Rudisill Reunion Held Last Friday

The descendants of Emmanuel Rudisill met at the Rhyne-Houser Club House on Friday, August 27, 1943 for their annual reunion. Heretofore the reunion has been held at the old home place or near there, but it was decided to have the reunions henceforth at the Rhyne-Houser Club House.

The three living children were present. They are: Mrs. Preston Miller of Chester, Va., Mr. Martin L. Rudisill of Cherryville and Mr. J. D. Rudisill of Crouse.

After the sumptuous meal, a musical program was rendered by the youngest descendants, which represented the great-great-grandchildren.

One hundred and thirteen members of the family and seventeen visitors were present. Quite a few of the great-grand children are serving with the armed forces throughout the world.

That Nagging Backache

May Warn of Discarded Kidney Action
Modern life with its heavy and varied irregular habits, improper eating and drinking—the risk of exposure and infection—have been the cause of the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, swelling up, itching palms, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. See many names of grateful users everywhere. Ask your doctor!

From where I sit...
by Joe Marsh

At Jeb Crowell's the other day, we were havin' a glass of beer or two and talkin' about the kind of world there'd be when Peace came.
"Hear they'll have trans-Atlantic airplanes flyin' regular as taxi service," says Ed Carey.
"Yep," says Will Frost, "and television and plastic cars and air-conditioned homes and super-duper highways."
Finally, Doc Mitchell chimes in. "You know," he says, "we're talkin' about the future in terms of luxuries—like air-conditioned houses and television.
"But what really will shape tomorrow's world is what goes on in men's own hearts... like tolerance and understanding."
And from where I sit, Doc's right. Whether it's tolerance of another's politics or respect for a neighbor's right to enjoy a glass of beer occasionally, tolerance is a mighty good foundation for a peacetime world.
