

JUNIOR BASEBALL GAMES JUNE 19-22-24

37th ANNIVERSARY EAGLE EDITION JUNE 24th

Hundreds Of Extra Copies To Be Published

This Edition To Contain 32 Pages Or More; Will Be Filled To The Brim With Interesting News, Pictures and Advertisements.

The Eagle will publish its Thirty-Seventh Anniversary Edition next Thursday, June 24th. For the past four weeks the printers have been busy working on the Anniversary Edition. This edition will be filled to the brim with interesting stories of our business concerns and business men, along with pictures of our leaders, homes and street scenes. This publication will have at least 32 pages or more.

Hundreds of extra copies will be printed for the purpose of sending to all parts of the country to relatives and friends. Copies will be mailed as long as they last for 10 per copy anywhere in the United States. If mailed outside of the United States they will be mailed at a charge of 15 per copy.

New Method Of Speeding Up Mail Deliveries Working

The new method of speeding up mail deliveries, through addition of a branch post office number to the address on mail for delivery in large cities, is being placed in operation rapidly. Reports from many cities indicate that it has been received enthusiastically by the public.

Within a few days after initiation of the plan, under instructions of Postmaster General Frank C. Walker, nearly all the postmasters in the large cities affected had assigned postal unit numbers to their branch office, millions of residents had been advised of the number to be added to their addresses, and a considerable volume of mail already was carrying the numbers assigned. By June 1, practically all whose addresses was affected had been notified of their postal unit numbers.

The new system speeds up the separation of mail for distribution to branch offices and permits much more rapid handling of mail by inexperienced postal clerks, thousands of whom have been employed to replace personnel who have gone into the Armed Forces and into war industries. Rapid increase in volume of mail and the loss of some thirty thousand postal employees to the armed forces made it necessary to adopt the plan, in the interest of accurate, efficient mail service and for the relief of postal personnel who are carrying an extremely heavy burden of work. The average work week in the service now is about 52 hours, and in many post offices, employees are working 10 and 12 hours a day, seven days a week, because of local shortage of personnel.

D. M. BLACK TO CELEBRATE BIRTHDAY

Mr. D. M. Black will celebrate his birthday anniversary at his home Sunday, June 20th. Everybody is invited to come and bring a well filled basket.

THE BUG HAS BEEN NAMED AND MATCHED

The strange bug has been named and matched. Mr. Dockman of the Howell Mill might another bug of the same kind to the office Friday. Mr. L. N. Carpenter said the bug was a grampus and was poisonous as a rattlesnake. He stated it was a rare bug in this section but plenty of them could be seen in Florida and other states further South.

Red Cross Bulletin For May and June

HOME SERVICE REPORT MAY	
Total active cases	275
New cases	168
Office visits	247
Home and collateral visits	61
Services	
Emergency furloughs	105
Allotment cases	73
Communications & Information	52
Maternity service	15
Financial assistance	9
Inquiries & Messages	24
Claims, reports, etc.	30
Total services	
Miss Hollowell's new phone number is	836-W.

Mrs. J. D. Wicks is a volunteer home service worker who has given 85 hours of time and made 25 visits and investigations. Miss Elsie Parker, H. S. Field Representative from National Headquarters, was a visitor to the Chapter early in May and attended the May Executive Committee meeting.

Charles Mix, First Aid and Water Safety Instructor from National, was also a visitor for a few hours one day. He was especially interested in having us send a representative to the Aquatic School to be held June 9-19 for white students, and June 21-30 for negroes. We have two to go to the latter.

S O S For Knitters

If you knit, can't you find some one who will volunteer to start a "rarmet"? We need more knitters!

There are 246 ARC workers in North Africa, 60 per cent of whom are women. There are 20 RED CROSS Service Clubs near troop concentrations. A group of high school girls took a course in staff assistance work in May. Lectures were given on Red Cross History and Organization, service of the Red Cross, purpose of the corps, and the office files and procedures were explained. An examination was given and all made 90-100 per cent. Now they are giving 10 hours of service to complete the required 20 hours, after which they will receive certificates, and be allowed to wear the uniform and pin. They have already provided to be of great help in filing typing and keeping records and scrap books. They may also assist other organization such as ration board and civilian defense.

