CHINESE UPRISING RAPIDLY SPREADING

Boxers Stronger Now Between Shanghai and Peking

SPECIAL SESSION OF CONGRESS POSSIBLE

Foreign Consuls at Shanghai Notified by Chinese Officially of the Massacre at Peking Accomplished by Prince Tuan

Washington, July 14.—The Chinese Minister, Mr. Wu, has sent a cable dispatch to Tsang at Shan Tung, telling him that the American government is exceedingly anxious as to the fate of United States Minister Congor, and requesting him to cable any information that he may have on that point. This is an additional cablegram to the dispatch Wu sent Wednesday at the request of Secretary Hay.

EXTRA SESSION PROBABLE.
Washington, July 14.—It is now believed that an extra session of Congress may have to be called to deal with the China situation. Few more troops can be sent from the United States unless volunteers are called for, and Congress can alone authorize that.

TROUBLE AT CANTON COMING.
Hong Kong, July 14.—Li Hung Chang yesterday received an urgent telegraphic summons to Peking. It is reported that he will proceed north tomorrow. Chinese agree that his absence is certain to lead to trouble at Canton.

WHEELER READY.
Chicago, July 14.—General Joseph Wheeler has ordered an extra drill of the Second and Fifth Infantry in view of the fact that the United States troops are expected to work in foreign fields.

PROBABLY SAFE.
New York, July 14.—The friends of Edna G. Terry, M. D., a Methodist missionary at Tsunhua, who is not in the line of either the lost or the saved, believe that she took a steamer for home at Shanghai, June 27th, or 28th, as the last letter was written by her as she was packing her trunk to start.

LINE RESTORED.
St. Petersburg, July 14.—An official dispatch says the telegraph line from Taku to Tien Tsin has been restored.

SHENG CONFIRMS IT.
Shanghai, July 14.—Prince Sheng, director of telegraphs, has communicated a message to the consuls here announcing the murder of the foreigners in Peking and laying the blame to the anti-foreign general, Prince Tuan. The message says Prince Tuan was enraged at the defense made by the British legation and ordered heavy guns to fire, demolishing the legation and setting the ruins in flames. The result was the annihilation of the foreigners.

MILES AND WU.
Washington, D. C., July 14.—Lieutenant General Miles had a long conference with Minister Wu this morning, presumably concerning the military situation in China.

TROUBLE SPREADING.
Washington, D. C., July 14.—Secretary Hay received a dispatch from Consul General Goodnow at Shanghai, stating that Governor Honan Fshanh has issued a proclamation favorable to the Boxers. As this province lies immediately northwest of Shanghai and between that city and Peking. It shows that the trouble is spreading.

GEN. CHAFFE IN COMMAND.
Washington, July 14.—Orders have been sent to General Chaffee to take supreme command of all the United States soldiers and marines in China, and such blue-jackets as may be landed. General Chaffee may be made a Major General. The object is to thus concentrate the command and insure harmony between the military and the naval forces acting together on land.

CAROLINA ICE COMPANY.
In the Times-Visitor today contains an advertisement of the Carolina Ice Company. Their factory, with a daily capacity of 25 tons, is now in full operation here. Mr. A. A. Thompson is secretary and treasurer of the company, and Messrs. Johnson and Johnson local agents. This company is now soliciting patronage from the public.

INTERNATIONAL CONTEST.

Paris, July 14.—The international sports opened by the boys at de Boulogne. Heats 110 metre hurdles, winners Kraenzlein of University of Pennsylvania; Pritchard, of Bengal; Moloney, of Chicago University; McClain, of University of Michigan, and M. Decuyer.

In the final heat the Americans finished one, two, three. Kraenzlein won; McClain, second; Moloney, third. The throwing disc preliminary in disc preliminary trials was won by Ramer Richard Sheldon, of New York Athletic Club, Cretcher and Paraskevopoulos.

WINNERS.
Paris, July 14.—Summary 110 metre hurdles won by Kraenzlein, of University of Pennsylvania. McClain of the University of Michigan second, and Frederick G. Moloney, University of Chicago third. The 100 metre dash was won by Jarvis, of Princeton. Walter R. Tewksbury of the University of Pennsylvania, second. G. Rowley, New South Wales third. Arthur F. Duffy, Georgetown University, fell in the final heat.

MR. DREWRY INTERVIEWED

He Talks for the N. C. Capital in the Va. Capital City.

John C. Drewry, general agent for Virginia of the Mutual Benefit Life Insurance Company has just returned from a trip to his former home in Raleigh, N. C., says The Richmond News. Mr. Drewry believes the future of Raleigh to be brighter than that of any other town in North Carolina.

Speaking of the improvements now going on in the capital of the Old North State, Mr. Drewry said to a reporter of The Richmond News yesterday: "Raleigh is naturally a beautiful city with its stately oaks, from which came the name, 'City of Oaks.' The streets of the city are well laid off, and in the past few years the citizens have shown their progressive spirit and have appropriated sufficient money to beautify the already beautiful streets and the town is one of the prettiest in the whole country. The residential portion of the city is rapidly extending its limits, and now some of the handsomest residences in the State are to be found along the streets of Raleigh."

