Ironmen Tied By Newton 7-7

Play Kings Mountain There Friday

Friday afternoon the Cherryville Ironmen and Newton Red Raiders battled to a 7-7 deadlock. The game was very exciting and hard-fought. The Ironmen dominated the play in the first half and led by Hugh Dellinger drove to Newton's eight-yard line but failed to score. Newton kicked out of danger to end the half. In the second half Newton scored first on a pass interception and made the extra point. After the kick-off the Ironmen scored in three plays. After one pass failed, Hugh Dellinger passed to Howard Henkle to Newton's eight-yard line. Dellinger plunged for the score and Sigmon made the extra point. Newton took the kick off and tried three passes which failed and the ball game was over. Leading the Ironmen in the line were Summers and Elliott and in the backfield it was Hugh Dellinger and Sigmon and Henkle. Let us at this time give a brief outline of the outstanding players of Cherryville's Ironmen. On the line we have Ends Voyde White and Yates McGinnis (McGinnis having broken his arm in early part of season); Tackles Cone Moss and Edward Elliott and Center Harold Blackwood. Of this line Summers, Black, and Elliott are most outstanding. Summers' weight 188 lbs. and stands 6' 2" and Elliott stands 5' 10" and weighs 140, while Black stands 5' 9" and weighs 160 lbs. Summers is a senior and a candidate for the Shrine All-Star game. Cherryville this year has one of the best backfields it has had in years. Leading this backfield is Captain Hugh Dellinger, considered by his coaches as the best in the Conference this year. He stands 5' 10" and weighs 182 lbs. He also is a senior and a candidate for Shrine All-Star game. Another back is J. T. Sigmon who is 5' 10" tall and weighs 170 pounds. He's a great defensive player and a hard runner. Howard Henkle is the speed boy of the backfield. He is 5' 10" tall and weighs 145. He is the fastest man on the team. He can run, kick, and pass. A senior and also a Shrine All-Star candidate. This is Henkle's first year of football and he has shown up exceptionally well. Next are two boys who are also first year men. Both are exceptionally fine backs and are considered by their coaches as regulars. They are Carol Wright and Tom Quinn. Wright stands 5' 9" and weighs about 135 while Quinn is 5' 9" and weighs 130. These boys may be small but they pack power when they run or tackle as their opponents will tell you. The Ironmen have played their last game of the season at home. They play Kings Mtn. in Kings Mtn. Friday and go to Morganton for a game with the N.C.S.D. the following Friday. The crowd at the last two games were not so good and we hope that the people of Cherryville will come out next year and support their teams in a big way.

Six-Inch Sermon

The Church During War And Peace. Lesson for November 12: Isaiah 2:2-4; 9:6-7; Matthew 5:23-48; Romans 13:1-7. Golden Text: Matthew 5:9. Beginning with Isaiah's picture of Christ's Kingdom as one of righteousness and peace, and continuing with a prophecy of the Prince of peace (Isaiah 9:6-7), we come to the teaching of Jesus concerning love to enemies. We find a contrast between love to neighbors with hatred of enemies. In the latter we have the example of God Himself, who sends His blessings on all alike. From Paul's teachings of the origin of government we conclude that good citizenship is Christian duty. During war the Christian's attitude should be determined by his duty of allegiance to constituted authority. Violence done by an individual in defiance of law is different from that done by the Government in opposing violence. The Church should support the Government in opposing violence, while urging that war be waged without hatred and with the aim of bringing a just peace. In time of peace, the Church should labor to inform, inspire and support the government in putting down the enemies that attack the country from within. These enemies know no true respect for rights, regard not the morals and welfare of our people, and seize the opportunity to work their evil within the country while war is being waged upon enemies without. Eternal vigilance and determined opposition to monstrous evils in our midst will be the price of safety. And the people have the right to expect that the Church shall lead in making our country safe at home.

Red Cross To Handle Request

ATLANTA, Ga., Nov. 6.—Requests that soldiers be brought home from overseas because of family hardship must now be made only through the American Red Cross, Major General Frederick E. Uhl said today in explaining a change in War Department procedure. Under a second change, the Commanding General, Fourth Service Command, continued, Army Agencies will no longer request theatre commanders to report on the physical condition of individuals overseas. The change has been imposed by the growing volume of such individual inquiries and by the heavy military load on available channels of communication. As before the adjutant General's Office in Washington will report serious illness and any material changes in health to next of kin as a matter of routine procedure as rapidly as information is received from overseas. The Army memorandum directing the change says in part: "in the absence of such report it may be assumed that the individual's condition has not changed materially. The new method of requesting return of a soldier from overseas because of family emergency places first responsibility on the local chapter of the American Red Cross, which makes the initial investigation of family conditions. The report and the request are then forwarded together by the Red Cross to the proper theatre of war commander, who makes the final decision and takes final action.