ACTIVITIES OF NEGRO UNITS

Splendid work in sewing is being done in Ebenezer church unit, located near the Cleveland county line.

The Home Nursing class at Belmont is progressing nicely with Exethel James as instructor. Several of the students have made useful improvised articles for home use.

The Executive Secretary made visits to the Bessemer City sewing unit, the Ebenezer unit and the Belmont Home Nursing class. On writing letters to men in CAMP "According to one of them, soldiers want to be amused by their mail. They want news and even gossip of their friends. They want to hear of changes in America that affect our lives and would have affected theirs. They adore receiving snapshots and to learn of the goings-on of their families. They are also interested in how the events in their particular theatre of war are being publicized. Write as you talk. They will be all the more real and important if they are simple, natural."

V-Mail Urged for Soldiers Overseas

Use V-mail and your letters will get there in the safest and speediest way to save valuable cargo space. Instead of forwarding the letter itself, the APO has it photographed on 16-millimeter microfilm. At V-mail station overseas a photographic enlargement of each letter is made and sealed in an envelope for delivery to the person addressed. Here Sgt. Joseph Donnelly of Philadelphia illustrates the difference in bulk between 3,200 ordinary letters and those same letters reduced by V-mail.

Preparations Begun On Cherryville Cannery

Installation Of Machinery To Begin Soon; Building Already Remodeled; To Be Great Asset For Entire Community.

The old Cherryville Electric Laundry Building recently purchased by Carl A. Rudisill has been remodeled, repainted, and a concrete floor laid replacing the old wooden flooring, and other improvements made putting the building in good shape for the Cherryville Community Cannery.

It has been announced by County Agent Maury Gaston that the installation of machinery for this cannery will begin at an early date. It will probably take about a week or 10 days to complete the installation. Tentative starting date for cannery operations has been set at July 1st. Gaston county will have two canneries, one located here and one in Gastonia, both canneries will be open to the general public, and Gaston county consumers are invited to bring their produce to either of the two canneries, the one most convenient for them, to be canned. There is no restriction on the persons eligible to have food canned, it was announced by the County Agent. It is not necessary that you raise the produce yourself, you can buy it fresh at the store and bring it to the cannery to be canned against food shortages expected next winter.

Detailed arrangements as to the cost of canning will be announced within the next few days. Consumers will be charged only enough to cover the cost of operations and cans.

Death Of Little Zelda Ann Sain

Little Zelda Ann Sain, two months old, daughter of Mr. and Mrs. Play Sain died in the Memorial hospital in Charlotte on Thursday, May 27th, following an illness of only one day.

Funeral services were conducted from the home of her grandparents, Mr. and Mrs. C. G. Sain on the following Friday afternoon at 3 o'clock. Services were in charge of Rev. R. L. Fisher, pastor of Bethpage Lutheran church. Burial was made in the Bethpage cemetery. Little Zelda Ann was born on March 23, 1943. Surviving in addition to her parents are two brothers, Newell Dean and Farrell. Her mother was Miss Lois Carpenter before marriage.

Automatic counters on rural roads in 39 states recorded an 56 percent of pre-war normal.

At Camp Barkeley

Corporal Ralph L. Anthony, who recently spent a furlough at home with his mother, Mrs. D. L. Anthony has returned to Camp Barkeley, Texas, where he has been stationed for the past eight months. Since returning to camp he has been transferred to San Francisco, California. His address is: Corporal Ralph L. Anthony 34129990 Co H 2nd Bn 23rd Q. M. Trk. Reg. AH 4573 c. o. Postmaster, San Francisco, California. He wishes to hear from his friends.

NuWay Wins In 3rd Field Day Events

The NuWay won the third in a series of Field Day events, held June 14th, at the NuWay Club house. The fourth and final grand field day will be June 28th, at 6:30 o'clock at the high school. This is the second win for the NuWay. They won this time with 36 points, the Carlton was close with 33 points, the Howell, last weeks winner, was last with 28 points. One hundred and ten children parents and friends attended the event at the NuWay. It is expected that a large crowd will be present for the final event, June 28th. Each group will start out with a grand total of all the points earned in the first three events and the points earned at the final event will be added on to this total. A large banner will be given to the winning group, designating them as the winner for this season. The Howell will start the event with a total from the first three events of 107 points, the NuWay with 92 points, and the Carlton with 86 points. The Howell starts first because of the high score of 54 points for the event of last week, which is the highest score won by any group of the entire series. With the points so close, each group has a fine chance to win in the final round up.

