# HON. B. R. LACY FOR TREASURER

Editors Times-Visitor:

Having fired for Mr. Lucy, ran an worked under him when he was fore man, have had the best of opportuni-ties to judge his character. He has represented the Brotherhood of Locomotive Engineers in several Grand Conventions, and his councils in these meetings are always listened to. Our Grand Chief is his personal friend, the truth is he is about the most prominent member of our order in the South. He was one of the best runners on the road, and got all out of both engine and fireman that was in them, yet I never knew a fireman that was not his friend. As foreman he was strict ly business, yet never cross or unjust Since leaving the road he has always remained true to his first love, and no railroad man has ever had him turn a deaf ear to his troubles. I am not a politician, but have never been as interested in one man's getting on the ticket as I am for Mr. Lacy to secure the nomination for Treasurer. If the leaders desire to make the working men enthusiastic for the election now is the time. Wake county should not send any man to the State Convention who is not for Mr. Lacy first, last and all the time.

Let me advise every man to come out tonight and cast a vote for one the most honest and alive, one who has been faithful in all things, has filled every place of trust as well as any one can, and some bet ter than many have. Mr. Lacy is not simply the working man's candidate because one of our best lawyers, Mr. Field, has endorsed him publicly, yet his nomination will give more pleasure than any of the others whose names are mentioned for the place. If you are a friend of ours now is the time to prove it by voting for and

Light rains occurred at scattered stations in the east. This morning, however, an extensive area of high barometer occupies the region of the central Mississippi Valley and westward with clear, cold weather, and temperatures slightly below freezing as far south as Oklahoma. The lowest temperatures reported this through the House next week. The Senate will vote on the Porto Rico bill Tuesday afternoon at four o'clock, und it will pass by a substantial majority.

Prof. Loof Lirpa Sun Brothers

TO TAKE PLACE TO-MORROW AT 10.30 A, M

Prof. Lirps one of the World's Famous Leapers Here-Same High Diver who Performed at Alanta.

Raleigh is to witness a wonderful feat tomorrow morning at 10:30 o'clock, when Prof. Loof Lirpa will leap from the top of the Capitol building, from the south entrance and facing Fayetteville street, to the pavement below without the use of a para-chute, but landing in a net, which will be erected shortly before that

There will be no charges, but a col-lection will be taken for the benefit f a popular charitable institution. Prof. Lirpa is one of the world-renowned leapers, the only man who ever successfully made the leap from the top of the Capitol at Washington. He claims to have leaped from the tops of capitols in seventeen States, and holds letters from Governor's of these State's testifying to these won-derful feats, among them the Governor's of Virginia, Tennessee, Kentucky, Georgia and Mississippi in the South. He hopes that he will be able to go to the Paris Exposition after the close of his engagement with Sun Brothers' circus. Loof Lirpa is remembered as the man who performed such wonderful feats in Atlanta and Philadelphia. In Atlanta he drew great crowds daily near the Agricultural Building, and at the National Export Exposition in Philadelphia, just after the close of the Sun Brothers' tour of the North, he made Machinery Hall famously popular. He has been in training at the Fair Grounds, where the show has

been in its winter quarters.

The net into which he will jump will be brought in on one of the large circus wagons which Sun Brothers use for the transportation of the canvas and other material from the trains to the place of exhibition. Sun Brothers show has with it a large number of artists, each in his special line being the equal if not superior of any other man in the employ of a circus in the United States. They are to have a free exhibition just before their opening here next week and it is expected that the appearance of Prof. Lirpa tomorrow morning for a charitative purpose will be the cause of much

# TO THE WORKINGMEN

Much has been said in public print as to who shall be the nominee on the State ticket for State Treasurer. The gentlemen who I have heard named, viz.. Mr. Henry London, Mr. B. R. Lacy and Mr. J. D. Boushall are all excellent men and sterling Democrates and would fill the position of State Treasurer to the satisfaction of every mechanic in the State. and I shall support the ticket named by the Democratic State Convention, regardless of who may constitute such ticket, but would like to state that when organized labor needed a friend in the last Legislature Mr. Boushall stepped to the front, took up the gauntlet and inbored earnestly-day and night-when the question of State printing was on for discussion, and the printers of Raleigh should honor Mr. Boushall for his manly in their behalf by attending the primaries tonight and give him their sup-UNION PRINTER.

