Of Course You're Thrilled, Young Lady!

... So many things have been happening since school started... so many new friends to talk to, and so much to talk about.

Certainly you're thrilled, young lady! But before calling, please remember that all telephone lines are crowded now. If you're a party line user, it's especially important to avoid unnecessary calling—and to speak briefly always. Telephone materials aren't available to build enough lines for everybody, so we must make the most of the facilities we have.

Your help in keeping the lines clear will be appreciated by a lot of people.

Mrs Butler Entertain At Pretty Party

Mrs. S. M. Butler entertained at her home Saturday evening at bridge, honoring Mrs. W. A. Hoover of Murphy, who is visiting her mother, Mrs. E. C. Sullivan.

Fall garden flowers and dahlias were used in the home. After four progressions, a sweet course was served. The hostess was assisted in serving by Mrs. M. A. Stroup and Mrs. Robert Carpenter.

An honor gift was presented to Mrs. Hoover. High score prize went to Mrs. Dewey Heafner and floating prize to Mrs. Edwin R. Rudisill. Mrs. Bob Beam, recent bride, was presented a gift in her chosen crystal.

Guests present were: Mesdames W. A. Hoover, Hunter Rudisill, Orlando Hudson, W. F. Starnes, D. R. Mauney, Jr., Bob Beam, Hillard Harrelson, T. A. Carter, Dewey Beam, Ed Naylor, Dewey Heafner, Russell Boggs, Howard Allran, F. M. Houser, C. A. Rudisill, Robert Carpenter, W. T. Robinson, Garland Sherrill and Lula Belle Robinson.

MAYOR URGES SUPPORT FOR SCRAP DRIVE

Urging every man, woman and child in Cherryville to hasten the day of victory by salvaging needed scrap materials, Mayor E. V. Moss today pledged full support to the local salvaged campaign.

"By turning over to the Salvage Committee of Cherryville every available pound of old materials, we all can make a direct and helpful contribution to our national Victory effort."

"Every 50 pounds of steel means another 105 mm shell; a discarded doorknob will help to make dozens of cartridge cases; 25 tons of steel will make another tank."

"I call upon every resident to search his home carefully from cellar to attic, looking for scrap iron and steel, copper, brass, zinc, aluminum, rubber, rope, burlap. Every one of those materials is needed today by American industry for manufacture of weapons and equipment for our armed forces."

"There are many tons of valuable scrap in Cherryville. We must collect every pound of it and see that it gets into America's war plants. Our steel mills, tank factories, shipyards, airplane plants and other war industries are already exceeding their former production records. We can help them attain even higher production by sending them all the scrap materials we can find."

"As you search for scrap in your own home, remember that the scrap you are looking for will give our armed forces more weapons to win a quicker victory."

Signed: E. V. MOSS, Mayor Town of Cherryville.

HOWARD DAVIS GROWS 65 POUND PUMPKIN

Howard Davis has broke all records in growing pumpkins so far. Mr. Davis brought to the office Wednesday morning a pumpkin which tips the scales at 55 pounds grown in his Victory garden. Mr. Davis has the pumpkin on display here at the Eagle Office and it speaks for itself.

Captain Eddie Rickenbacker, air ace of World War I, urges redoubled efforts in the scrap metal drive. He says: "Having visited all the battlefronts throughout the world, including Russia, it is evident to me that the ever-increasing demand for munitions and war weapons will bring about a demand for scrap iron and steel during the balance of 1943 and 1944 unparalleled in the history of any nation... we in America on the home front have millions of tons of scrap iron and steel lying around idle and being dissipated by the elements if every man, woman and child over ten years of age gave only one hour of their time to this salvage drive there would be millions of tons available for the protection of our fighting men."

Wholesale and retail merchants of the Southeast will have an opportunity to discuss their distribution problems with War Production Board and Food Distribution Administration officials from Washington in a series of conferences scheduled this month for Vicksburg, Miss., and Atlanta, Ga. Any merchant actively engaged in the wholesale or retail business, or any executive representing his store, may arrange a 15 minute individual interview by writing the War Production Board office in the conference city nearest him. Conferences in Vicksburg, Miss. (arranged through the Jackson, Miss., WPB office) will be held October 18, 19 and 20; those in Memphis, Oct. 21, 22 and 23; and those in Atlanta, Oct. 25, 26 and 27.

