### UNIQUE ENTERTAINMENT

Given by Aid Society of the Pres-  
byterian Church

The second of the series of entertain-  
ments under the auspices of the Aid So-  
ciety of the Presbyterian church was  
given by Mrs. Charles E. Johnson yester-  
day afternoon.

A paper on European travel was read by  
Mrs. Johnson giving her first impressions  
of the Azore Island, the great Gibraltar,  
Naples and Vesuvius. A most beautiful  
description, carrying with it the inter-  
ested audience. Next came a most inter-  
esting talk by Dr. Hubert Roytser, giving  
his impressions of the Paris Exposit-  
ion, and Berlin. Next came a detailed  
description of the Strasburg clock by Mrs.  
L. McK. Pittenger, this most wonderful  
piece of clock work in the world which  
took 20 years for the inventor to make  
the mathematical calculation of time, &c.  
All three of these recent tourists engaged  
close attention and all were most inter-  
esting.

The musical program came next and the  
audience were spell bound when Mrs.  
Kollischer rendered a most difficult solo,  
accompanied on the piano by Mrs. C. E.  
Johnson.

Mrs. Kollischer is recently from Ger-  
many her native country and is a soloist  
of fine quality, belonging to the Philhar-  
monic Society of Berlin. It is hoped that  
she may give the public the benefit of  
her most exquisite voice, at an early day.  
Raleigh seldom has the opportunity of  
hearing a voice of such rare culture, and  
coupled with it a lady of more charming  
presence.

Mrs. Keen, of Peace Institute gave a de-  
lightful solo which received many com-  
pliments.

Dr. Roytser in his "usual delightful  
way" rendered a solo, and it is needless  
to say how all were pleased with his se-  
lection.

Miss Annie Jones, the young singer  
who has a bright future before her sang  
the last sweet song and then the re-  
freshments following. All voted it an  
evening of delightful remembrances.

### FAIR TOMORROW.

Fair tonight and Wednesday: south  
winds, light to fresh on the coast.

### WEATHER CONDITIONS.

The pressure is lowest over the northern  
section of the country with the center of  
low barometer at Bismarck (29.38 inches.)  
Fine, clear weather prevails throughout  
the southern states, with temperatures  
considerably higher. Small amounts of  
precipitation occurred over the New Eng-  
land States and the lower Lake region,  
but none in connection with the depression  
over the Dakotas. The prevailing south-  
erly winds in the central valley are caus-  
ing warmer weather, and very few sta-  
tions anywhere report temperatures be-  
low 32 degrees.

If your furniture gets broken by Jordan's  
Furniture Car, you get pay for it.

will be paid if left at the drug store.

Mr. E. G. Harrell, Clerk, Quartermas-  
ter's Department, Tien Tsin, China:  
Sir—in transferring you to Captain G.  
C. Barnhardt, A. Q. M. U. S. V., neces-

of the greater portion of the United  
States forces from China, I take occa-  
sion, with pleasure, to testify to your  
ability as a quartermaster's clerk and to  
the highly satisfactory manner in which  
your duties have been performed, while  
serving under my direction, both here  
and in Cuba.

I consider Captain Barnhardt fortunate  
in securing the services of such a capable  
and conscientious employe, and feel con-  
fident that under his direction the duties  
entrusted to your care will be perform-  
ed with great credit to yourself and sat-