"There is a great opportunity for capital in Raleigh. At the present time there is not an inhabitable house for rent, and the real estate men are crowded with orders for new homes. If five hundred hundred houses could be erected within a few days it would not be a question of two weeks before every one of that number was occupied. Rents are fairly high, and building property is reasonable, though it has advanced rapidly in the past few years."

"The industrial life of the city equals that of any in North Carolina, with the exception of Charlotte, where there are a greater number of mills, but, socially, Raleigh is not equalled by any city south of Richmond."

Mr. Drewry has for several years been deeply interested in the progress of Raleigh and is among the few who deserve the greatest credit for the city's rapid steps forward.

GEAR DEAD.
Washington, July 14.—Senator Gear, of Iowa, died in his apartments at the Portland in this city this morning.

DARING LEAP.
Pottstown, Pa., July 14.—Joseph Rehney, while in custody of a constable, leaped from a train, going at the rate of forty miles an hour. The conductor refused to stop the train, believing that the man was killed. Rehney was found later at his home, slightly bruised, but showed little signs of injury from the leap.

NEW COTTON MILL.
The Lumberton Cotton mill at Lumberton, Robeson county, was today incorporated with a capital stock of \$75,000 for the manufacture of cotton goods.

FUNERAL.
The funeral of Geo. S. Terrell, Jr., infant son of Mr. and Mrs. G. S. Terrell, was held from the residence today at 10 o'clock. Rev. G. T. Smith conducted the service. The interment was in Oakwood cemetery. The pall bearers were Messrs. Edgar Droughton, Chas. Johnson, Henry Kleuppberg and W. J. Young, Jr.

MET IN LONDON.
Misses Bertha and Lottie Kleuppberg, of Charlotte, returned yesterday from an extended European tour. They visited many of the famous places in the old countries. Quite a remarkable incident occurred in London just before they started for home. They visited Westminster Abbey and in the vast crowd which they found they came suddenly face to face with Mr. and Mrs. Sam Berwanger, of Raleigh. They had made no previous agreement to meet Mr. and Mrs. Berwanger there and were of course, greatly astonished to find two familiar Raleigh faces. Mr. Berwanger sent Mr. Henry Kleuppberg a handsome cigar holder as a present.

WEATHER INDICATIONS.
The forecast of the weather bureau for Raleigh and vicinity says: Fair tonight and Sunday.

Another extraordinary heavy rainfall of 7.88 inches occurred at Galveston, Texas, during the past 24 hours, also 3.94 inches at Corpus Christi, and smaller amounts in the interior. Light rains occurred generally throughout the Southern States. The barometer is high over the South Atlantic States and low over the Plateau region where high temperatures continue to prevail.

GOLD DEMOCRATS.
New York, July 14.—From the temporary headquarters at 141 Broadway, a call for a meeting has been issued by the committee of gold Democrats to nominate a ticket in opposition to the sixteen to one ticket and imperialism. The meeting will be at the Plaza hotel, July 18.

PROHIBITION PAPER.
Rev. J. T. Kendall expects to soon start a temperance paper in the city of Goldsboro, N. C., to advocate absolute Prohibition in the State. The paper will be published weekly.

LAWN PARTY.
The ladies of the Presbyterian Aid Society gave a lawn party last evening at the residence of Mrs. E. Moffett, on Fayetteville street.

Refreshments were served and the large number who attended had a most enjoyable time.

In the parlors Miss Mary Johnson rendered some exquisite solos on the violin. Miss Edith Butler charmed those present with her recital. Miss Josephine Mitchell sang a solo which delighted her hearers. She was accompanied on the piano by Miss Sadie Duncan.

Send your order to Dughi this evening for dinner tomorrow.

HOT GAMES NEXT WEEK

All League Teams Play Friday and Saturday

CHARLOTTE TEAM GREATLY STRENGTHENED

Raleigh Meets Statesville, Charlotte and Durham—The Virginia League Goes to Pieces at Norfolk

Next week promises to be the most exciting yet in baseball circles here. In fact next Friday and Saturday are the only days of the season when all six teams in the league will give games. The schedule for next week is: Monday and Tuesday, Raleigh at Statesville; Durham. Wednesday and Thursday, Raleigh at Charlotte. Friday, Durham at Raleigh. Saturday, Raleigh at Durham. Monday, Raleigh at Statesville, Durham at Wilmington. Tuesday, Raleigh at Statesville; Durham at Wilmington. Wednesday, Raleigh at Charlotte; Durham at Tarboro. Thursday, Raleigh at Charlotte; Durham at Tarboro. Friday, Durham at Raleigh; Tarboro at Wilmington; Charlotte at Statesville; Raleigh at Durham; Tarboro at Wilmington; Charlotte at Statesville.

Next week the Raleigh team leaves for the west and they will then encounter the Charlotte nine. Charlotte is now standing at the foot of the list, but her team is being rapidly strengthened.

The Virginia League has disbanded, their last game is played today. There is some talk of the Norfolk and Portsmouth teams applying for admission into the League of this State, but if the Virginia League was not a success with four of the competing team in a close radius of each other, then nothing could be gained by their joining this League.