# SIDEWALKS

# Laying Them.

At present the sidewalks of Ruleigh in place of being paved uniformily, are good, bad and indifferent. This of, course, is because one property owner is able to pay for the best, while his less fortunate relighbors can only, after real self-denial, put down the cheapest.

All will admit that a plan equalizing he burden of paving will be commendable. It can be done by the city issuing 'Ten Year Sidewalk Paving Bonds," and, letting one contract for the paving, under their supervision, of all the city sidewalks with the very best pavement (the granolithic, for instance). Measure up the sidewalk put down for each property owner, taking into consideration supervision, interest, etc., etc., thus arriving at the cost, and then, for example, say: Mr. A. It cost fifty dollars to put down your sidewalk. We will add five dollars a year to your taxes for ten years to

Even those who have already put down hrick would be only too willing to take up the brick and avail themselves of the

advantages this plan offers.

The city would not actually pay one cent, as the entire cost would be reimbursed by the property owners during the ten years-the city only lending its credit. The property owners, who now have a heavy burden to bear, would have it so distributed that they would scarcely feet it, getting the required pavement and having ten years in which to pay for

### ONLY TWO REMAIN

### Twenty Four Prisoners Sent to Work House This Afternoon

Twenty-four prisoners were taken from Wake county jail this afternoon and carried to the work house, where they will be kept ..6 ..6 ..6 ..6 they will be put to work on the coun-ty roads. The combined terms of the twenty-four prisoners amounts to ten years, one month and twenty days. The longest total of terms of any squad ever taken to the work-house was twenty-two years. There are sixteen men and eight women in the delegation sent out this afternoon. The greater number of those sent to the rands were convicted of assaults, carrying concealed weapons and for lar-ceny. The one for the longest term is Agnes Utley, who was alleged to have attempted to poison a faimly here by putting matches in the cof-

This exodus leaves the jail almost described. There are only two male prisoners remaining about whom there is any interest. There is one insane woman who swears and curses almost continuously and who expresses in vilest profanity her opinion of any one who may attempt to take her to Goldsboro. At times she is quiet and apparently of sound mind, but she will get in a dark corner and ne-come a raving maniac.

The two males are Tom Jones, who s condemned to die May 11th, and George Lee, who was given a sentence ten years at hard labor in the

penitentiary, Tom Jones is certain to hang, but he has hopes. This afternoon he was told by a visitor that his case would not be heard again. He hung his head, his eyes watered, and a more dejected countenance was never be

held. He clings to hope.
George Lee's guilt has never been acknowledged. He still maintains that he is innocent and from his frank manner and honest face many are won over to his side. It is probable that the boy will be made to serve two or three years and then a pardon will ic secured for him.

# COL JOHN S. CUNINGHAM

(Exchange.) John S. Cuningham has withdrawn from the race for Governor of North Carolina. Colonel Caningham has nany friends who regretted to hear hat he had concluded to retire from the canvas when his prospects were so bright, but the fact that he did it alone for party harmony and to insure a Democratic victory in his State causes those who know the man to rejoice, yet no one of them is sur-

prised at his action. Colonel Cuningham is well and favorably known. He has been successful in business beyond the dreams of many men. He is well equipped in very sense of the word. He has abiliy and he has wealth, and far greater

than all these, he has character. Had the genial Colonel concluded to go in for business he would have won the fight. But he knew to do it would be to create dissension. It would en-gender strife. It would make him ome enemies and do the party no good but perhaps do it harm-so, like the big hearted patriot that he is be flung away ambition and withdrew from the race, pledging his vhole-hearted, for Democratic victors

and white supremacy.

In these days when we read of the Clarke's and the Quays and the Hauna's - the men who buy their way into positions which were once recognized as positions of honor and trust-but are such no longer, it is indeed grati-fying to find a man who puts party above self, and who, conscious of the power of the dollar which he possesses, refuses to use his wealth to discupand disgrace the party to which he belongs. It is not only gratifying, but it is inspiring. It gives one a more hopeful view of life. It causes

us to realize that patriotism is not yet Colonel Cuningham is a young man yet, and his heroic sacrifice he has made will be remembered by the good people of the Old North State. He has added new honor to his name and be stands today a greater man than had he forced and bought his way been elected Governor of North Caro
