#### Only 228 per Cent of White Voters in First and Second Ward at Primaries

The Times-Visitor recently expressed the opinion that the Democratic primaries in Raleigh should not be held on Saturday night, for the rea-son that it precluded the possibility of merchants, clerks and many others from actending. Saturday night pri-maries ent off a class of voters, which the party can ill afford to dispense with in its councils. In order to be unvinced that Saturday night is not the best time to obtain full attendance it is only necessary to call at tention to the fact that the total white registration in the first and second wards in 1898 was 1,178, while in the recent primaries the total in these two wards for all candidates for State Treasurer was only hence only 228 per cent of the white voters attended the primaries in these two scrongest Democratic words. The following table compiled from the registration books of 1898 and the princaries of March 51st, 1900, show the white voting strength and the at-tendance in each division of the city: White En

Second in importance among the acts of the City Fathers was the report of the "investigating" committee on the Water Works question. The report cost \$18,60, the price was ordered paid, and the pretty typewritten copy was relegated to the files.

The crowd that went up to hear the promised sensational proceedings was larger than a "Citizen's Mass Meeting" and the few who remained

Meeting and the low who remained until almost midnight heard all of the wordy combat that they desired. In the proceedings of last night there are to be found certain lines that put comedy into the play, a suf-ficient number of tragic clinaxes to forth the further mix matters, and withal the greatest abundance of acting to make a drama a decidedly "methow" dra-ma. Alderman Drevey had, a reference in his remarks, to some one as making a statement that was "infamonsly false;" Alderman McDonald had a resolution to investigate a fellow member of the Board and said there was "no intended reflection on any one personally:" Alderman Pe-gram delivered a capsule containing the remark that his connective (Street) "could stand an investigation as well as the man (McDonald) who introduced it;" one member of a committee admitted that there was nothing in their report: Alderman Bo-gasse charged that all the "investi-gating" committee had done was to

spend \$15,60; and then a general flood of manuscript copies of reports for the past year brought the flourd back to old time tranquility.

Among the matters attended to by the Board last night were the adoption of a recommendation that the Raleigh Water Company be required to keep a standard guage in the stand that urn ke required to keep an hourly record of the pressure and report daily to the Chief of the Fire Department: the Police Committee made their representation of their report The station house and recommending that a station house be creeted. #### PENNY RESOLUTION.

The following resolution was intro-duced by W. H. Penny, Jr.: "Whereas, we, the Demograts of Wake county, for two elections, have been denied the opportunity of easting a ballot composed entirely of true and loyal Democrats, and "Whereas, we believe an effort will

be made by a few, in the next State convention to place on our ticket one or more gentlemen of another political party, and

host of available Democrats in North Carolina fully qualified to fill efficiently any office in the gift of the people; therefore, be it

"Resolved by the Democrats of Wake county, in convention assembled that we instruct our delegates to the next State convention, and the same are hereby instructed, to use their best efforts to have placed upon our State ticket none but true, able and influential Democrats of the unterrified class,"

Mr. Douglass moved that the resolution be referred to a committee on resolutions.

Mr. W. B. Snow moved to amend by making it apply also to the judicial and congressional conventions, and this amendment was accepted by Mr. Penny

Mr. A. W. Moye favored the resolu-

tion. Mr. Douglass opposed closing the doors of Democracy to any men who

favored white supremacy. Mr. Penny spoke in favor of the resolution, while Mr. E. P. Maynard. Mr. R. C. Strong, Mr. R. H. Battle, Mr. A. J. Fields, Mr. Alex. Stronach, Jr., thought to thus pass the resolu-tion ill advised and desired its reference to a committee. Mr. Snow advo-cated the resolution. Mr. A. A. cated the resolution. Mr. A.