It has also been reported that the Durham management was ready to take the entire Norfolk team. Whether this is true remains to be seen. Many of the players in the Virginia League may possibly find places and sign with some of the North Carolina teams.

The Durham Herald discussing the protest of Tarboro over the Tarboro-Durham game, says: "It is not unusual for people to protest against overwhelming defeat. If Tarboro has anything to 'protest' against it should be her own team for allowing Durham to make ten runs in one inning. There is no other tenable cause for complaint."

GAME TODAY.
Raleigh and Tarboro are at it again this afternoon at the ball grounds, and it is hard to predict the winner, but the Raleigh sports believe that the home team will win, at any rate it will be a warm game. Both teams are crack-n-jacks. The game yesterday was a peach, and although Raleigh lost the game by a score of 2 to 1, yet, the team put up a game to be proud of. The new men who went in the game for Raleigh are O. K., and the team is in splendid trim. With the addition of another strong pitcher the Raleigh team will be the real thing.

Bass pitched good ball yesterday, so did Jordan of the visiting team. Burbanks, of the home team, made the prettiest catch of the season in center field. The line-up of the teams today is the same as yesterday, except Quick is in the box for the Raleigh team, and Vorhees for the Tarborites. A big crowd is witnessing the game this afternoon.

The following account of the Wilmington-Charlotte game of yesterday in today's Charlotte Observer is of special interest because of its allusion to two Raleigh men and the new players on the team Raleigh must meet next week:

CHARLOTTE AGAIN DEFEATED.
Wilmington, July 13.—Charlotte was easily defeated in the second game with Wilmington today. The playing of the Presbyterians was slow and listless and from the first inning there was no doubt as to the final result of the game. The first man up for the sailors was hit by a pitched ball. This was followed by a single and a home run over left field fence. Three men scored. From the first the Charlotte boys were unable to solve Battle's puzzling delivery, all their hits being scattered. Battle is a young pitcher of the University of North Carolina and promises to make a star twirler.

The teams suffered again today from an incompetent umpire—Upchurch being unable to arrive in the city. In tomorrow's game a player from each team will act as umpire.

Oldham returns from Norfolk tomorrow with Pitcher Allen, of the Portsmouth, Va., team. Allen will be in the box for Charlotte tomorrow. Chambers, of Rome, Ga., has also been signed by the Charlotte manager.

COFFIN BOUGHT BY A SWINDLER

Coffin Delivered But no One Dead There

FELLOW BUYS A COFFIN TO GET THE BILL

Had a Death Notice Published in the Times-Visitor and It Now Appears That No One Was Dead.

The Times-Visitor recently published the following notice:

Died—The five-year-old daughter of Mr. and Mrs. Pollard, on Betts street, this morning. The body will be carried to their former home in Laurinburg tomorrow for interment.

That death notice was printed in good faith and thereon hangs a tale. A reporter of the Times-Visitor that morning dropped into the establishment of Mr. Jno. W. Brown, and while there a young white man came in and asked for a coffin. He then gave the Times-Visitor reporter the notice as above published. The fellow was apparently about twenty-four and fairly well dressed. He finally selected the coffin he wanted and asked Mr. Brown to give him a bill for it since he would have to call on friends for the money. He said that he had been in hard luck and needed assistance. Mr. Ed. Brown and Mr. John Brown both gave him something on the bill. The coffin selected was priced \$10. The fellow gave directions as to where Mrs. Pollard lived on Betts street, between Blount and Person. The house was not numbered, he said.

The coffin was properly fixed up and sent that afternoon to the place previously directed. However, after being gone an hour Mr. Brown's driver returned and he had the coffin with him. The driver reported that there was no such person as Pollard on Betts street, and that nobody was dead in that neighborhood. This affair remained a mystery until a few days later when it was discovered that the fellow had carried the bill for the coffin around town and begged money for himself with it. This is a new swindling game: it is the first time Mr. Brown has sold a coffin to a man when he had no need for it.

AGED PILGRIM.
An Old Man Walking from Greenwood to Windsor.

An old man apparently between 70 and 80 years old, inquired at the uptown S. A. L. office yesterday the distance to Winston, which is 150 miles. He said that he was a native of Bertie county, but had not been there in 30 years. He was walking the entire distance from Greenwood, S. C., to Windsor. He said that he wanted to get back to his old home there to die, where he spent his boyhood.

GREAT HUNTING TRIP.
Jack Hancock and his son returned to Kissimmee, Fla., last week, from a very successful fortnight's hunting down the river, bringing back with them 70 'gator heads, ranging in length from 11 feet down wards, says the Kissimmee Valley Gazette. They also killed about 50 snakes, the skins of which will make quite an addition to Hancock's belt and purse factory. He has brought up alive one particularly large rattler and a nest of young eggs, very ugly in their present state of growth. The young bear cubs caught on a previous hunt are looking very well, and are getting quite tame and readily eat anything in the way of food given to them.—Jackson Metropolis.

"Her bathing robe created a sensation on the beach. She was the centre of attraction."

"Was it extreme?"

"I should say! Positively the most modest suit seen on the beach for years."
