## ALGER RESIGNED

### Resignation May Take Effect Any Day.

### WITHDRAWAL HASTENED

### President Forced to Demand His Retirement—Date for Its Effect Made Much Earlier.

Washington, July 11.—It is now positively stated that President McKinley during the last fortnight has intimated to Secretary of War Alger that they had reached the parting of ways. Secretary Alger did not, however, resign at once, so President McKinley then asked for the Secretary's resignation in a more formal way.

Secretary Alger, after several days' consideration, sent in his resignation to take effect some months hence.

It was intended that this was not to be made public until late this fall, but now that it has leaked out, this fact will undoubtedly cause the date of Secretary Alger's resignation to be changed, and made much earlier.

Indeed, the formal announcement of his resignation from the Cabinet may be looked for at any moment.

An order has been issued by President McKinley extending the privileges and protection of the American flag to shipping from Porto Rico and the Philippines in all ships owned by residents of these islands. The time of the exchange of the ratification of the treaties is included in the order.

### AMERICA THANKED.

The Hague, July 11.—It is learned that Queen Wilhelmina personally thanked Ambassador White, of the United States, and the American delegation for the American tribute to Grotius, and expressed special admiration for Mr. White's speech on the occasion of placing the tribute on Grotius' tomb at Delft.

### SHAMROCK LEAKED

### Water Rose in Hull—Put Back to Southampton.

London, July 11.—Serious leaks were discovered today in the Shamrock and she was ordered to proceed immediately to Southampton for repairs. There was considerable alarm when they found a great leak and a great quantity of water had collected in the fore-cabin. A long investigation was necessary before the nature of the leaking was found. It was found that a leak was along the seams of the plates injured when she went aground off Southampton June 28.

Mrs. H. M. Bowen is dangerously sick at Mr. T. A. Bowen's residence, 108 West Jones street, with peritonitis. She has not typhoid fever as is reported.

### NEW RECORD.

New York, July 11.—Kaiser Wilhelm Der Grosse, which left here July fourth, arrived at Cherbourg yesterday afternoon, having established a new record for speed of an average of 22.62 knots per hour.

"Your hair is getting thin, sir," said the local barber to a customer yesterday afternoon. "Yes," replied the gentleman addressed, "I've been treating it with anti-fat. I never liked stout hair." "But you really should put something on it," persisted the tonsorial artist, in a most earnest manner. "I do every morning," replied the customer. "May I ask what," replied the barber. "My hat," said the patron. Thereafter was silence. —*Freepress Journal.*

"Father," asked young hopeful, "do you really believe that wicked people will be tortured after death?" "Certainly, my boy." "And that good people will have perfect peace and happiness?" "Undoubtedly, Johnnie. You can read for yourself that there will be no marrying in heaven, so I expect it will be enforced as a special torture in the other place—Pick-Me-Up.

First Visitor (on board ship)—I tell you what, wouldn't you like to hear these six-pounders roar? Second Visitor—No, I get enough of it. Our new lady's a twelve-pounder.

Photographer—Great Scott, man! try and look happy and cheerful, Customer—I daren't! This photograph is for my wife, who is always on a visit. She would come back tomorrow if I looked happy and cheerful.

### SURPRISE PARTY.

The residence of Mr. Nick West on Hillsboro street was last night the scene of a delightful surprise party given by Raleigh's most popular young ladies and men complimentary to Misses McGowan and Woolford, of Texas, who are the charming guests of Miss Lucie West. Among the guests were Misses McGowan and Woolford, of Texas, Helen Primrose, Florence Jones, Francis Jones, Kate Skinner, Nellie Hinsdale, Mary Jones, Margaret Bryan, of Newbern; Laura Williams, Hal Morson, Ellen West, Elise Stamps, Messrs. John West, Allan Higga, Moore Parker, William Andrews, Henry Miller, Dalen Stronach, Stark Bachelor, Richard Busbee, Albert Baumann, John Andrews, Fred Olds, John Royall, Chaperones, Mrs. West, Mrs. Jones and Mrs. Primrose.