Aid to Enemy "Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy... We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' — Secretary Morgenthau.

ABOUT SOCIAL SECURITY

WHEN JOHNNY COMES MARCHING HOME—SOME BODY WILL BE OUT OF A JOB

Two days after Pearl Harbor Nate enlisted in the Army. A few days later Sam joined the Navy, and shortly thereafter, Dick was in midocean with the Marines. All of them left fairly good jobs—with the assurance from their employers that jobs would be waiting when they returned.

The father of three children took Nate's job in the bank. A young woman, the sole support of her mother, replaced Sam in the drafting department of a mill. A veteran of the last war had Dick's job in a drugstore. Now—When Nate and Dick and Sam come home to stay, somebody will be jobless. As a matter of fact men and women in every state of the Union will be looking for jobs when the fighting is over and war production work comes to an end. Many of

the workers who have flocked into industrial centers within the past two years will find themselves without jobs and without money. Under the Social Security Act there is provision for unemployment compensation on basing the rate for the worker and his family to live on when wages stop. The purpose of unemployment compensation is to provide regular weekly payments for insured wage earners who are temporarily out of work. The amount of such benefit payments in most states is about half of the worker's regular full time weekly pay up to a certain maximum. Some states provide benefits for 20 weeks, others for 16 weeks. The duration of benefits depends somewhat upon the wage record of the claimant—the length of time he was previously employed, and the amount of his earnings. In 1940 more than half of all the workers in the United States receiving benefits were still unemployed after they had exhausted their benefits. In one state 80 per cent of the insured workers used up the benefits they were entitled to claim before they found jobs.

At this time there are 10,500,000 persons working for industrial or business concerns that are subject to State unemployment compensation laws. Many of them will be left without jobs when the war plants close. It stands to reason that Employment Security offices all over the country will be flooded, then, with applications for job insurance. Some of the states will have enough funds in reserve to pay the claims. Other States—particularly those where concentration of war work is high—may not be able to carry the load. The Social Security Board recommends a national pooling of unemployment reserve funds to meet requirements of the national unemployment situation which is expected to follow the war. "Instead of one national system with adequate and uniform standards for all workers, we now have 51 separate systems," a member of the board said recently. To attempt to deal with unem-

"Ironmen" To Play Belmont Here Friday

The Cherryville "Ironmen" football team will play the strong Belmont Abbey Ramblers on the local athletic field at 3:30 o'clock Friday afternoon.

Within the last two weeks Cherryville won over Crumpton, 13 to 0 and lost to Shelby 12 to 0 on a muddy field. Our boys showed a good offensive in downing Crumpton with Bob Franklin scoring both touchdowns, one off left tackle and taking a pass from "Deed" McGinnis for the other. Tommy Summer has been showing up well in the line. McGinnis was the snarling for Cherryville in the Shelby game. The Ironmen threatened twice but were unable to score.

Belmont Abbey lost to Lenoir, 18-6 and won over Gastonia B squad, 21 to 6 in previous games. The High School band will be on hand for some good music and a large crowd of football fans will be present to urge our team on to victory.

ployment on a separate state basis without national pooling is short sighted. It is like the house holders of a city, each attempting to protect his home against fire but putting a little water tank on his roof. It would be much simpler and more effective if the water supply were pooled and available to any house which might happen to be in danger. Just so a national pooling of unemployment compensation funds would provide much more protection to each state than could be achieved through the use of its own resources alone.

What You Buy With WAR BONDS Services

On Sunday morning as you sit in church and see the vacant places in the choir and wonder where the war has taken the young people from your community you may feel certain that they are attending divine services if circumstance permits.

Chaplains and choral leaders are found on the larger ships and even abroad in the Army centers. Millions of hymnals have been distributed to the men and women of all services and you may rest assured that a portion of the savings you are placing into War Bonds is used for their spiritual welfare.
