BRIGHTER FOR DREYFUS

Col. Cordier Testifies for the Prisoner

CONVINCED OF INNOCENCE

Former Minister of War Freely Admits General Mercier's Fake Story of Dreyfus Aid Fund.

Rennes, Aug. 29.—Col. Cordier testified before the Dreyfus court-martial that his belief in the guilt of the prisoner was first shaken when the date of the bordercrossing given as May. Later this witness declared that he was now convinced that Dreyfus was innocent.

Col. Cordier explained that Col. Henry was jealous of Col. Picquart because the latter had charge of the military station, which Col. Henry hoped to get for himself. He also expressed the belief that because of Col. Picquart Col. Henry suicided.

Former Minister of War Freely testified that he never heard of any money raised abroad to foster a campaign for revision. This showed that there was no truth in Gen. Mercier's story of the thirty five million franc fund to secure the acquittal of Capt. Dreyfus.

General Rogot confronted Col. Cordier and asked the latter what part of his depositions were false. Col. Cordier said it was all false.

COOL: RAIN TO-NIGHT.

For Raleigh and vicinity: Cool, threatening weather with rain to-night and Wednesday; brisk northeast winds.

The storm on the south Atlantic coast has increased in intensity and is characterized by the remarkably heavy precipitation accompanying it. Charleston reported 2.76 inches this morning, Savannah 2.88, and Jacksonville 1.14. The storm appears to be central over southern Georgia, with only moderately high wind velocities. Meanwhile the high area over New England has increased, causing comparatively cool weather throughout the east. The weather is fair in the central valley and west.

ACCIDENT.

Mr. W. H. Brewer, the bicycle repairman, while riding his bicycle at a good speed last night on Martin street, near the Union depot, fell and sustained such a heavy fall that his shoulder was dislocated and he was rendered unconscious. He was taken to his home which was near by and given medical attention.

FIRST RECEIPT.

Mr. M. Rosenthal to-day paid his city taxes and secured receipt number one. This he has done for a number of years. Just as soon as the receipt book is ready Mr. Rosenthal pays.

SICK, BUT SHE TOOK THE VOWS

Suddenly Stricken Bride Had a Bedside Wedding.

Reading, Pa., Aug. 28.—At 6 o'clock this evening Isaac D. Shearer, son of John A. Shearer and Annie E. Fisher, daughter of Herman Fisher, were to have been married. All arrangements for the wedding had been performed, but at 5 o'clock Miss Fisher was taken suddenly ill and was compelled to go to bed. Upon the arrival of the groom there was consternation.

Miss Fisher was utterly unable to leave her bed to have the ceremony performed, and both the bride and groom-to-be were greatly distressed. The parents of Miss Fisher believed it would portend great ill luck to have the wedding postponed, and, after a consultation, it was decided that the marriage should take place. At 9 o'clock to-night the ceremony was performed by the Rev. Schenck, the bride being in bed at the time.

JUMPED TO DEATH TO ESCAPE THE LAW.

Dover, Del., Aug. 28.—This morning Constable James Wright arrested four men at Clayton for trespassing on railroad property here. While returning on an early morning freight train, and when between Chesfield and Dover, one of the colored prisoners jumped from the flying train. The man was picked up unconscious and carried to a house near by, where it was found he was injured internally to such an extent that he will die.

WANTED TO BE SURE.

From the Chicago News.
"Johnny," called the Throop street lady, "run around to the cigar store and see if the score's in yet."
"I'm surprised," remarked her visitor, "to see you take so much interest in baseball. I don't even understand the game."
"Neither do I. But you see I want to ask George for a little money. If the Chicago team won, I'll ask him the minute he gets in the door. If they lost, I'll ask him to-morrow, or maybe day after."

CONVEYING TROOPS.

San Francisco, Cal., Aug. 29.—The "Pueblo" sails to-day with 450 troops. The "Warrior" leaves September 1st with twelve hundred, and the "Columbia" September 5th with eight hundred. This takes practically all. Another British steamer has been chartered.

SICK PRISONERS.

Madrid, Aug. 29.—The Red Cross Society has news from Manila that Aguinaldo has promised to release all the sick Spanish prisoners.

RE-ENLISTING.