### WRECK ATTEMPTED

### Three Boys Place Heavy Obstruction on Track of Phila. and Reading Railway

Pottsville, Pa., July 11.—An attempt was made last night to wreck the Philadelphia and Reading passenger train near here, loaded with passengers. Kuskie McKuskie, aged eight, William Auman and Robert Evans, both aged seven, have been arrested charged with placing a heavy brake shoe and fifty pounds on the track near a high embankment, but as chance would have it, the front wheels of the locomotive pushed the obstruction away.

### EXPLOSION.

### A Novel Disaster in New York City.

New York, July 11.—The Manhattan electric conduit containing many high tension wires on Church and Fulton streets was blown off by a big explosion this morning. The report was terrific. A pillar of flame shot into the air higher than the steeple of St. Paul's Church. A Sixth avenue car, while passing, was lifted from the rails. Fifteen passengers were in the car, but none of them were injured.

### MARRIAGE.

Tomorrow afternoon at 3 o'clock Miss Ada King and Mr. George Corbett, formerly of Raleigh, but now in Durham, will be united in marriage by Rev. J. W. Carter at the home of the bride's parents, Mr. and Mrs. Hill E. King, on West Edenton street.

### PROSECUTE CASTELLANE.

Paris, July 11.—It is stated that a report of the prefect police revealing a royalist plot to overthrow the government, as published yesterday, has been authenticated and Count de Castellane and others may be prosecuted.

### DR. BROUGHTON FOR COUNCIL

### Report in Atlanta that He will Make the Race for Councilman.

Dr. L. G. Broughton, pastor of the Tabernacle Baptist church, may run for the report was being circulated and a Journal reporter visited Dr. Broughton in his study.

"I have not contemplated for a moment making the race for council," he said in response to a query. "It is true that it has been suggested to me that I should run, but I have not felt that it was my duty. If I am called by a Higher Power, so that it becomes a matter of religious duty, I will make the race, but I do not feel that I should do it if it is only a worldly ambition. I would straddle a telegraph pole as readily as become a candidate for council."

"At present I feel that I am too busy to go into the council. I prefer to stay on the outside and see that the right kind of men get in—men who are committed to my way of thinking. I expect to take an active part in the campaign, and no man shall have my support unless he does not stand unequivocally opposed to the liquor traffic. I believe that religion ought to play a large part in politics. Not that I favor sectarianism in politics, but that broad religion which takes in the common brotherhood of all men."

Dr. Broughton expressed great confidence in the general prohibition fight which is just commencing in Georgia. He asks it is only a short time before the entire State will be dry. But while waiting for the rest of the State to get in line Dr. Broughton is anxious to elect a prohibition council in Atlanta, and if some other prohibitionist does not offer from the 14th ward there need be no surprise if the minister himself becomes a candidate.

Rapid progress is being made in the work of adding another story to the Institution for the Blind here. The brick work will be completed next week and the roof is half on. The Institution thus enlarged will be prepared to accommodate all blind children in the State up to the very limit of the appropriation. Col. Olds writes in his correspondence: The Thomassville Orphanage sustained a loss of some \$750 by the hail storm six weeks ago. Its appeals for help have been promptly answered and the contributions aggregate some \$1,800. In a double sense therefore the hail storm was a windfall. Now, for the first time in its history, the orphanage is out of debt.

Dentist—I see that I shall have to kill the nerve.

Patient—For heaven's sake don't. It would ruin me in business. I'm a life insurance agent.

## YOUTHFUL CRIMINAL AROUND AND ABOUT

### Judge Moore Says Long Terms Necessary.

### BOY 14 GETS FIVE YEARS

### The Robbers of Frazier and Angiers Store Sent for Five Years—Young White Man Sentenced.

This is the second day of the July term of the criminal court and it is doubtful if ever so many cases had been disposed of so swiftly before. Solicitor Pott remarked that the grand jury (and by the way the county never had a better one) returned fifty-three bills yesterday. The court is keeping right up with the grand jury too. Judge Moore is a hustler and he is ably assisted by Solicitor Pott and Deputy Clerk Loyster who is in charge of the clerical court work.

