

EAGLE TO MOVE TO LARGER BUILDING

REGISTRATION FOR RATION BOOK NO. 2 NEXT WEEK, 22-27

Schools Will Handle Registration For Book 2

Registration To Be Held Next Week From 4:00 P. M. TO 9:00 P. M., And All Day Saturday.

Registration for War Ration Book No. 2 will be conducted in the Cherryville Public School for Cherryville township in the five day period from Monday, February 22, through Saturday, February 27.

Registration for Ration Book No. 2 will be held at the Elementary School building No. 2 by volunteer workers from Monday morning, February 22, through February 26, hours from 9 A. M. to 12 o'clock and from 1 P. M. to 4 o'clock in the afternoon.

Teachers assisted by volunteers will be at the High school building from 4:15 to 9 P. M. each evening and all day from 9 A. M. to 4 P. M. on Saturday to register the people of this township.

Any adult member may register for the entire family. The procedure will be relatively simple. The applicant must show a copy of War Ration Book No. 1, known as the sugar-coffee book, for each member of the group for whom he wishes to register. He must then fill out a form declaring the number of containers of rationed commercially canned goods then at home, minus the allowance of five eight-ounce or over, containers per person. Home preserved foods do not count.

The applicant must make a report also on the amount of coffee on hand November 28, the date coffee rationing went into effect, less one pound for each adult. Stamps for excess amounts will be torn from the sugar-coffee ration book, which will be returned to the holder.

It was emphasized that persons applying for War Ration Book No. 2 must first produce the No. 1 book, and must be able to have two pieces of information—the number of eight-ounce containers of commercially canned rationed foods on hand, less the five-can allowance for each member of the family, and the amount of coffee on hand November 28.

An effort will be made to impress upon the public that no ration book can be issued unless these requirements are met.

Maybe They See What's Coming to Them

Herman Goering, Adolf Hitler, Count Ciano and Jacob von Ribbentrop, left to right, presented this sad-looking picture at one of a series of important war meetings held at the German imperial headquarters. The meetings were probably caused by the liquidation of the Italian empire in North Africa. In background, right, is Dino Alfieri, Italian ambassador to Germany, now said to be in disrepute with the Nazi party.

Firemen Called Out Sunday Night

The Cherryville Fire Department was called to the house owned by Mrs. Blaine McGinnis on Jacob street Sunday night about 10:30. The temperature was around 12 above zero and a swift wind was blowing which caused the water to turn into ice as it would be the building.

Due to the quick response of the firemen, the blaze was soon brought under control and the house was saved with very little damage being done.

FIGHTING MEN DESIRE BOOKS

Wendell Willkie Says Lonesome Soldiers Want Lively Books Most of All

New York, Feb. 14.—Americans were urged today by Wendell Willkie to fill a pressing need for books to be sent to their fighting men all over the world.

In a letter received at National Campaign headquarters of the 1943 Victory Book campaign, in the Empire State building, New York, Mr. Willkie painted a graphic picture of the eagerness with which he saw the men in the armed services on his recent tour look forward to a session with a good book.

Said Mr. Willkie: "I saw American soldiers at the Battle of Alamein. I saw them in camps and barracks about Cairo and other detachments throughout the Middle East. I saw Americans in Russia and China. I had long talks with General Chenault's boys. Every place I found homesickness and every place they were lonesome. After all, they are in strange countries. They don't know the language and there is not much for them to do. A good book—a lively book is one of the things that these boys want most of all."

"I am sure that Americans here on the homefront will be only too glad to support the 1943 Victory Book campaign and that the book or books they contribute will not be the bad eggs from their shelves, but the best ones."

School Children Help In War Effort

Cherryville school children are cooperating in the drive for metal coat hangers, sponsored by the Junior Red Cross for the men in our armed forces which will close Friday, February 19. Please see that your coat hangers get to the school by Friday.

In addition to other services that the schools are rendering in the war effort, the children are being asked to help with the Victory Book Campaign, sponsored by the American Red Cross, American Library Association, and the United Service Organizations. This campaign will end March 5 and the slogan is "More and Better Books for Our Armed Forces."

The children are asked to bring as many books as they can to the school before the closing date on March 5. Any person who has a book to give and it is not convenient to bring it to one of the schools is asked to contact any school pupil. The cooperation of the public in this matter will be appreciated.

It has been suggested that any book you would like to keep yourself would be a good book to give. Current best sellers, popular fiction, popular non-fiction, adventure and western stories, detective and mystery stories together with technical books published since 1935 are especially wanted. All books should be in good condition, pocket sized editions are also acceptable.

Expect To Be In New Home By March 1st.

After a period of thirty-one (31) years in our present location we are compelled to move to larger quarters. We have not been on the front street for 31 years, have only been here 22 years, but we were in the rear of this building, known as the Houser building, erected by the late Dr. W. H. Houser and Melville L. Rudisill, in the year 1912. The room at the rear was built around the big Cylinder Press which The Eagle was printed on, we have a later model now. The Post Office was located in the front of this building and the people will remember A. H. Huss was Postmaster at that time who was succeeded by J. B. Houser, Sr. When the government moved the Post Office to its present location in 1921, we made a door through the wall and moved to the front and have been here ever since. Naturally, it seems like home to us, as we were practically raised in the Printing Office, and we are sorry to leave. Our first land lord was Uncle Mel Rudisill and of course, we like every one else, got along splendidly with Mr. Rudisill. He and my father, the late L. H. J. Houser were good friends and were both members of the St. John's Lutheran church. At his death, his daughter, Mrs. Julia R. Hall was given charge of the building and the people of this community, who know Mrs. Hall are aware of the fact that we always got along fine with her, and we can truthfully say, that if you need a building, rent one from Mrs. Hall and we will guarantee that you will never have any trouble with her, so long as you pay the rent.

For the 31 years we have been a renter of her building, we are sure of the fact that she never had to ask us for the rent, but one time during these many years, and that was during the depression, and we just did not have it, but we managed to get it for her and after that in some way or another we have always been able to pay her each month as the rent came due.

NEW BUILDING TO HAVE MORE ROOM

Our new building which is owned by Mr. C. C. Sipe, formerly occupied by the Kester - Groome Furniture Company and located on East Main Street between the Peoples Dry Cleaners and Dr. J. W. Payne Office is 5 1-2 feet wider and 8 feet longer which will give us approximately 600 more square feet and of course will enable us to do better and more efficient Job Printing and will help us give our customers quicker service on short notice. In our new home we hope to be able to edit a much better newspaper and mail it earlier so our boys in the service may get it on time. Our circulation in the past twelve
