUS NEWS.

Comes from Dr. D. B. Cargile, of Washita, L. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of Scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It is the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by all Druggists. Guaranteed.

The American hams are excluded from Switzerland when they have a mouldy appearance, for fear it is the effect of the Algerian-Egyptian embalming process. There might have been millions in embalmed meats, but American packers would give a great deal if the embalming business had never been heard of.

The Spanish government has done one honest act in deciding to continue paying its military prisoners in the hands of the Filipinos.

HIS LIFE WAS SAVED.
 Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at all drug stores; every bottle guaranteed.

THE ONLY PRESCRIPTION FOR CHILLS.
 and Fever is a bottle of Grove's Tasteless Chill Tonic. The formula is plainly printed on each bottle, showing that it is simply iron and Quinine in a tasteless form. Imitators do not advertise their formula because if they did they know that you would be afraid to take their medicine. Be sure then you get Grove's as the formula shows what you are taking. **NO QUININE NO PAIN.** Price 25 cents.

"He is Wise Who Talks But Little."

This is only a half truth. If wise men had held their tongues, we should know nothing about the circulation of the blood. If it were not for this advertisement you might never know that Hood's Sarsaparilla is the greatest medicine in the world to purify and enrich your blood, create an appetite, give you strength and steady nerves.

The big medical question is a grateful drink to feverish patients lessening nausea or distress of the stomach. Always thirst for better than water alone and the quantity taken need only be regulated by the reasonable wishes of the patient.