The defendants in the suit of Alf Jones against the Raleigh Electric Company were allowed thirty days to file an answer.

Hamp Mackey plead guilty to carrying concealed weapon and was sent to the roads for three months.

The case against Jeanie Brown for larceny was continued until the September term since Jeanie is sick in bed.

### YOUTHS AGAIN.

Three little boys, Albert Jordan, Earl Jones and Charles Jones, were called, the charge against them being the larceny of various articles from Mr. W. C. Stronach, Mr. A. F. Page and other places. Earl Jones and Charles Jones were called and failed, since they have left town. Their accomplice, Albert Jordan, entered a plea of nolo contendere. Judgment was suspended, since the other boys are gone.

### HOUSE BREAKERS.

John Gibson, Reuben Price and Timothy Williams, negroes, who broke into the store of Frazier and Angier on Martin street and stole various articles, were next arraigned. They also had two other charges of larceny against them.

Gibson took the stand and made a clear statement, telling the truth, hence Judge Moore gave him three years, while Price and Williams got five years each.

Judge Moore remarked in passing the sentence that he believed where larceny was committed in a house the punishment should be severe, for a man's house should be his castle.

### CRIMINAL AGENT.

Deputy Sheriff Rufe Powell brought in a little negro boy who looked to be not over twelve years old. His name was Edward Hunter and he was charged with the larceny of a gold watch an da coat. Solicitor Pott, going the little black scrap critically, asked: "Boy how many times have you been in court?"

The waif did not know, he did not even remember what he was charged with the last time he was in court. Yes, he had served several terms on the county roads.

Solicitor Pott stated to His Honor that this boy had been up for larceny nearly every term of court for several years. "He will steal," said the solicitor, "and it does not seem possible to teach him that it is wrong. He is a criminal almost by instinct."

Judge Moore looked earnestly at the kid. "Where is your father?" he asked. "Dead," was the reply.

"Where is your mother?" evoked the response. "Don't know," answered us to his age brought the same reply.

"It seems very hard," said Judge Moore, "but in this State there is but one remedy for such cases and that is the longest possible term. In Pitt county I had a case of this kind and found it necessary to give a boy 12 years old 10 years in the penitentiary. If there was any danger to this boy's morals I should try to avoid it, but he will steal if he is at liberty and five years on the public roads, Mr. Clerk. Some States have a statute under which a person may be punished for being an habitual criminal and I believe it is about the only way to deal with such cases."

The case against Harriet Whitaker, charged with receiving, was continued until September on account of the sickness of a witness.

### HEGE CASE.

Cecil Hege, alias Thomas J. Peoples, a young white man, was arraigned, charged with the larceny of liquor, tobacco and other articles from the saloon of J. E. Hamlin & Co. He submitted and was sent to the roads for three years. In reply to Judge Moore's question Hege said he was from Rockingham county and had worked in Norfolk and Newport News. He could read and write.

Ruffin Holderfield was sent to the roads for six months for assault with a gold headed cane.

Alex Johnson was given four months for the larceny of some knives from Mr. John Cole.

### FAIR AND WARMER.

The forecast of the Weather Bureau for Raleigh and vicinity says: Fair tonight and Wednesday; warmer.

The weather is fair and generally clear throughout almost the entire country. The disturbance over Florida continues in evidence and has advanced to northern Florida, though very doubtful whether it will advance up the coast. Rain is falling at Savannah and Tampa, and it is cloudy as far north as Wilmington. Elsewhere fine, clear weather with rising temperatures.