Lawrence, Kansas, Aug. 29.—A letter from Col. Wilder S. Metcalf, of the Twentieth Kansas, says that many men are re-enlisting in other regiments, and not over eight hundred will return from the regiment, probably seven hundred is nearer the number.

TRIAL OF ALABAMA.

Delaware Breakwater, Aug. 29.—The battleship Alabama passed out to sea on a trial trip this morning.

WOMAN PRINCIPAL ARRESTED.

Trenton, N. J., Aug. 29.—Mrs. Eyer, Principal of the State Industrial School for girls, was arrested to-day and bailed on three hundred dollars.

WAR CLOUDS LOWER

The Conflict Between the Boers and British Seems Inevitable.

London, Aug. 29.—The afternoon newspapers, commenting on the latest utterance of Kruger, unanimously draw attention to the increased seriousness of the Transvaal crisis, but at the same time express uncertainty as to the nature of concessions beyond which Kruger will not go. The *Estimater* (Gazette) admits that the country is within sight of war.

A last night's despatch from Cape-town says it is understood there that a detachment of the Cape town garrison will proceed to Mafeking within fourteen hours. A strong force was sent to Dietsmaritzburg and to Laings-baek to await developments.

Brisbane, Aug. 29.—In consequence of the increased tension in the Transvaal affair the Queensland government is making preliminary arrangements to despatch troops to South Africa to aid the imperial forces.

Cape-town, Aug. 29.—The report that Transvaal has notified Great Britain that the Boers government adheres to its latest offer for settlement of the dispute and will make no further concessions, is believed here to be unofficial. Nevertheless, an intimation to the same effect has been conveyed to the Boers' friends here.

A CAR FAMINE.

Probably the best evidence of the wonderful business revival which the country now enjoys is to be found in the fact that the railroads cannot obtain freight cars enough for their traffic.

Such a shortage of freight cars was never known, though the railroads have far more cars than they ever had before.

The Interstate Commerce Commission reports that there were in service available on the 5th day of July last 20,627 freight locomotives and 1,348,826 freight cars. But the roads now need a far greater number, both of locomotives and cars, and are getting them as fast as they can be made.

All the great locomotive and car works are running to the limit of their capacity day and night and yet are far behind with their orders.

The number of loaded cars moved in the Central West last week was 2,300 more than in the corresponding week a year ago, 3,200 more than in 1897 and 6,900 more than in 1896. Had the cars been available, it is estimated the number of tons of freight hauled would have nearly doubled.

The railroads are complaining that they find much difficulty in getting their cars back after they are loaded and sent out. The railroads over which they are sent hold them and use them as long as they possibly can, and it is said that they are all stagers in this respect.

There is considerable delay in transportation, and nearly all the freight depots in the great centers of commerce are crowded with goods awaiting shipment.

The bulk of current business exceeds by far all previous records, and while the railroads are doing their best to meet the demands upon them, they have not facilities adequate to them.—Atlanta Journal.

A REMARKABLE PERFORMANCE

A man from Pine Knob stood watching a performance on a slide trombone. Suddenly seizing a companion's arm, the Pine Knob man excitedly exclaimed: "Look thar, Lige."

WEST NEEDS RAIN

Past Week Dry and Hot West of Here

COTTON OPENING RAPIDLY

Top Crop Poor—Tobacco Cures Satisfactory—Sweet Potatoes above Average—Apples Extremely Poor—Fall Plowing Delayed.

Throughout the eastern half of the State where sufficient rain occurred last week the weather during the period ending Monday, August 28, 1899, was favorable. Rains fell on two days; the remainder of the week was dry, warm, and sunny, and enabled farmers to save fodder, pick cotton, and cure hay nicely. Over all counties west of Raleigh, including the larger portion of the State, the week was very dry and hot. Charlotte reported plenty of rain, but crop correspondents in other portions of Mecklenburg reported a continuance of droughty conditions, and no where else in the west has sufficient rain fallen. In all central west counties drought is doing much damage to late corn and tobacco; turnips and early sown oats are coming up; sweet potatoes, peas, and clover are suffering and pastures are falling rapidly. The temperature averaged nearly 5 degrees per day above the normal with high maximum records, especially in the west from the 21st to 23rd. The latter part of the week was slightly cooler. Local storms with minor damage to crops occurred in Anson, Alamance and Wake counties.