78 DRAFTEES LEFT HERE WEDNESDAY

Seventy eight draftees left here Wednesday morning for Camp Croft, S. C.

- The men leaving were: Frank Cooper White, Dallas; Jake Lamar Rhyme, R. I., Dallas; George Lester Ballard, Alexis; Clayton Pinkney Albright, Alexandria, Va.; David Eugene Carpenter, S. I. Bessemer City; William Hallman, Jr., R. I. Bessemer City; Mack Myers, Gastonia; Paul Sharrack Yarbrough, R-4 Lincolnton; Oscar Claude Carpenter, R-1 Bessemer City; William Ambrose Hendrick, Ferrysville; Elmer Kenneth Wright, Cherryville; Ralph Gardner Wease, Cherryville; Howard Bob Gantt, Bessemer City; John Thomas Brown, Jr., Bessemer City; Johnnie Lee Jarrell, Dallas; Robert Lee Gladden, Lincoln ton; Francis Marion Adams, Dallas; Edgar Ray Black Cherryville; Clarence Flay Huss, Cherryville; Chalmers Curtis Crawford, Bessemer City; Western Cecil Medford, Dallas; Thurman Short, Baltimore Md; Cecil Albert Lew High Shoals; Roy Blaine Walker, Cherryville; Thomas Franklin L. R. McAlister, Bessemer City; Miles Harry Stroupe, Cherryville; David Walter Payne, Milton Florida; Clyde David Robinson, Alexis; Tommy Autrey Carter, Cherryville; William Taft Smith, Cherryville.

"WHITE CANE" SALE SATURDAY

Members of the Lions Club will offer for sale to the public on Saturday, June 19th, miniature white canes as a means of raising funds for their work with the blind and near-blind. Each year the club offers assistance to those who are unable to purchase glasses or to have eye operations performed. The public is urged to lend full cooperation to this drive, as it is a very worthwhile project and is quite worthy of the support of the public. Anyone knowing of some person who needs aid in this respect are asked to report the name of the person to any member of the Lions Club. Help this worthwhile cause by purchasing a "white cane" from a Lion this Saturday. Your contribution will be appreciated.

E. C. Sullivan Buys Out Knight Motors

The Knight Motor Company, owned and operated by Mr. Arthur Knight has been purchased by Mr. E. C. Sullivan. The Company will be known as Sullivan Motor Company. Mr. Sullivan will be assisted in the business by his son, E. C. Sullivan, Jr. Mr. Knight has not announced his future plans.

Cherryville Men Promoted To 2nd Lt.

Fort Knox, Ky.—After being told by Major Gen. Harry E. Hazlett, commanding general of the Replacement and School Command, Army Ground Forces, that the "Army has no place for a young man with bars who cannot compete mentally with the men under them," 53 men received commissions as second Lieutenants in the 38th graduating class of the Armored Force Officer Candidate School here today. Among the graduates were: 2nd Lieutenant Guy H. Howell, son of Mr. and Mrs. C. Y. Howell of Cherryville and 2nd Lieutenant Roy C. Eaker, son of Mr. Clarence S. Eaker of Cherryville.

Will Play Charlotte Here Saturday Afternoon

Game To Begin Promptly At 4:30 O'clock at High School Park; Large Attendance Expected; Play Shelby Tuesday

CPC Association Helps To Increase Production Of Milk

Dairy products have become one of the most important items in the Food for Freedom program, according to M. A. Stroup, Secretary-Treasurer of the Cherryville Production Credit Association. At the beginning of the year the Nation had in prospect a production of 122 billion pounds of milk, Mr. Stroup stated. This was estimated to be 7 billion pounds short of the amount we should have to meet our civilian, military and Lend Lease needs. There has been some shifting of dairy herds because of the draft and labor shortage, and unfortunately in the process some dairy cows have gone to slaughter. The War Food Administration has been urging farmers, particularly the small operators, to aid in the situation by increasing their milk production. The response has been good but the world still needs more milk. The nation's milk supply usually reaches its peak about the middle of June when cows are on full pasture. Farmers should recognize this situation and make plans to combat the usual slump which takes place as pastures dry up and as supplies of supplementary feeds decline. Temporary pasture crops, to lengthen the supply of good hay and silage, during season, and an abundant will be invaluable to the war effort in holding the milk production in late summer and winter, according to Mr. Stroup.