WOUNDED CHERRYVILLE SOLDIER RECOVERING IN ENGLAND

A U.S. GENERAL HOSPITAL, England.—Wounded by enemy shrapnel in defensive position just before the initial attack on St. Lo, Private Abraham B. Morrow, 23, of Cherryville, North Carolina, is now recovering in this United States Army general hospital in England. He has received the Purple Heart. His ward surgeon, First Lieut. Franklin G. Osberg, of Denver, Colorado, said, "Pvt. Morrow is recovering splendidly, and soon will be able to exercise in the hospital grounds." "We were on the receiving end of heavy fire from 88's and mortars," Pvt. Morrow, an Infantry machine gunner, said. "In various skirmishes I accounted for over 20 Jerries. Two of us got a German patrol party of 16 in our cross fire, and not one escaped. A sniper got one of my buddies, and I got him with a quick shot from the hip with my rifle." "When I was wounded," Pvt. Morrow continued, "I had just dug in, and shells were landing all about us. An 88 hit a tree just above me, and fragments struck me in the left thigh and in the abdomen. I received first aid within 15 minutes, and was later evacuated to England by plane." Pvt. Morrow's parents, Mr. and Mrs. A. B. Morrow, live at the Cherryville address.

That Thanksgiving Dinner

All housewives know that the best recipe for a successful Thanksgiving dinner is to plan the menu well in advance, to prepare the food, whenever possible beforehand, and to be thoroughly foresighted about all details.

For example, these days of rationing can become a veritable nightmare if there aren't sufficient coupons in the family ration books. It will be a good idea to list all items needed for the holiday dinner and the quantities. Along side of each item mark down the required points. When upon totaling you discover that you have on hand, substitution of items of less point value will help you to balance your ration books.

In many kitchens the actual preparation of the festive meal means that every pot, pan, dish, fork and spoon come out of their hiding places and are piled helter skelter cluttering up valuable working space. This is not only inefficient but dangerous, and can lead to accidents that involve cuts, bruises and burns. Should you burn yourself, don't ignore it with a "haven't-got-time" attitude. Spread petrolatum, also known as petroleum jelly, on gauze and place on the burn. Then cover the dressing, don't put too tightly, with a heavier bandage. If the burn is deep or covers a large area, call a physician immediately.

It's a good idea to keep your kitchen clear of unnecessary items. pause a moment, clean it up. When you have used a utensil and then replace it in the cabinet. Dispose of vegetable parings and other refuse as quickly as it accumulates. Be sure, too, to wipe up anything, even plain water, that spills on the kitchen floor. Slipping and falling has sent many a good cook to the hospital. And when you lift the lid of a pot or pan, lift the far edge of the lid first so that steam will escape away from face and hands. Another precaution is to turn pot handles away from the edge of the stove so that they can't catch in your apron and tip as you brush by.

THANKSGIVING SET NOVEMBER 23

WASHINGTON, Nov. 2.—President Roosevelt today proclaimed November 23, the fourth Thursday of this month, Thanksgiving Day, thus following the law enacted by Congress Dec. 26, 1941. Five states plan to observe Nov. 30th, the last Thursday by local choice.

In his annual proclamation, the President called on the nation to read the Holy Scriptures from Thanksgiving until Christmas in thanking God for restoring freedom to many millions in "this year of liberation" and for the "promise of an enduring peace."

The complication of two Thanksgiving days is continuing this year despite congressional action to end the Roosevelt experiment of an earlier Thanksgiving started in 1939 because this month has five Thursdays.

Forty-one states and the District of Columbia have fixed Nov. 23 for the holiday in line with a federal statute, but Florida, Idaho, Nebraska, Texas and Virginia plan to observe November 30. In two states, Arkansas and Georgia, there is a possibility that both dates will be recognized. When the President first tried out the week earlier date in 1939, many governors ignored the change and fixed the traditional fourth or last Thursday. November, set first by President Lincoln in 1864.

The 1941 joint resolution approved by Congress and the President fixed the future date as the fourth Thursday. On top of this many states passed laws regarding the holiday.