The condition of cotton has not materially changed since last week, though the amount of shedding has diminished. Cotton is opening quite rapidly and picking is becoming quite general in the South. The top crop is poor and prospects now indicate a short yield. Late corn continues to be damaged by drought in the west. The week was favorable for pulling fodder, and large quantities have been nicely cured. Effort have been made in the east to save the fodder damaged by the storm. Much tobacco was cut in the northwest section this week and cures have generally been satisfactory; curing is being completed as rapidly as possible. Hay making progressed favorably; blue-vine hay in eastern sections is very fine, but it is not so good elsewhere. Rice was damaged very little by the storm. Digging sweet potatoes has commenced, and samples as far taken appear to be above the average. Grinding sorghum cane for syrup has begun. Turnips are not coming up well in the west. Fall plowing has been greatly delayed by the dry, hard condition of the soil.

Special reports on apples indicate an extremely poor crop. About 80 per cent of the report received state the apple crop to be "nearly a complete failure," or "very scarce," and only 5 per cent report a good yield. In addition the crop available is very inferior in quality, being knotty, wormy, or otherwise defective.

BAD SIDEWALKS.

Mr. Editor: Why will the city permit the dangerous sidewalks to continue. Sunday evening a lady was badly injured by falling caused by a deep gully washed down the middle of the narrow sidewalk on Cabarrus street between Wilmington and Blount. This sidewalk has been in this condition for the past six months, getting worse and worse every day. It has been complained of and the city authorities know it. Two of the city police walk over it almost every day. Any one who has occasion to go that way of a dark night not well acquainted with the condition is liable to broken limbs if not more.

RESIDENT.

THE GREAT QUESTION.

American statesmen who have the breadth of vision to see beyond a mere handshaking, joke-telling campaign for votes need not be told that our interests in the east are great and growing, and that the only way we can protect them is by aggressive movements. If we lag we will be crowded out. We must put ourselves in a commanding position and be ready to take care of our commerce. If the world were conducted like a court of equity or on Sunday school principles, we would need no propugnatory strongholds; but such is not the case and we must fight for what we want. The Senate and business acumen of the country will carry us through as it always has done. Commerce brought about a federation of the states into a national government after the politicians had made a failure of it, and commerce will hold on to every advantage we have gained in the East. The froth and fume and spume of blathering place-hunters cannot turn the country aside from a common sense, conservative, and necessary course. Eastern question and the preservation of open markets in China or of the integrity of the Chinese Empire so as to limit Russian aggression is the great question.—Memphis Appeal.

BIG BARBECUE.

Hook and Ladder Company and Its Friends Celebrate.

This afternoon at two o'clock at the Water Works a barbecue was given by the Hook and Ladder Company. It was one of the most delightful events of the season. Those present were the members of the company with the city officials, the aldermen, the foremen and assistant foreman of the white companies, representatives of the piers, and Messrs. Will Wynne and W. M. Lamb, both, ex-foremen of the company.

This is the oldest company in the city, and is the only company chartered by the Legislature.

Mr. John McKee was chairman of the committee on arrangements and the success is largely due to him. The members of the company are W. W. Parish, foreman, R. G. Upchurch, assistant foreman, Marcus Crocker, secretary, W. T. Utley, treasurer.

The other members of the company are W. R. Macy, Fred Doyle, John Mangum, C. P. Snuggs, Bud Pool, Neil Spence, L. C. Weathers.

Speeches were made by a number of gentlemen, and the health of the company was heartily drunk.

The speeches of Dr. Sale, Collector Lunsden and Commissioner of Sinking fund Durham, were especially magnificent. The first was pathetic, the second dramatic and the third romantic.

\$160,000 DEED

All the Property of the Raleigh Gas Light Co., Transferred to the Standard Gas and Electric Co.

The deed was to-day recorded transferring all the property of the Raleigh Gas Company to the Standard Gas and Electric Company in consideration of 1,000 shares of the stock of the Standard Gas and Electric Company of the par value of \$100 each and \$60,000 in 5 per cent thirty year first mortgage gold bonds of the Standard Gas and Electric Company. The property of the Raleigh Gas Company included all its real estate, all the buildings and fixtures, the machinery, street mains, pipes, meters, and all the electric light appliances of the company as well as all contracts, leases in action, accounts, franchises, etc. The total price paid by the Standard Gas and Electric Company was \$160,000 as stated above.

