Mr. J. J. George of this place, representing Sidney Spitzer and Company investor in bonds Toledo, Ohio, has purchased within the last two years 4 million dollars worth of Carolina bonds 5's and 6's for his company. We didn't get this information from Mr. George direct but have it in black and white. We don't wonder now at Mr. George's giving \$1,000 to the endowment fund of Lenoir college his alma mater, and a check of one hundred dollars towards the liquidation of the church debt here. We repeat what correspondent of the Hickory Democrat said, "We need more Georges."

A number of our farmers are now having their names and address printed on their butter wrappers and are receiving a better price for their product by so doing. The Cleveland Star says a Mr. Hitchcock who runs a small poultry farm east of Shelby ships eggs to a fashionable eating place in New York city and gets 65 cents per dozen for them. Each egg is guaranteed to be fresh and is stamped with date on which it was laid. Mr. B. H. Kendal, another breeder near Shelby, has been marketing a crate a week from his poultry yard to a Charlotte concern for 45 cents per dozen.

Manufacturers always put their stamp on all goods manufactured before shipping. The farmer is in a sense, a manufacturer and it does seem that it would pay him to put his brand on his farm products which he offers for sale.

The hottest Democrat paper in the United States is DAVIS STINGER, Fork N. C., edited and published by W. Henry Davis, formerly editor of The Hornet. Mr. Davis was editor of The Hornet for thirteen years, this red hot democrat sheet having been founded by him in 1902. Mr. Davis is the only Democrat in the nation who has ever attempted to combat and offset in a journalistic way the political effects of the evil sayings about the Democratic party by the Yellow Jacket, a rank Republican paper published in North Carolina. Every Democrat should read DAVIS STINGER, for both the facts, and fun it regularly contains. The editor says it can sting a New England Republican and a California Moose alike. It circulates from Maine to Mexico, and from Puget sound to the beautiful tail end of Florida. 35 cents per year. We have clubbed THE STINGER with The Eagle, both papers for only \$1.20 per year. If you are taking the Yellow Jacket don't fail to take The Stinger. They sting each other hard.

No time to lose, only two weeks till Christmas. Check off your purchases, if anything left buy it now.

Saving Made Easy.

First National Bank Installs a Christmas Club.

Most Popular Form of Savings - Operated by Patented System.

By its adoption of the Christmas Savings Club, the First National Bank of this city has proven its right to a place among the most progressive banks of the country. This Club gives everybody a chance to save regularly, for the bank desires to encourage saving and is willing to accept small amounts. Even boys and girls are invited to become members, for it is a well-known fact that the saving habit needs to be fostered in this country. Once the youthful mind realizes how really easy it is to save and how pleasant it is to have money in bank, the saving habit will become life long.

Many men and women, whether their incomes are large or small, find it difficult to "get ahead" financially. They postpone the time when they will start saving to provide for the rainy day because they never seem to have enough spare money to start a bank account. The Christmas Club is a great benefit to the people in this way, for they don't need any more capital to get started than the first small payment, and after all, the start is the important thing.

The Club opens week of December 27th and runs for fifty weeks, so that each member receives check in time for Christmas shopping. When payments are made regularly the bank allows interest on the account, which is always an encouragement to saving.

A number of plans are offered and members may select one or more of them. In the uniform classes one may pay 25c., 50c., \$1.00 or \$2.00 weekly, the totals amounting respectively to \$12.50, \$25.00, \$50.00 and \$100.00. Another way is what is known as the progressive class, in which the payment increases every week. One of these classes starts at 2c., next week 4c. and so on.

The 2c. progressive Club matures at \$25.50. Then there is a 5c. progressive Club maturing at \$63.75, and a 1 cent progressive Club maturing at \$12.75.

Regular bank books are not needed in carrying the Christmas Club accounts. The First National Bank is using a patented card system, in which the record of payment is made by punching cards. This not only gives the depositor a receipt, but also shows exactly how much has been paid in to date, and does away with any possibility of error.

This attractive method and saving has proven most popular.

Appropriate Text.

The minister was delivering his farewell sermon. He had been having tough luck in collecting his salary and concluded to quit. Here is what he said, according to The Pathfinder:

"Now, brethren, I have been appointed chaplain of the penitentiary of the State, and this will be my last Sunday among you. I will preach from the text, 'I go to prepare a place for you,' after which the choir will sing, 'Meet Me There.'"

Had You Ever Thought of This.

There are two kinds of work: One that is forced upon us, and one that we do for the love of doing. The former is dehumanizing; it makes us akin to the horse and mule. The latter is deifying; it makes us akin to the greatest men that ever lived. —3 C'S Bank Notes.