The War Food Administration and the Dairy Industry Committee suggest the following 8-point program for dairymen to enable them to meet the war needs of the Nation:

- (1) Provide abundant pastures. Grow temporary crops to lengthen the grazing season.
- (2) Provide plenty of good hay at least 100 to 500 pounds, depending on the size of the cow.
- (3) Provide abundant silage—at least 2 1/2 tons per cow. French silos may be used where permanent silos are not available.
- (4) Condition cows for freshening. Eight weeks leads to greater milk production. Feed enough to have cows in good flesh at calving time.
- (5) Feed good roughage liberally. It's a natural and cheap feed for cows.
- (6) Feed balanced rations. Adjust grain ration to production and feed 1 pound to each 2 to 4 pounds of milk produced.
- (7) Feed to avoid summer slump. Cows on dry, short or tough pastures must be given extra feed, such as temporary pastures, hay, grain and silage.
- (8) Raise calves with less milk and send more milk to market.

The Cherryville Production Credit Association is solidly behind this drive to meet the milk requirements of the Nation and is ready to back it up with the services of the entire organization," Mr. Stroup said. "The Cherryville Production Credit Association has already this year made loans for dairymen purposes in the amount of \$21,365.00. Credit is abundant for this purpose and deserving farmers will have no difficulty in obtaining the financial assistance necessary to carry out the War Food Administration 8-point dairy program."

ROYAL CROWN RC COLA

The Tryon Post No. 100 American Legion Junior base ball team will open its 1943 season here Saturday, June 19th, when the Queen City boys from Charlotte come here for a game at the high school park at 4:30 P. M.

This year's Juniors are the best the Post has had in a number of years, and although they may not win the championship, will give some of the teams great competition and some real base ball games can be seen here.

The local Juniors lost the first elimination game to the Shelby Juniors at Shelby Tuesday night, 12 to 7. The local lads showed some real power at the plate, securing 13 hits off the pitching of Blanton and their ace, Lefty McKee.

Next Tuesday afternoon the local Juniors will play Shelby here and next Thursday afternoon, June 24th, Gastonia will come here for an elimination game. All games will begin at 4:30 P. M. and will be played at the high school park.

A large crowd of fans are expected here at the opening game Saturday when Charlotte Juniors will come here for an invasion. Admission charges will be 30c. Service men in uniform and ladies will be admitted free. Show the boys you are backing them with your presence next Saturday afternoon.

A double page advertisement appears in this issue sponsored by Textile plant, Trucking Companies, Merchants and Business men. These firms are behind the Juniors and are urging the public to attend all home games and give them your support.

Shoe Stores Here Have Biggest Days In Their History

The shoe buying wave, which started last week as the deadline for the use of stamp No. 17 approached, continued more than ever Tuesday as the expiration of the stamp expired on June 15th. Stamp No. 18 became valid on Wednesday for one pair of shoes and will be good through October 31, 44.

Saturday was one of the busiest days in local shoe stores in history. Some dealers said that the buying approached a stamp rush. A survey of other cities indicated that shoe stocks were rapidly depleted but customers were described as being ready for the most part to take any kind of footwear regardless of style. The fact that the next rationing stamp will not be good until the last of October means that children will have to go through the summer without getting additional shoes, if they are to have a new pair with which to start school.

RED CROSS SURGICAL DRESSING ROOM

The Red Cross Surgical Dressing Room will be open tonight from 7:30 until 9:30. At this meeting the gauze on hand will be made into surgical dressings. The local Red Cross has not yet received their allotment of gauze for the month of June.

The dressing room will be closed until further notice. As soon as more gauze has been received the dressing room will be reopened. Watch the Eagle for further notice.

A combat soldier's daily food weighs about 5 1-2 pounds, while a civilian's averages three lbs.