Before the above deed could be made the city of Raleigh gave a deed to the Standard Gas and Electric Company for a lot on the west side of McDowell street and the south side of Cabarrus and McDowell and running west with Cabarrus 210 feet, south parallel with McDowell 105 to the lot of the Raleigh Gas Light Company, each parallel with Cabarrus 210 feet, then north with McDowell to the beginning, containing one-half acre. This lot was given to the gas company by the city when the plant was established, but no deed had ever been given, hence this was merely a quit claim on the part of the city.

A GREAT ARTIST.

Is Everhardt With Al. G. Field's Minstrels.

Nerromancy and sleight of hand performances have been practiced since the early days of Christendom. To many people this art is of unusual interest, and always entertaining to all. In later years the old style of performance that came under this head has undergone a wonderful change. They have brought scientific principles to bear upon their work. To the enlightened public the results are wonderful.

Everhardt, a Jongleur, as he is termed in Europe, has put before the American public an act that borders on the marvelous. After years of arduous practice he has become so expert that he handles numbers of articles with his hands so dexterously as to defy all laws of gravitation. He throws fifteen and twenty objects in the air in different directions, catching them all in one hand as they fall. He rolls ordinary barrel hoops in one direction, they rolling back as rapidly as they left his hands. He does so many wonderful things it is difficult to describe them. He is undoubtedly the most expert exponent of ambidexterity this age has ever known. He is one of the features of the Al. G. Field Greater Minstrels, and is making a phenomenal hit wherever he appears. People who have witnessed his act proclaim it one of the wonders of this wonderful age. Reserve seats at Bobbit-Wynne's Drug-Store.

WAKE FOREST OPENS.

To-morrow the fall term at Wake Forest College opens and an unusually large number are expected.

Messrs. Talbot Brewer, William Pace, Joe Moseley, Benjamin Johnson, Jas. Royter, Thomas King and Charles Harris are the Raleigh boys who will enter for the first time.

These young men have all received their preparation at the Raleigh Male Academy under Mr. Morson and a successful career is confidently predicted for them.

Miss Jennie Coffin returned from Hillsboro this afternoon.

Mr. Sam young returned this afternoon on a business trip to Baltimore and Philadelphia.

The penitentiary guard Sears, whose brutality was brought out by the penitentiary investigating committee, now has a warrant against him for murder, which was issued nearly a year ago. The warrant was issued by Justice Clark upon affidavit of Superintendent Mewborne and others charging Sears with the murder of the convict Low. The warrant was sent to the sheriff of Nash and afterwards returned here. Sears was never found.

JACK HAMILL DEAD.

Died at a Soldiers' Home Near Baltimore Sunday.

Capt. J. W. Wier to-day received a note from Mr. Bud Hamill announcing that his brother, Mr. Jack Hamill, died Sunday morning at 3:45.

Mr. Hamill was at the Soldiers' Home at Pikesville, in Baltimore county. He had been in ill health some time.

Mr. Hamill was 65 years old. He came South just before the Civil War. He served in the Confederate troops in Company B—1st Virginia Regiment.

At the close of the war he came to Raleigh and lived here until two years since. He was a mason by trade and was in partnership with Capt. John Weir. He served as an alderman at one time. He was a prominent mason and a member of the William G. Hill Lodge of this city.

WHEELER AT WORK

He is Given His Brigade—Pleased with the Plans of Otis.

Manila, Aug. 29.—General Joseph Wheeler is ordered to report to General MacArthur, and he will be given command of General Finston's Brigade. He will proceed to San Fernando to-morrow.

General Wheeler expressed himself as much pleased with the situation. He says that General Otis will make rapid progress when he gets more troops. The country is more favorable to military operations than he supposed.

RAILWAY ACCIDENT.

Ottumwa, Iowa, Aug. 29.—A Rock Island passenger train jumped the track this morning and went down the embankment. Eight persons were injured.

PLANS OF GOEBEL

All the Present Election Officers in Kentucky will be Removed.