### A FISH STORY.

A Minnesota man captured a kingfish when the bird was quite young and made a pet of him and trained the bird to capture fish and lay them at his master's feet. In summer the bird is taken to the river, where fish are known to abound, and set at liberty. The bird noises high in the air, and suddenly dropping, grasps his victim and promptly delivers the fish to his master.

### SHIPS ARRIVE.

London, July 11.—Two British war ships have arrived in Delagoa Bay for the purpose of intercepting Boer supplies and avert hostilities.

## PROSPECTS GOOD

### Decided Improvement in Crop Conditions

### BENEFICIAL SHOWERS

### Army Worms Destructive in Southern Eastern Counties—Tobacco is Late—Grape Prospect Fine Everywhere.

The weekly crop bulletin, for the week ending Monday, July 10, says: Considerable improvement in the condition and appearance of crops is indicated by the reports of crop correspondents for the week ending Monday, July 10th, 1899. Throughout the central and eastern portions of the State copious and beneficial showers occurred on several days, chiefly in the shape of gentle rains without much wind, though in two or three counties some slight damage by local heavy rains was reported. The rainfall for the week averaged nearly two inches. Although good rains fell in the central portion of Mecklenburg county and over extreme western counties, the precipitation in the west was generally insufficient over most of the following counties: Mecklenburg, Iredell, Gaston, Polk, Wilkes, Henderson, McDowell, Clay, Jackson, and Cabarrus; over these crops are still suffering from drought to some extent. The temperature and sunshine have been about normal, but the nights have been rather cool. In fact, so far no extreme temperatures have occurred in July, and certainly, at least, would be benefited by a higher degree of heat. Crops generally have been invigorated and are growing nicely in clean, well cultivated fields.

Laying by crops continues and is nearing completion. Threshing wheat is in active progress with small yields, except in specially favorable localities. Cotton is quite promising, looks healthy, but is growing slowly. It is forming squares rapidly and is blooming nicely. In some Southern counties the crop appears to be exceptionally fine. Corn, which suffered more than any other crop from the drought, is promising except in the west. Another favorable season will assure most of the crop. Army worms are very numerous and destructive in Bladen, Pender, Duplin, Beaufort, Craven, and Columbus counties and chinch bugs are numerous in the north-central portion. Laying by corn is nearly over. Tobacco has revived, it has generally been laid by; topping is progressing everywhere; curing has begun in many eastern and southern counties. Tobacco is late and has grown too narrow in north-central and western counties, where injured by drought, but may come out under continued favorable conditions. Peanuts are in full bloom; rice has made fine growth, as also have field peas; cantaloupes are ripening fast, and watermelons will soon be in the market. Blackberries are abundant in the west, and the prospects for grapes continue good everywhere.

### TWENTY FIFTH ANNIVERSARY

### Special Services at Christ Church to Commemorate This Mile-Stone in Dr. Marshall's Pastorate.

### Dr. Marshall's Pastorate.

A notable anniversary will be commemorated tomorrow afternoon at Christ church. It is the day in the life of that venerable parish which rounds out twenty-five years of their beloved pastor's pastorate, Dr. Marshall, having assumed the duties of that position in succession to the deceased Rev. Dr. Mason on July 12, 1874. The congregation are most anxious to testify their love and gratitude to Dr. Marshall and would have been glad to have planned an elaborate ceremonial and reception to mark the anniversary, except that they felt that an observance of this character would not be in accordance with his wishes. They are unwilling, however, that the occasion should pass without some recognition, and have arranged for a special service tomorrow, Wednesday afternoon at 4 o'clock, in celebration of the day and event.

It is hoped every member of the congregation will be present and join in this expression of love and appreciation of his long and faithful service. Other friends who may feel an interest in the occasion will have a most cordial welcome.

Dr. Marshall for this quarter of a century, has gone in and out among the people of Raleigh of all classes, ever ready to do good. A sharer in their joys as well as their sorrows and doubtless many not of his own flock will join in the wish for years of happy service still, and will unite with the members of Christ church in doing him honor.
