LETTERS from Our Boys In The Service

The following is an exact copy of a letter received from a soldier who has just completed an Airplane Mechanics course at one of the training camps on Thanksgiving Day.

I am undecided whether to call this an eventful or uneventful day. My day started this morning at six only to be greeted with the fact that I was one of the chosen few to serve K. P. at field test. We departed from our beloved 307 at about 8 o'clock and arrived upon the scene at about eight-thirty. I, as yet, can't figure out whether that Sergeant S. My Love to all BROTHER

ICE COAL WARM MORNING HEATERS Cherryville Ice & Fuel Co. QUALITY—SERVICE APPRECIATION Phone 3231

Dear Fred: I received the Eagle almost every week and read it with lots of interest, then pass it on to my good friend Marvin Sneed who once lived near Cherryville.

Fred I always love to read the letters you publish from the boys in service. To my surprise I read in your paper of Lawrence Stroupe being in Africa and having the privilege of being filmed while in action, on a well known hill. Well I was there too and sorry we did not meet.

Well Fred you always cover the news so thoroughly in and around Cherryville till I feel it is useless to ask you how things are coming along in the good old town. Your paper is worthy of the good people whom it serves.

Keep the Cherryville Eagle flying overseas to the local soldiers and WACS. We will do our best to fly the Eagle of Victory back to you and your co-workers.

A friend Pvt. James C. Stroupe Bldg A 58th Armd F. A. Bn APO 758 Postmaster New York, N. Y. U. S. A.

In England Nov. 16, 1943

Dear Fred. It seems I have waited a rather long time before I decided to write you, but I just wanted you to know what a swell job you are doing in getting out such a paper to the boys across the big pond. If they are half as glad to get their copy as I am you can personally pat yourself on the back. I always look forward to getting my issue, and sometimes I get two at a time. But I always read them from the front to the back cover.

Fred I have enjoyed my stay in England very much in fact I have been from one end to the other of the British Isles, but am ready to go home any time they say so.

I have definitely decided that there is no place like North Carolina and I think that the rest of the boys who have left from there will agree with me. "Right Motes" It is also one column that I never miss and that is the Letter Box.

It let me know how the other boys are getting along at other places. Fred one of the most interesting places I have seen was in Scotland, and that was the well known Lake Lomond, a very pretty place indeed. It puts me in mind of Lake Lure. Well Fred as this is very short I will close for now and hope that you will keep the Eagle right on the beam.