Louisville, Ky., Aug. 29.—It is announced by the managers of Goebel, regular Democratic candidate for Governor, today that every election officer in one hundred and nineteen counties will be removed September eleventh and new election officers then elected by Goebel's State board. This is pronounced by the Republicans and the bolting Democrats as the first move to steal the State for Goebel.

SECURE IMMIGRANTS.

Mr. John W. Thompson Will Visit Pennsylvania.

John W. Thompson, commissioner of immigration, is issuing a pamphlet: "Opportunities for Health, Wealth and Happiness: Buy a Home in North Carolina." It contains a list of 108 pieces of property for sale, in all parts of the State.

Mr. Thompson will visit the exposition at Pittsburgh this fall and also stop over in Philadelphia at the international export exposition. He expects to carry samples with him of Western North Carolina apples. Mr. Thompson says that the Western part of this State is filled with Northern visitors this summer. They have invaded the remote and almost inaccessible districts.

While North Mr. Thompson will make a special effort to secure German immigrants and to this end will go to some of the Northern German towns and villages.

I proposed to such a girl once. She called in the whole family and moved me a vote of thanks.—Chicago Record.

"I am willing," said the lawyer, in the rural justice court, "to submit the case without argument."
"You might as well," observed the judge, "for my mind's done made up already and no argument and no jury in the country could change it."—Atlanta Constitution.

RUN ON A WILMINGTON BANK

Caused by Cashier Geo. Sloan's Sudden Departure

DEPOSITORS DRAW OUT \$35,000

Sloan was Short But the Shortage Was Made Good by the President Norwood of Atlantic Bank—The Directors Issue a Signed Statement.

Wilmington, N. C., Aug. 29.—The failure yesterday of George Sloan, cashier of the Savings and Trust Company, to appear at his accustomed post caused much comment, and when about noon it was discovered that he had left for New York on the Sunday evening train, the report caused a run on the bank, which continued until nine o'clock in the evening. Thirty-five thousand dollars were paid out to depositors of the bank.

The directors of the bank discovered a shortage a few days ago, which President Norwood, of the Atlantic National Bank, immediately made good.

The directors have issued a signed statement that the stock is worth sixty per cent premium after paying the depositors in full, and they are offered that price for it.

The capital stock of this savings bank is \$25,000. Norwood is president; H. Walters vice-president, and George Sloan cashier.

STREET CHAT.

"The crops are very poor in our section," said Mr. Claudius Dockery, who is stopping over to-day on his way to Washington. "We have had no rain this month and we cannot make more than half a crop. The condition is excellent in Wake compared to Richmond county."

The work of enlarging Mr. W. E. Jones' store is now in progress. "I am very anxious to get the work done," said Mr. Jones to-day. "I have bought 4,000 pairs of shoes of all styles and sizes ordered and I must have a place to put them. With this stock alone I could fill the entire store formerly occupied by Messrs. Cross and Lhehan. This will be the largest shipment of shoes ever made to Raleigh."

"I was so delighted to receive an order to pave my sidewalk on West South street," said Alderman Charles McDonald, "that I paved the entire width of the walk with brick instead of just the proscribed width."

"I saw a remarkable scene in Rockingham county," said Mr. W. E. Falson. "It was a great camp meeting of the non-missionary Baptists. There were nearly eight thousand present. Men, women and children were camped in a bottom. The service was peculiar and the weather was fearfully hot."

Judge and Mrs. M. B. Barbee to-day celebrated the fiftieth anniversary of their marriage. Mrs. Barbee's maiden name was Miss Mary Gorman. The many friends of Judge Barbee and his wife extend hearty congratulations. May they spend many more years among us.

The new steam heating apparatus in the government building here is being tested. This is making it rather warmer for the inmates of the building and Judge Riddick has been keeping cool at the Yarbrough. He was "heated" out.

President Andrews, of the Street Car Company, said: "No, we cannot have anything at the park to-night. The band was to give a concert so the rain was expected."

WHAT THE OREGON SOLDIERS FAVOR.

As a specimen of the lie-plain lies—being circulated by the Anti-Imperialist league, of Boston, Ewing Winslow, secretary, the following paragraph from a circular sent out under date of August 10th will serve:

"A very large number of the returned soldiers from the Washington and Oregon regiments have asked
