Committees on clubs and Scouting will make reports at the regular meeting on Saturday evening, February 12th.

Cherryville Loses To Lincolnton

When the Cherryville High School Basketball team journeyed to Lincolnton Monday night they dropped a double header to the Wolves High. This was the first loss of the season to the "Ironwomen" which was a thrilling game from the start to the end.

Coach Carson said to his girls after the game, "Go and play with all you got, then after the game is over forget it and play hardest the next time." I agree but still our girls wasn't up to par in playing. Coach Jack Kiser's Lincolnton Wolves sees it.

Kiser's girls got off to a fast start and always stay ahead by one point.

After a pep talk to the girls by our Captains Jean Randall and Isabel Goins, they show much more spirit in them to fight for the game. With Jackie Helms, Bobbie Ballard and Nelle Dellinger good shots to count 22-21 by the third quarter in favor of Lincolnton. The "Ironwomen" couldn't overcome the one point by the first by the fast-stepped Forwards, Abernethy and Goodson when the game ended by 24-32 with the ball in Cherryville's hands. Coach Carson has one of the best teams in the Western Conference and hope to be on top by the time the season is over.

YOUR STATE FORESTER SAYS

The average U. S. Farmer has 27 acres of woodland, enough to grow a new six-room house annually.

Long before supplies of oils and minerals become tight, says Secretary of Agriculture, different forms of wood will increasingly be used to supplement them.

Despite modern equipment and improved techniques, man cannot compete with nature in scattering seed for new forests.

Timber felled 35 years ago furnished good plywood this past summer. Logs had been on the ground all that time, but rot had touched only the outer few inches.

The 1945 Census of Agriculture is now being taken and Dean L. S. Schaub of State College urges all farmers to cooperate with the representatives of the Bureau in obtaining full and accurate information.

Total farm employment in the United States has been at a record low every month since February of last year. Hired workers on the farms were 9 per cent less last December 1 than a year ago.

President C. S. Bunn of the N. C. Swine Breeders Association announces that this organization will hold its annual meeting this first week in February in Raleigh during the Farm Bureau Convention.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.
