NORTH CAROLINA LEGISLATIVE NEWS

BY DAVID P. DELLINGER

RALEIGH, Feb. 17.—The legislature is making unusual progress and as a matter of fact should be able to adjourn February 27th. However, there are some who think new matters may come up that will prolong the session to the full sixty days or more. No one can tell what will be done until the adjournment is actually reached.

School followed by a dinner at the expense of the Government and then another entertainment for two hours. After the entire afternoon and evening entertainment a bus ride back to the capitol. It will be remembered that the state has one of the largest and most interesting schools of the kind in the United States and it is using a great part of the campus and buildings and equipment of the University of the State.

The General Assembly completed Tuesday a passage of a Resolution inviting Madam Chiang Kai-Shek to visit Raleigh and address the Legislature at her convenience while in the United States. A suitable committee by both Houses has been appointed to extend the invitation and to receive and introduce her. It will be remembered that she is one of the most prominent personages in the world and comes from the head of the Government in the great Chinese Empire. Her father was and is well known in North Carolina and she has often expressed the desire to visit the state.

The Senate has finally passed a bill naming a State Bird. The cardinal is now the state bird so far as our State Senate is concerned. It is our guess that the House of Representatives will follow suit and we will for the first time in our history have a state bird as many other states have. A few years ago the legislature designated the tom tit but as soon as it was realized what was done the Act was repealed by the same session.

We notice that the representative from Cleveland County has introduced a bill to amend the charter of the Town of Kings Mountain. The principal feature in the bill being to change the designation from "Town" to "City." It is a little far-fetched in appearance as such action could hardly make a city out of a country town.

The local representatives has a full day mapped out for Thursday. At eight-thirty he is invited and will have breakfast at the Governor's Mansion with the affable J. Melville Broughton, Governor and family. Next full day's session. Then at two o'clock leaving the capitol by U. S. cars and busses for Chapel Hill to witness a demonstration by the U. S. Navy Pre-Flight

Camp Lee, Virginia Sunday Evening

Hello Fred, I guess that you are surprised to hear from me, but I haven't got my copy of the Eagle for the last two weeks and I am greatly concerned about it. Your paper is the best medium for getting the news from home and when it don't come, naturally I am upset. People don't realize the value of the Eagle until they are gone from Cherryville for some time and then they miss it.

I am getting along fine up here at Camp Lee, Va., and I am well satisfied with the army. I am going to school every day now, taking a technical course in warehousing in the Quarter Master School. We are really having some nice weather and I think it is warmer here than in North Carolina. Tell all the boys hello for me until I get home to see all the home folks. I have been transferred and my new address is:

Pvt. Ernest D. Sisk Co. "F" 10th Q. M. T. R. Bk. T-639 Platoon 1 Camp Lee, Ga. P. S. Please see that I get the paper next week and drop me a line sometime.
