Red Cross Drive Progressing Nicely

D. R. Mauney, Jr., Chairman, Urges Every One To Push For a Final Finish By Sat.

Our Red Cross chairman, D. R. Mauney, Jr., has been attending court in Gastonia this week and we were unable to get direct figures as we go to press this morning, but we understand the drive is progressing nicely. Saturday, March 17th, is the last day and each one is urged to make every effort possible to see that each one in their territory has been worked and final figures in by Saturday. We have not reached the quota yet, but only like a few hundred dollars and we feel sure it will be met by Saturday if each one puts forth every effort to meet the quota given each division.

The Eagle Completing Installation Of New Equipment Now

The Eagle ran an article a month ago today, saying that we were immediately installing quite a bit of new equipment. It was the intention of the Eagle to begin that week to install the new equipment, but due to shortage of labor we are just now getting a part of the equipment in. This week a part of the equipment, including a large assortment of type, spacing material, type cases, rules, ornaments, slugs, leads, Linotype metal, furniture, etc., have been moved from Conover here. More will be brought in before the week is over.

The Eagle offers apologies to its customers who have patiently waited for their work. With the labor shortage as it is today and with the security of material it has been impossible to get all of our work out on time. We hope to be able to give much better service, with the new equipment and material.

We have purchased all the entire equipment of the Conover Printing Company, which was formerly owned by Mr. Beck Moehlman, known to many Cherryville people as the ringmaster, for the two horse shows we have had here.

We will now be in better shape to serve our customers and the entire Job Printing department will be under the supervision of a man who has had 32 years experience in this kind of work.

We wish to thank our customers for their kindness and patience and pledge ourselves to give the best possible service under the present circumstances. Dial 2101 or 2501 the next time you need printing of any kind.

Dora Booster Club Has Fine Meeting

Mr. Schiele was introduced by Rev. W. Luther Hawkins, Scoutmaster of Troop 1. The Scout executive illustrated his talk with technicolor movies of the Boy Scout Camp at Lake Lanier, near Tryon, N. C.

Rev. L. P. Barnette was appointed as representative from the Club to project a program of Scout Cubbing, to be sponsored by the Dora Club.

Pvt. A. B. Morrow At LaGarde Hospital

A machine gunner of the 121st Infantry Regiment is Private Abraham B. Morrow, now a patient at LaGarde General Hospital, in New Orleans, Louisiana.

After basic training at Fort Jackson, S. C., Private Morrow spent some months in England and Ireland before landing in France on July 4th. There was heavy fighting during the following weeks and on July 23, he was put out of action by shell fragments, near LaHaye de Puits. The shelling was so heavy he did not call aid men but managed to make a tourniquet with his belt to stop bleeding. When fire slackened, aid men took him to an aid station where he received blood plasma and later when taken to the evacuation hospital, he was given blood transfusions.

"One night, while in a foxhole," said Private Morrow, "the shelling was heavy, when suddenly someone jumped in the hole with me and said 'Move over buddy', it was a Negro truck driver, who had been driving through the area. I often laugh when recalling this incident, but at the time saw no humor in it."

During his stay at LaGarde, Private Morrow will have the benefit of the Educational and Recreational program and the facilities of the Entertainment and recreational activities by which he may better fit himself for his return to duty or to civilian life.

The parents of this soldier, Mr. and Mrs. A. B. Morrow, are residents of Cherryville, N. C.

Cherryville High To Play First Game Tuesday

Hugh Dellinger, who will be Cherryville's pitcher will surprise the fans when he goes on the mound to pitch. Dellinger hasn't had as much training as the other boys I have mentioned, but with a little practice we are expecting him to fall in the shoes of Ray Green and show both the Cherryville fans and the opponents some exciting games.

Other boys who are out and bear watching are: Blackwood, McGinnis, Crowder, Robinson, Hayes, Van Dyke, Randall, London, Rudisill, Carpenter, Wayne Fronberger, Merrill Summer, Ned Beam, and Blaine Fronberger.

Cherryville High Ready For Baseball

Cherryville high is in full swing now for the coming baseball season as Coaches Carson and Quinn are giving the boys good workout daily. Many boys have been out for practice and are eager to start.

We have with us this season some former players who were stars of last season and of the American Legion team. With this experience, Cherryville is expecting to be one of the leading teams in the conference.

Some of these experienced boys are Howard "Speedy" Henkel, who has nothing but baseball in his blood and who has been an outstanding star for the past few years. We are expecting "Speedy" to make an outstanding record this year and when the season is over every Cherryville fan will want to shake his hand for his fine performance.

Also we will have Tom Quinn and Carroll Wright who know how to handle a ball. Both Quinn and Wright have made a great showing and are eager to show their opponents what they can do this year.

Tom Summer is another star who bears watching as the season progresses. Summer may be called upon to help pitch some during the season as Hugh Dellinger who will be on the mound for Cherryville, will need some relief. Summer says he is ready to play any place Coaches Carson and Quinn may desire him to play. Summer will be capable to play either position.

This Tribute Goes To Employers Here

Last week the Eagle paid tribute to the working man of Cherryville. Today we stop to say a few words about the employers of the working men and women of our town.

Were it not for the type of men who have been the employers, superintendents, and overseers of our public works here, the best we made last week could never have been made. Only happy men and women will work year in and year out without serious trouble. We believe that the thing that made it possible for Cherryville to say that in its history there has never been a serious labor dispute is that we have always had employers, superintendents and overseers that understand the people employed under them. Men like Carl Rudisill, Sam Butler, Wert Rayne, Carlyle Summer, Howard Houser, Harry Stroup, George Jones, Dave Rudisill, Dave Mauney, W.R. Lacey, Jr., Ed Rudisill, Frank Mosteller, Mable McGinnis, Grier and Dewey Beam, G. L. Jones, and the merchants and business men of this town know how to get along with people.

as we said last week, there are no "high hats" in Cherryville. Our employers have all come out the hard way and know how to appreciate other people. They know how to meet men on an equal basis. They are fine men, and we are glad to say a few words in appreciation of them and their splendid service to the community.

It would be dishonest to say that there has never been any differences between any of our laborers, superintendents, overseers, merchants and business men. More power to them. If we keep on as we are going, there will never be any serious labor trouble in our town.

Our observation is that most of our Southern industrial communities would be the same way if outsiders would let them alone. Here's hoping that labor disturbers will stay away from us, and let us continue happy in our patriotic duties.

CARD OF THANKS

I wish to thank all my friends at the Rhyne-Houser No. 1 and 2, Howell Mill, Navay Spinning Co., Dora Yarn Mill and the Business places in Cherryville for the donations received on my hospital bill and artificial foot. I shall receive soon.
