

-get that extra War Bond NOW!

Will you be showing this Badge of Honor in your window?

It's the sign of a well-financed farm or ranch, too!

The Fourth War Loan is not every farmer, every rancher in America will find the greatest offensive yet... the buying of more War Bonds than he has ever bought before.

There are lots of other places we could be putting our money, sure? And there are lots of other places our lives could be than in the holes and tin trenches. But none of those other things we'd rather be buying or doing than to anything right now. The boys are doing their job. We've got to do our share, too. We can scrape together an extra War Bond with it!

And what a lot of sense it makes to get all War Bonds are the safest and best financial

investments ever offered us. We will have buildings to repair, machinery to replace, and improvements to buy later on. Where's the money coming from if not from today's earnings? And where's the money coming from for that long vacation for the children's education for their future?

Take a look at the types of War Bond in circulation that are offered. Pick the type that suits your particular needs. And then write out and check your bank and order Bonds away from your postmaster, your bank or your Production Credit Association. You will look back on this day as the wisest day you ever lived!

This window sticker identifies you as the purchaser of extra War Bonds during the Fourth War Loan. It is a badge of honor to be displayed with pride. Be the first in your neighborhood to have one. Buy an extra War Bond today!
