THE MINERS CONVENTION

Strike Sentiment Subsiding at Mahanoy City. More Miners at Work.

By telegraph to The Times.
MAHANAOY, Pa., Oct. 13.—The miners' convention was called to order at 10 o'clock this morning by President Mitchell. The work of the convention is strictly private, and not an intimation of what is transpiring has been given out so far this morning.

IMMENSE COST OF THE STRIKE.

PHILADELPHIA, Pa., Oct. 13.—The coal strike has cost the United States nearly thirteen and a half million dollars. The greater part of the burden falls on Pennsylvania.

At the time the strike was declared, 160,000 men were employed in the coal fields of the State. Of this number a scant 50,000 are at work. The average rate of wages per month for miners and breaker boys is \$37. In wages the strikers have taken \$12,000,000, leaving the coal operators and railroad men who have lost \$13,500,000.

The weather this week has somewhat interrupted the picking of coal and the coal spoils have stopped the growth of any top crop. However, the farmers agree that up to now the crop was never gotten out in better condition than this year.

RAILROAD EARNINGS.

By telegraph to The Times.
NEW YORK, Oct. 13.—A deep interest is being taken now in the earning power of some of the railroads, and a close watch is being kept on the reports as they are issued. MAHANAOY CITY, PA., Oct. 13.

The strike sentiment is gradually growing weaker at Mahanoy Creek Valley. Today only two hundred men were on around Coalville. The strikers said that place numbered five hundred during the early part of the week.

Miss Ges's 2,900 Mile Ride May End in the Grave.

By telegraph to The Times.
NEW YORK, Oct. 13.—Miss Margaret Ges's bicycle ride to break the time record of 2,000 miles seems to have developed into a race with death. The strains of the journey is being borne by the young woman, and unless the law intervenes, serious results may follow. A general break-down seems inevitable. The authorities in the towns through which she rides are expected to take some action, today, and stop the ride, which, it is said, is in violation of a State law prohibiting cyclists from riding more than twelve miles an hour in the twenty-four.
